That e important legislation is needed in North Caro ina there can be marchaela, " We would say now that some though need mending, as fulloys:

1. Do not tax knowl dge-wipe. out the tax or banks. It bears hard on many a young, worthy, studious per tring man. Do not bp zest him or older persons who seek knowledge. Do not place an embargo on tolura towns and enties.

2 To not lax small incomes. It is not right, for in taxing them you bid for i deness. The hawteking all over \$1,000 is o had law, unworthy an entreficied and just perple. That sum and more is barely a diving to those who live in towns and calles. and a scant living at that, often. The Income tax is all right when it is really on incomes from property and and investments and money lent. But to jut i, upon the leber of ear-- test, industrious workmen is neither humane nor just. 'A tax on incomes should not be upon sums less than \$2,000. The Democrats in the Congrees will nardly support a bill taxing incomes for sams under \$5,000.
