THE CROATANS.

THE DESCENDANTS OF WHOM?

Personal Characteristics-Economic Life-Educational Qualilication and Ambitions Their Moral Side-The Lowrie Gang-An Interesting Sketch.

har and strong aversion for the very reasonable to suppose. Why such is the case | Lastly, we come to consider the

that have read history know of regard for that of white people. the whole history of their fate, of them. carved upon a tree. We are led to believe that they went away with the Croatan Indians, inter-marriage finally taking place. Tradition is all that exists to ground our beliefs on; and as tradition is generally far more correct than no history and confirms the above the ory, as a natural consequence; we are led to believe it. Besides this, theso-called Croatans nowliving in Robeson county can trace their ancestors back to the first settlers and their Indian friends with hardly a missing link. Every indication lends to the validity of their statements, while there is hardly

a single one to the contrary. There are many things about them that afford exceptional interesting study.
