## CHANGES IN THE DIPLOMATIC SERVICE

Lodge May Succeed Reid at  
St. James' Court.

## GENERAL SHAKING UP

Many Important Changes Are Determined Upon—Banker Schmidlapp Goes to Russia—Huntington Wilson Will Be Ambassador to Turkey.

A general shake-up in the diplomatic service is scheduled for February 1, according to gossip around the dinner tables in Washington official society. It is stated that President Taft has decided to leave all diplomatic selections save one to Secretary of State Knox and his departmental advisers, and that a number of important changes have already been determined upon. The one personal appointment which the president will make is that of J. G. Schmidlapp, of Cincinnati, to be ambassador to Russia, to succeed William Woodville Rockhill.

Mr. Schmidlapp, who is a prominent banker and a man of great wealth, is a warm personal friend of President Taft.

Senator Henry Capot Lodge, of Massachusetts, is slated to succeed White-law Reid, of New York, as ambassador to the court of St. James. Rumor to this effect has been current from the time it appeared that Mr. Lodge would have difficulty in securing reelection to the senate. It has been denied, but the report is most persistent now that the senator is preparing to announce his retirement from the contest for the senatorship, and will enter the diplomatic service.

Huntington Wilson, now assistant secretary of state, will be made ambassador to Turkey, according to this gossip, which has it that Mr. Wilson is exceedingly desirous of securing this berth.

Thomas J. O'Brien, of Michigan, ambassador to Japan, will be transferred from Tokio, it is said, to one of the

important European posts, just which one it has not been determined as yet.

Former Vice-President Charles W. Fairbanks, of Indiana, will garner one of the ambassadorial plums, and may be named as the successor to Mr. O'Brien, although it is understood that he prefers to go to Europe.

Senator Beveridge, of Indiana, who is one of the more prominent senatorial lame ducks as a result of the recent election, is talked of for a diplomatic appointment, but it is understood that the president has not waxed enthusiastic at the suggestion, and it is altogether improbable that more than one ambassadorship would be given to Indiana. Nothing less than an embassy would be inviting to Senator Beveridge.

It is stated now that no changes will be made for the present in the diplomatic representation at Paris or Berlin, but in view of the tip that a general shake-up is at hand shifts may be made in these important posts.

Not the owners, tenants, occupants or building inspectors were responsible for the factory fire of a fortnight ago in which twenty-five girls lost their lives, but the laws of the state of New Jersey. Such was the finding of a coroner's jury.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
