

THE CARTHAGE BLADE.

W. H. McNEILL, Editor and Proprietor.

Carthage, N. C., October 11, 1905.

WATER WORKS.

At a meeting of citizens last night Messrs. W. C. Porter and E. C. Batner, of Atlanta, made a proposition to install for the town of Carthage a complete system of water works. This proposition, a written copy of which can be seen by applying to the Board of Town Commissioners, embodies in detail full specifications and itemized costs. The costs aggregate the sum of \$17,900. Other companies will make propositions later. The proposition made last night guarantees on its face to take the bonds at par at 5 per cent. interest.

Mr. Porter suggests that in a town of this size the usual annual rental to a family would be \$15.00.

Water works would be of great advantage to Carthage. Besides the protection to property and the reduction of insurance upon property, should be considered the great saving of drugery and the comfort to our women in the homes and kitchens, and not less worthy of consideration is the health giving and pleasure of the ready bath tub of either hot or cold water.

Along with this is to be remembered the fact that every southern town of any note is establishing water works. In connection with this is to be remembered the further fact that the trend of emigration from the north of men of money and character is to the south and it behooves every town to adopt such progressiveness as will appeal to the advanced ideas of this desired class of citizens.

Let us also recollect in thinking over the propriety of adopting water works that enough property has been destroyed by fire for the want of water works within the last two years in Carthage to pay for the entire system.

A DESERVED CREDIT.

The News and Observer says editorially:

At the recent meeting at Philadelphia, of the Carriage Builders' National Association, Mr. W. T. Jones, of the Tyson and Jones Buggy Company, of Carthage, was chosen vice-president. It was a deserved honor and worthy bestowal. Mr. Jones has long been in the carriage business in North Carolina and has lived to see the industry grow from a small carriage factory in a country village, to a large and prosperous manufacturing plant with a large and growing business in every State in the South. Mr. Jones and Mr. Tyson illustrate the type of Southern manufacturers who are leading in the South's industrial revival.

The Blade endorses the above and appreciates it as well and truly said. The fact that concentration and one purpose in life brings success was never better illustrated than in Col. Jones, and besides he is president of the largest carriage factory in the Southern States.

The news item in our columns telling of the man who in his moments of deliriousness yet guarded with zealous care the money concealed on his person, is a forceful illustration of the power of money over the mind, and would indicate that in this day of strenuous commercialism to reach a man's heart go through his pocket book.

The press, at least part of it, is in throes of joy because a French physician has given it as his opinion that kissing does not spread microbes. As a matter of course, all the girls are in giggledom over the news. But as for us, the discussion of "Do a kiss injure?" has never disturbed the even tenor of our way, for on this point we have ever been "sot" in our way that "She do not."

Next week is the great State Fair and the visit of Theodore Roosevelt to North Carolina. All our hospitality, and its name is legend, is the President's. We are glad to have him with us amid an exhibit of the resources of a great State and in full harvest time of a bountiful yield of the good things that grow in the ground. It is, then, under most auspicious circumstances that all say, Welcome, Mr. President.

Good Roads Rally.

There will be a good roads rally at Cuddehe church on Saturday, Oct. 28th, at which Gov. Glenn will be the speaker.

The meeting will commence promptly at two o'clock in the afternoon.

This is a subject in which every resident of Moore county and especially those in the neighborhood are interested: the saving in time and money, and injury to stock will be so great, if we have good roads; that we hope every resident between Carthage and Aberdeen will be present at the meeting and take up the work of improving the roads actively and continue agitating it until we have good roads all through this section.

BROADWAY BRIEFS.

The Large Concrete Dam at the Buckhorn Falls Finished and the Back-Water is Greatly Damaging Ungathered Crops—Other News.

Rev. John Humble preached a good sermon at Concord Sunday evening from the text: In as much as ye did it unto the least of these my brethren ye did it unto me. It was a preparatory service for a collection for the Methodist Ophanage at Raleigh, and the congregation responded liberally with a contribution of \$15.65 of which \$8 was given by eight men. Many women and children also contributed to this noble cause. The pastor expressed his regrets that on account of so much sickness in his family this year he had not been able to visit each family. He had fourteen conversions and eight additions at Memphis. He reported \$15 collected for the Ophanage from Poplar Springs church. He is doing noble service and we feel confident that his congregation will pay his salary, and send up a nice report to Conference.

