## THE REPUBLICAN CONVEN TION.

Friday the 15th, and proved to be a regulation Republican Convention. A regular Lair pulling-mookey and [ parrot time they had of it.

The Mott-Eaves factions again met | Duan in wordy warefare, Eaves getting the best of the fight, being again elected W. R. chairman of the Executive Coumit-

There were some very lively scenes | Jones, E A Adm'r 3 town enacted between the office holders lots Dunn and the outs in the Sparty, in which Powers of Fayettevill, Hancock of Newberne, and others of the Eaves Dunn gang, and Marshall Mott, son of i)r. Mott, the Republican boss, and others Dunn of the Mott faction indelged in some pretty lurid language. In fact it was a typical Republican Convens tion-full of bluster [and noisecheap talk androwdyism.

A word to the wise : If the Republicans cannot hold a convention Mingo and maintain order and decencyand they never have succeeded in doing so in North Carolina yet-what would they do in the event of again B, R. coming into power in the State? Pandemonium would reign and corruption, theivery and bankrupcy would follow. The Republicans, as was seen from some of the speeches made at this convention, are jubilant over the so-called split in the Democratic party. They hope to capture the State through the Third party. Shall they do it? Not if the Democrats in the Alliance stand firm to the only party that has stood the test of time, a party that once brought us out of the Egypt of Republican blackness and gave us an honest government of the people, for the people and by the people."

## AN APPEAL TO THE HUMANE.

The North Carolina Society for the prevention of cruelty to animals appeals to all humane people in the State for their support and assistance. This society was organized Ano years ago under a legislative character, with authority "to establish and locate branches at any place or places within the boundaries of the creek State." At the time of its organization it received a donation of five hundred dollars from a non-resident of the State, who has recently, un- creek solicited, sent a donation of fifty dollars, with an expression of gratification at the successful work has been creek hitherto almost wholly confined to Asheville and vicinity, but the So- creek ciety has from the beginning looked Mils, Jas. estate 7 acres forward to the time when it could Neill's creek extend its work throughout the State, Mims, R A 63 scres Cokesaccording to the provisions of its berry charter.

It believes that a systematic effort Parkers creek to that end ought now to be made. To make the effort successful it is absolutely necessary that every friend River of the cause should lend the Society a helping hand; first, by financial River support, at least to the extent of the cost of an annual membership, which Stage Road is at present only one dollar, and second, by active assistance in executing the plan of extension adopted by the Board of Managers. All desired information about the plan will furnished upon application to the Secretary and Treasurer, Walter S. Cushman, of Ashville. Membership fees should also be sent to him and will be duly acknowledged.

JENNIE: "How is it, Kate, that you always seem to 'catch on' to the last new thing? Do what I may, you always seem to get ahead KAYE: "I don't know: I certainly do not make any exertion in that direction."

JENNIE: "Well, during the last few months, for example, you have taken up painting,

ing in grade under your instruction; I heard you telling Tourny Thines list evening how his club made mistakes in playing baseball; know just what to do under all c remustances; you entertain beautifully; and in the last you tell me, to your physical culture exercises. Where do you get all of your information from in this little out-of-the way place?—for you never go to the city."

KATE: "Why, Jennie, you will make me wain. I have only one source of information, but it is surprising how it meets all wants. I very seldom hear of anything new but what the next few days bring me full information on the subject. Magic? No! Magazine! And a great treasure it is to us all, for it And a great treasure it is to as all, for it really furnishes the reading for the whole household; father has given up his magazine that he has taken for years, as he says this one gives more and better information on the subjects of the day; and mother says that it is that that makes her such a famous housekeeper. In fact, we all agree that it is the only really plant y magazine published. the only really FANILY magazine published, as we have sent for samples of all of them, and find that one is all for men, another all for women, and another for children only, while this one suits every one of us; so we that is where the economy comes in, for it is that is where the economy comes in, for it is only \$2.00 a year. Perhaps you think I am too lavish in my praise; but I will let you see ours, or, better still, send 10 cents to the publisher, W. Jennings Demorest, 15 East 14th Street, New York, for a sample copy, and I shall always consider that I have done you a great favor; and may be you will be cutting us out, as you say we have the reputation of being the best informed family in town. If that he so, it is Demorest's Family Magazine that be so, it is Demorest's Family Magazine that does it."

The Rev. A. Antoine, of Refugio, Tox., writes: As far as I am able to judge, I think Pastor Koenig's Nerve Tonic is a perfect success, for anyone who suffered from a most painful nervousness as I did. I feel like myself again after taking the Tonic,

A Sunday School Superintendent Endorses It. A scholar in the M. E. Sunday school (of which I am Superintendent) I know was comnelled to stay at home on account of her ail-nent (epileptic fits) for eight months, but since using laster Keenig's Nerve Toxic she attends regularly. I think the cure the most remark-able I have ever seen or heard of, and this Nerve Tonic deserves the highest ecomiums. It has my fullest endorsement. JOHN A. REESE, JR.
