BREVARD, N. C.

LOCAL PARAGRAPHS.

W. M. Brown, Jr., has been in New York for the past several days on business.

G. E. Lutz of Charlotte spent the weekend with friends in Brevard, returning home Monday.

W. P. Whitmore, Jr., of Hendersonville spent some time with relatives in Brevard this week.

Mrs. A. H. Caldwell and two children left Tuesday afternoon for Tucson, Ariz., where they will spend the winter.

A. E. Hampton has accepted a position as manager of Welt's cent's furnishing store, assuming his new duties Monday.

Coleman Galloway, who is a law student at Wake Forest college, spent Sunday with his parents, returning to school Monday.

D. C. Ward returned Saturday from a short visit to Charleston, S. C., where he went last week with Mrs. Ward and Rev. C. D. Chapman.

Misses Hay and Grace Johnson returned Monday from a ten days visit to Asheville where they attended the Chapman-Alexander meetings.

Mrs. and Mrs. J. S. Bromfield left last Sunday for Blount, Va., going through the country in a car. They will be away for several weeks.

Mr. and Mrs. A. H. King and son Frank are spending about two weeks in driving in an automobile through Georgia and Alabama. They will probably return to Brevard next week.

James I. Watson of Andrews was a visitor to Brevard last Saturday. Mr. Watson has recently accepted a position with the American Co. and is looking for a location for a tanning plant somewhere in Western North Carolina.

The work of grading Jordan street is still progressing, and in a few days will be ready for laying the brick sidewalk contemplated. While the bill near the News office has not been cut down as much as might be desired, the work shows some improvement in this grade.

At the meeting of the Betterment Association Tuesday afternoon the following officers were elected for the ensuing year: Mrs. O. L. Erwin, president; Mrs. E. H. Norwood, vice-president; Mrs. E. B. B. Jenkins, secretary; Mrs. Goolsby, treasurer. A committee was appointed at this meeting to ascertain the probable cost of the construction of a basketball court and a baseball diamond in the rear of the school building, on the lot recently bought by the Betterment Association.

SIX COLD MONTHS AHEAD!

OCTOBER NOVEMBER DECEMBER JANUARY FEBRUARY MARCH

Have you been thinking of the bitter cold days that are swiftly coming—days that will cramp your family into a few drafty, damp, cold rooms—unless you install a

Favorite Base Burner

For Winter Comfort Burns Least Fuel

The Favorite will fill every nook and corner of your home with plenty of clean, fresh, healthful heat. Even in blizzard weather, the Favorite keeps upstairs and down evenly and luxuriously warm day and night. And it saves from \$10 to \$20 a winter on fuel bills alone.

Why pay the highest possible price for discomfort, drudgery and fuel waste of that inefficient, common heating stove that you used in your home last winter?

Why not get the full use and value of all the home space, by the comfortable warmth and ventilation of the Favorite—at half the cost you paid for heating one or two rooms last year?

There are many feet of flues on the Favorite—all set out from the stove and separated from each other. Every bit of heat from the fire must pass through them and be radiated into the rooms. None ever passes up the chimney.

This is but one of the many exclusive features of the Favorite that insure home comfort and fuel economy. Let us tell you about the others. It is not too early to plan to protect your family against the ills that result from badly heated homes.