Rev. Mr. Douray northern Methodist gave a temperance lecture here on Sunday night. Mr. Porter Steadman returned Friday evening from several weeks visit among relatives and friends at Greensboro, Germantown and Winston. He reports much typhoid fever at the latter place. He is looking well and enjoyed his trip. He attended services at Concord Sunday.

Lonnie Thomas, son of H. B. Thomas, and brother-in-law of Pastor Townsend of Juniper Springs church, died at 6 P. M., Sept. 4, and was buried at the family cemetery at J. L. Thomas' Friday evening. Rev. E. Y. Poole of Sanford conducted the funeral services. A large crowd was present. The deceased was 16 years, 8 months and 16 days old. He was taken sick about 9 or 10 days previous at Berkeley, Va. Typhoid fever caused him to become unconscious several days before he died. He was a member Juniper Springs Baptist church. Many friends and relatives regret that he was so suddenly taken away in the spring time of life, but God knows best, and makes no mistakes.

Miss Clara Kelly has returned from a visit to her sister at Manchester, N. C.

Rufus Thomas, of the Lonely section, and Grover Spivey, of Forkdale, have bought the Tom Cox place, owned by Joe Thomas, and will move there this winter. Mr. Thomas bought 99 acres and Mr. Spivey 74, for which they are to pay \$100 a year till the price at \$9 an acre is paid. We regret to lose Mr. Thomas as a neighbor. His new homewill not be very distant—at Cox's mill, on Little river, near Swann's Station. Dr. Snipes and others consider the price very moderate.

The concrete dam is completed at Buckhorn Falls, and the back water is covering the river farms between there and Lockville, as falls is only eight feet. Some hope to get damages, but people now think it is not probable, as the charter is for 99 years and does not specify the height of the dam. It is a serious loss to them. Donnie Rosser has already bought the Joe T. Brooks place near Jonesboro, for \$3500, it is said. One reason the company is damming the water so hastily before corn gathering time on the river is so that heavy machinery can be brought in flat boats down the river from Moncure. They say they will be ready for transmitting power to Fayetteville in less than 90 days. It may cause greater industrial progress in this formerly metropolis of N. C. A citizen of this town once said Fayetteville is noted for antiquity, hospitality and poverty.

S. F. and Winfield Thomas, Wesley Lett and daughter, Miss Myrtle, and several others from the Cape Fear river section aim to go to Fayetteville next week. Clyde Dalrymple, of the Sanford graded school, visited home folks Sunday.

It has been so dry that peas, turnips, small grain, late potatoes, etc., have suffered badly and sand beds makes it difficult to haul large loads. It cut off cotton as top bolls are opening prematurely. 77 per cent the government estimate for N. C. cotton is entirely too large, probably 60 per cent would be nearer correct. D. R. Melver has already picked 1,700 pounds from one acre. It made nearly two bales last year, but such acres are scarce in this State. R. W. Dalrymple gathered 9 bales from 9 acres and expects 3 more, so we hear. Bob is a fine farmer and champion potato raiser in this section.

Clarence, eldest son of Wm. A. Campbell, of Sanford, formerly of Cape Fear died last week and was buried at Poplar Springs M. E. church.

We hear that the contract to build the Baptist Parsonage at Broadway was let out last Saturday to Melton Thomas and Bertis Kelly for \$118.50.

James B. Kelly, contractor and builder, is very busy and readily commands a salary of \$2 a day.

There is much sickness about McKoy's quarters and the Golf neighborhood on Cape Fear river.

One of John Utley's daughters died recently.

CAMERON NEWS.

Engineer Clayton, of the Seaboard Hurt—the Picnic at Lizzard Hill—Other Personal and Local That May be of Interest to You.

Indian Summer. Mr. Chas. Cheek, of Ore Hill, visited Dr. Gilmore last week. Misses Lucile and Geraldine Lovins visited friends here during the Baptist meeting.

Miss Jessie Robertson has returned from a visit to Sanford. Engineer Clayton, of the Seaboard, was badly hurt at the station here last week while superintending the coupling of some cars. Dr. Gilmore having been called to a patient in the country, Dr. Gladstone, of Southern Pines, was summoned. Both doctors soon arrived; the injured man was carried to the Britton house, where the best medical attention was given him until Dr. Rogers, the surgeon of Seaboard, arrived with a special train and carried him to his home in Raleigh.

