### AN INTRICATE SURGICAL OPERATION.

On last Thursday about 12 M. Capt. Kelly in charge of the material train, brought to the office of Dr. M. W. Harper, Warren Beebe, col., one of his hands, with both arms and hands badly crushed and mangled, right shoulder dislocated, and left thigh broken; also some bruises on the scalp—his condition was a serious one. Dr. Harper called in to his assistance Dr. O. L. Denning, and after consultation, proceeded to perform a very serious and intricate surgical operation, with the hope of saving life. Both his arms were amputated, reduced the dislocation of shoulder, thigh properly set and splinted, and other wounds dressed, and was placed in a tenant's house of Dr. Harper's and we learn that he is getting on well.

We did not learn the full particulars as to how he got hurt, but it seems that he stepped in front on a moving car unattached to engine.
