**ALL DAY SINGING**

On Sunday, March 23, the writer and Mr. C. M. Cassell attended an all day song service at Green River church, in Henderson county, conducted by Prof. E. A. Ward.

Song service opened by devotional exercises. After the singing of several songs John L. Orr of Hendersonville addressed the people on "The Importance of Music." The meeting then adjourned for dinner.

After partaking of the excellent dinner spread upon the grounds we reassembled and spent the time until 4 o'clock in singing. Choir conductors taking part were Messrs. E. A. Ward, C. M. Cassell, J. G. Patterson and the writer.

The music was greatly enjoyed by a large and appreciative audience. The Green River choir will stand a good chance of getting the prize at the county convention, which convenes at Hendersonville June 1st. **WHIT HENDERSON.**

**ORPHANS' SINGING CLASS**

Since the days of John H. Mills, first superintendent of the Oxford orphanage, a singing class from that institution has annually made a tour of this state, until now it has become so well known and the concerts by these little ones are so much enjoyed that the people have come to look on the class as one of our state institutions.

This class started out on Monday for another of these tours which will cover almost the entire state before it is completed, with two rest spells of two weeks each to break the tedium of the tours.

Much success to this class of singers which represents the cause so near the hearts of the good people of this state.

**United States Ranks Tenth.**  
In the production of rice and coffee the United States ranks tenth, compared with other countries of the world.

**Washing Soiled Greenbacks.**  
A soiled greenback is restored to its original glory by washing and ironing at a cost of one-tenth of a cent.

**In the Majority.**  
Any man more right than his neighbor constitutes a majority of one at ready.—Thoreau.

**Microbes in Your Scalp**

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

**Dogwood Wanted**

Delivered at the rear of Jenkins store. Instructions for Dogwood Timber as it should be cut: The timber must not be under 5 inches in diameter at the small end. It must be straight and shall be cut where it is crooked. The length of timber from 3 feet up to 8, 9 or 10 feet. The length of timber is no difficulty, but must not be shorter than 3 feet, as clear of small knots as possible; 2 or 3 knots will not condemn it. Cut all sticks so that when we square the ends by cutting off the spurs the sticks will measure the lengths intended. All wood to be according to these instructions.
