Ex Senator Ingal's, of Kansas. who spoke of himself as a Statesman out of a job, now poses as a lecturer, which must be a lucrative, business, as he has declined a ten thousand dollar offer to edit a Kansas city daily.

We are sorry for the poor thief that got only the empty decanter and goblets of the communion set, from a church in Mecklenburg last week. He was doubtless a Charlotte theif who had been driven away by drought.

The "Blaine boomers" refuse to regard Mr. Blaine's declination final. According to Washington despatches they are preparing to hold a meeting to organize for the presentation of his name at Minneapolis. It may require two or three more letters of declination to take the one really conspicuous and able Republican statesman out of the way of the smaller men.-New York World.

A POPULAR FAMILY. JENNIE: "How is it, Kate, that you always seem to 'catch on' to the last new thing? Do what I may, you always seem to get ahead of me." KATE: "I don't know: I certainly do not make any exertion in that direction." JENNIE: "Well, during the last few months,

so suddenly, and certainly we are all improving in grace under your instruction; I heard you telling Tommy Eames last evening how his club made mistakes in playing baseball; you seem to be up on all the latest 'fads,' and know just what to do under all circumstances; you entertain beautifully; and in the last month you have improved so in health, owing, you tell me, to your physical culture exercises. Where do you get all of your information from in this little out-of-the way place?—for you never go to the city."

KATE: "Why, Jennie, you will make me vain. I have only one source of information, but it is surprising how it meets all wants. I very seldom hear of anything new but what the next few days bring me full information on the subject. Magic? No! Magazine! And a great treasure it is to us all, for it really furnishes the reading for the whole really furnishes the reading for the whole household: father has given up his magazine that he has taken for years, as he says this one gives more and better information on the subjects of the day; and mother says that it is that that makes her such a famous housekeeper. In fact, we all agree that it is the only really FAMILY magazine published as we have sent for samples of all of them, and find that one is all for men, another all for women, and another for children only, while this one suits every one of us: so we while this one suits every one of us; so we only need to take one instead of several, and that is where the economy comes in, for it is only \$2.00 a year. Perhaps you think I am too lavish in my praise; but I will let you see ours, or, better still, send 10 cents to the publisher, W. Jennings Demorest, 15 East 14th Street, New York, for a sample copy, and I shall always consider that I have done you a great favor; and may be you will be cutting us out, as you say we have the reputation of being the best informed family in town. If that be so, it is Demorest's Family Magazine that does it."
