Gen. Weaver should not be critieised now for leaving Georgia in disgust, the election tells why.

Nothing like solid Democracy. Georgia and Florida held their elections last week and rolled up an increased Democratic majority in both States. Georgia gave 70,000 and Florida 40,000, so says the latest reports. Even Tom Watson's District went Democratic. Guess the Third party think they are not in it now in either of these States. And the Rads, or where are they !

The death of Lord Tenneson, the renown English Poet, takes one more away from lifes scenes. He breathed his last, last week at his home in London, surrounded by his family. America regrets to hear of his death, for many of her people have read his poems with delight and edification. His remains were placed to rest in Westminister Abbey.

Give us Grover Cleveland for President and Elias Carr for Governor, and the farmers and laboring class will come nearer getting the reform they need and want, than they have ever had yet. But if we get Harrison and Furches or Weaver and Exum, the same old cry will keep up "a reform," and nothing be done for the poorer classes. Study the seigies of the three parties, and who are advocating them, Fyour vote for Cleveland and Carr.
