The following is a copy of a notice we saw tacked on a door of a North Carolina town: "If you want a first class male come to see the underdog he is a first class male in every respect." B. D. CHICKERSON

Mrs. Anna E. McKay died at her home near Summerville on Feb 7th. She was a consistent member of the Presbyterian church, and by her death the family and community both feel a sad loss. She leaves many relatives and friends to mourn her departure.

Mr. Wm. Sexton Sr. died at his home in this county on the 29th inst. from heart failure and old age. He was a good man and lived to a ripe old age being 82 years at his death. The family and community have the sympathy of the Times in this their sad hour.

Miss Annie Grimes was married at the residence of her father, in Charlotte on the 12th inst. to Mr. T. E. Caldwell. Miss Annie paid our town a visit last summer, and made many friends while here. We wish her a smooth pathway through life.

WHEREAS: we, the officers and members of Lucknow Lodge No 115 I. O. O. F. Have heard with deep sorrow and regret of the death of Wm. Sexton Sr. Father of our worthy and beloved brother C. B. Sexton. We therefore tender to our brother in this his dark and sad hour of bereavement our most heartfelt sympathy and condolence.

High Point Enterprise: A young lady told us this morning that cats were of no use around her home there was a pet frog there that caught every rat that came on the premises. During the past four months the frog has caught not less than 204 rats and the frog still remains the same size. One day last week the frog made a mistake and caught the cat. This is true. Let us hear from you Gus.

It is with pleasure we note the rapid improvements of our town. The Marshal with his force of hands is doing good work on the streets and soon they will present quite a nice appearance. We would urge our town authorities to look well after the sanitary condition of the town, spring is fast approaching and unless we have our streets well drained and back yards well cleaned we may expect some sickness. So we hope our clever and efficient Mayor and Town Commissioners will leave nothing undone for the health of our town.

Mr. Jerry Lee, of Johnston Co., was in town Monday.

F. P. Jones, Esq. attended the Supreme Court in Raleigh this week.

Mr. Wm. Pearson, of Buies Creek was in town Monday selling cotton.

Rev. J. A. Campbell, Principal of the Buies Creek High School, paid our town a visit Monday. Mr. Campbell was the former Pastor of the Baptist Church here and has many friends, who are always glad to see him.

Fertilizer analyses at the Experiment Station will be somewhat late this season. The delay is caused by the necessity of a change by the Legislature from a license tax on each brand to a tonnage charge. This law is now passed and no further time will be lost. Four inspectors will rapidly take samples of all fertilizers in the State, and the samples will be analyzed at the Station, as fast as possible. The fertilizer analysis will be printed and sent at the earliest possible moment to all names on the Station bulletin list. In order to secure the analyses with the least delay request should be made for the analyses whether your name is on the Station list or not. These special names will be supplied at once, as soon as bulletin is issued. Make request to Dr. H. B. Battle, Raleigh, N. C.

Plant Potatoes. Here is a pointer for the truck farmers, taken from the Savannah News: A Savannah retail groceryman received a letter yesterday from a friend engaged in shipping oranges from Florida, in which he told him to advise all of the Savannah truck farmers to plant heavily in Irish potatoes for the market, as, on account of the high price of seed potatoes, the Florida farmers were planting very light.

The merchant said he believed it would be good advice to give the farmers for several reasons besides the one given in the letter. "The McKinley bill," he said, "imposes a tax of 75 cents per barrel upon all imported potatoes. We have been importing heavily of Scotch and Irish potatoes for the last four or five seasons, but the tariff tax will operate to shut them out next season, and of course, increase the price of the home product. Then the distress in Ireland will consume the surplus product of the English and Scotch farmers. Altogether, it seems to me that the farmer is absolutely certain of a high price for his potatoes next season."

THE OYSTER PATROL BOAT HAS SEVEN OF THE INTRUDERS.

Governor Fowle yesterday received a telegram from Captain Warner, in command of the Patrol boat Nellie B. Dey, which has been traversing the eastern oyster grounds for several weeks past, announcing that he had captured seven pirates who were dredging in Jones bay, off Pamlico county. Captain Warner had just come into New Bern, and had been ordered out again, and as he passed Jones bay he ran across the dredgers and took them in. Governor Fowle yesterday telegraphed Captain Warner to employ an attorney, and to have the prisoners arraigned before Judge Bryan, at New Bern.

Governor Fowle yesterday evening received another telegram from Capt. Warner, announcing that the hearing had been held, and that the pirates had been put under bond, and the sheriff had been put in charge of their vessel.

It is thought that the scare is about over among the pirates, and they will now begin to sneak to the oyster grounds and continue their depredations, but they will be nabbed as fast as they come back.—News-Observer.

Subject of New Fertilizer Law. The following digest of the new fertilizer laws just passed by the General Assembly will be of general interest. The law substitutes a tonnage charge instead of the privilege tax on the brand. Manufacturers or others must now pay a tonnage charge of 25 cents per ton on all fertilizers and fertilizing materials. Tags must be procured from the Commissioner of Agriculture to be attached to every bag before shipment to agents, dealers, or consumers in this State.

It is a misdemeanor and fine of \$10 for each bag, for an agent or dealer to offer for sale any such fertilizer or fertilizing material not properly tagged, or a consumer to receive it, or a railroad agent to deliver it. Fertilizers which now have a license to sell (secured last year) will not be required to pay the charge or to be tagged until expiration of their licenses. All others on sale must be tagged properly at once. Goods kept over from last season must be tagged to represent this year, and all dealers are required to report the amount on hand at the close of the fiscal year on Nov. 30th. No fertilizers can be sold with a content less than 8 per cent. of available phosphoric acid, 2 per cent. of ammonia and 1 per cent. of potash. Kainit, cotton seed meal, for fertilizing materials must now be inspected and analyzed, and possible adulteration so prevented.—H. B. Battle, Experiment Station, Raleigh.

Remarkable Rescue. Mrs. Michael Curtin, Patafield Hill, makes the statement that she caught cold, which settled on her lungs; she was treated for a month by family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her doctor suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottle of this Great Discovery at Harper & Hood's Drug Store, large bottle, 50c, and \$1.00.

Happy Doers. Wm. Timmons, Postmaster of Igd writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is run down and don't care whether he lives or dies; he found new strength, good appetite and felt like he had a new lease on life. Only 50c a bottle, at Harper & Hood's Drug Store.