The Sunday school picnic at Lizzard Hill was largely attended. At one o'clock John A. Cameron announced dinner, a blessing was asked by M. McL. McKeithen, and every one partook of a bounteous repast. We were under the impression that Lizzard Hill was an old field surrounded by dead pines. We found a good school house in a large oak grove, where the mocking bird sings by day, and the katy did at night. We suggested to Mr. McKeithen that he call the place Gleggarry. Those who attended were Mr. and Mrs. McKeithen and children, Mrs. J. E. Phillips and children, Mr. John McDonald and family, Misses Mary Stewart, Katie Wooten, Lucile Lovins, Ethel and Lula Rogers, Messrs. Chas. Rogers, Tom McDougald, Harrison Stutts, Willie Muse, Chas. Hunter, John Muse, Jr., and Yours Truly.

We are glad to report Mayor Phillips out again and able to look after his business. Mrs. Walker, of Keyser, is visited her parents, Mr. and Mrs. Geo. Culbertson, last week. We joyfully congratulate you, Mr. Editor, upon the return of another birthday. We have been told that at some remote period, (we won't say when) the same year, the same month, the same week, the same day of week, the same hour, we both embarked on the sea of life to fight its battles. Mars, being then in the ascendant indicated we would be good fighters. We wish you many happy returns and as you journey along the road to immortality. May your joys be many and your cares be few.

Rev. M. D. McNeill preached afternoon from the subject, covetousness. Communion will be held the 5th Sunday in October. Services beginning Thursday night. Royal Jones, of Fayetteville, is visiting his relatives here. Ho for the fair and Teddy! You are going and want to look your best. Our new fall hats have come. If you want to look triumphant we have the "Victor," Nobby, the "Cricket," Queenly, the "St Regis," Patriotic, the "Paul Jones," Intellectual, the "Harvard." Latest styles in ladies trimmed hats. Also Ladies and children's jackets and Reefers.

THE TEACHERS' ASSOCIATION.

Meeting to be Held in Carthage on Saturday, October 14th—An Organization That Can be of Much Help to Its Membership.

We take pleasure in presenting to our readers the order of exercises of the meeting of the Teachers' Association, which meets in this place on Saturday, October 14th. While primarily this is an organization for the teachers, still the public will also find much that will interest and instruct in the deliberations of those who are engaged in the training of the young. Of course, those who are teaching need not be told of the importance of their being present on October 14th, because our teachers are ever responsive to any move that aids them in their work and causes the educational movement to gain impetus by being brought more prominently to the public mind. Therefore, we bespeak for this gathering of workers the fullest attendance and a pleasant and profitable session:

PROGRAMME: 10:00 A. M.: Opening Devotional Exercises—Rev. Walter Deaton. 10:15 A. M.: Song: Old North State—Association. 10:20 A. M.: Address—Prof. T. M. Raeford Items.

Miss Bertie Blue, of Aberdeen, spent Sunday visiting relatives in town.

Walter B. Graham, of Lumbardale, has accepted a position as foreman in the planing mill of J. W. Johnson & Co. There was an interesting game of ball here Friday evening, between Raeford and Lumber Bridge, in which the Raeford boys came off victorious, the score being 8 to 5.

John A. Oates, of Fayetteville, delivered an entertaining lecture in the academy Friday night. Mr. Oates was thoroughly alive to his subject and handled it well. At a meeting of the Raeford Power and Manufacturing Co., last Thursday, it was decided that work should begin immediately. The company was incorporated a little more than two years ago and most of the work since has been in acquiring real estate. \$80,000 of stock has already been subscribed; and the company expects to begin work with a capital of \$125,000. Those chiefly interested are: Messrs. J. W. McLaughlin, T. B. and W. L. Upchurch, of this place, John Blue, of Aberdeen, and Charles Iceman, of McCall, S. C. It is said that Mr. Iceman will take charge.

New students continue to arrive at the Raeford Institute. The enrollment at the present time is one hundred and sixty.

Conviction Follows Trial. When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out. Could any amount of mere talk have persuaded millions of housekeepers to use Lion Coffee, the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity? This greater success of LION COFFEE can be shown only to laborer merit. There is no stronger proof of merit than continued and increasing popularity. If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER. LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory. See these packages for reliable premiums. SOLD BY GROCERS EVERYWHERE. WOOLSON SPOFF CO., Toledo, Ohio.
