We copy the following beautiful poem written by Daniel Webster, as clipped from the Post:

When, thou wast my heart's delight, The morn of life was gay and cheery, Thy morn has rushed to sudden night, Thy father's house is sad and dreary.

I held thee on my knee, my son; I kissed thee laughing, kissed the weeping; But ah, thy little day is done, Thy heart with thy angel sister sleeping.

The shaft on which my years should lean Is broken ere those years come o'er me, No funeral rites thou shouldst have seen.

But thou art in the tomb before me, Thou rest'st to me no funeral stone, No parent's grave with tear beheld'st, No arm to my ancestor, my son, And thou art in Heaven's sacred temple.

Dear child, thou art safe in heaven; No prayers for thee need more be said, But let thy prayers for those be given, Who still have blessed my infant bed.

My father, I held thee born; I held thy tottering steps with care, Before my vision to Heaven's bright morn, My son, my father, guide me there.

Should have set before thine eyes The road to Heaven and showed its way; But thou, untaught, spring'st to the sky, and leav'st thy teacher lingering here.

Dear child, I would learn of thee, and hasten to partake thy life's bliss; And to thy world welcome me, As first I welcomed thee to this.

Dear child, thou art safe in heaven; No prayers for thee need more be said, But let thy prayers for those be given, Who still have blessed my infant bed.

My father, I held thee born; I held thy tottering steps with care, Before my vision to Heaven's bright morn, My son, my father, guide me there.

Should have set before thine eyes The road to Heaven and showed its way; But thou, untaught, spring'st to the sky, and leav'st thy teacher lingering here.

A Remarkable Old Prayer.

The following prayer, set forth by order of King Edward the Sixth, about 1550, or say three and a half centuries—is as good reading as can be found outside of the Bible, and is still fitted to one of the sore needs of this troubled world. Substitute for "them that possess the ground and pastures of the earth," "all employers of labor," and this prayer will fit the times. We live in:

"We heartily pray Thee to send Thy Holy Spirit into the hearts of them that possess the pastures and grounds of the earth, that they, remembering themselves to be Thy tenants, may not rock or stretch out the rents of their houses or lands nor yet take unreasonable fines or moneys, after the manner of covetous workmen, but so let them out that the inhabitants thereof may be able to pay the rents, and to live and nourish their families."

The following resolution was adopted: RESOLVED, That in order to bring the proper influence to bear to secure the enactment by the Legislature of the law which we have decided is best and to be desired, the county and other auxiliary associations are requested to canvass and secure signatures of voters to a petition asking the Legislature to enact the law prescribed by our executive committee.

A committee of seven was appointed to nominate permanent officers. The following were nominated and elected: President, Rev. D. H. Tuttle; first vice-president, Rev. F. D. Hight; second vice-president, T. J. Candler; recording secretary, C. B. Ireland; corresponding secretary, Rev. D. Atkins; treasurer, Dr. D. W. C. Benbow; executive committee, J. A. Odell, J. A. Oates, Jr., W. H. Worth, C. D. McIver, F. S. Blair.

The executive committee have already appointed a subcommittee to secure the

world, having here no dwelling-place, but seeking one to come; that they, remembering the short continuance of this life, may be content with that which is sufficient, and not join house to house and land to land to the impoverishment of others; but so behave themselves in their tenements, lands and pastures that, after this life, they may be received into everlasting habitations."

It is easy to make the proper changes to fit our case; impossible to better the doctrine.—Western Christian Advocate.

STATE TEMPERANCE MASS-MEETING.

At the call of the Greensboro Temperance Union a State temperance mass-meeting was held in Greensboro, N. C., Aug. 15, 1894.

About one hundred delegates were present. These delegates were from the counties of Guilford, Wake, Caldwell, Mecklenburg, Warren, Swain, Alamance, Forsyth, Swain, Iredell, Gaston, Cumberland, Harnett, Halifax, Lenoir, Stanly, Anson, Buncombe, Randolph, Nash, Alleghany, Rockingham, Durham, Davidson, Northampton, Catawba and Granville.

The meeting was called to order by Rev. D. Atkins, president of the Greensboro Temperance Union. Rev. J. A. Cunningham, of Raleigh was elected president, and Rev. G. T. Simmons, of Dunn, secretary.

The following paper was introduced, and after some discussion was unanimously adopted:

Whereas, There is a strong sentiment in our State for the prohibition of the liquor traffic and for temperance in all its phases; and whereas, the temperance forces of the State lack organization and, therefore, efficiency in accomplishing the ends sought; therefore,

RESOLVED, That it is the sense of this convention that we proceed to organize a State Temperance Association, which shall include all the temperance forces of the State on a non-partisan basis, and which shall have for its aims (1) the agitation of the temperance question and creation of sentiment against the liquor traffic; (2) to secure better temperance laws for our state; (3) to aid in a better enforcement of what-ever laws we may have.

Having decided to organize a State Temperance Association, on motion a committee of eleven were elected to formulate a plan of organization as follows: Rev. D. Atkins, J. W. Holt, J. H. Southgate, R. C. Galley, Dr. J. W. Long, Rev. F. H. Hunt, Rev. W. M. Curtis, W. H. Worth, T. J. Candler, J. V. Stakebarne, E. D. Crisp.

After a number of enthusiastic speeches, which were heartily received, the convention adjourned to meet in afternoon session.

The committee on organization reported as follows:

We your committee on permanent organization, beg leave to recommend:

1. That the name of our organization shall be the North Carolina Temperance Association.

2. That the officers shall consist of a president, two vice-presidents, a recording secretary, a corresponding secretary a treasurer and a committee of five members, who, together with the above officers, shall constitute a central executive committee, all of whom shall be elected annually by the association.

3. All persons who are opposed to the liquor traffic are eligible to membership in this association.

4. The object of this association shall be the suppression of the manufacture and sale of intoxicating liquors by means of (1) agitation and creating sentiment; (2) securing better prohibitory laws; (3) the better enforcement of temperance and prohibitory laws.

5. There shall be in each county an association auxiliary to the State association which shall have the more immediate oversight of the work in its own territory and whose object shall be that of the State association. The auxiliaries shall meet in such time and place as shall be determined by the county executive committee.

6. The duties of the officers shall be such as usually pertain to such officers. The executive committee shall also appoint organizers, whose duty it shall be to establish auxiliaries. They shall also provide means for raising such funds as may be necessary, and have general supervision of the work of the association.

On motion it was ordered that the executive committee be instructed to see that a bill modeled after the Mississippi bill option law be properly presented to the next Legislature of North Carolina as the expressed will and wish of the temperance convention.

The following resolution was adopted: RESOLVED, That in order to bring the proper influence to bear to secure the enactment by the Legislature of the law which we have decided is best and to be desired, the county and other auxiliary associations are requested to canvass and secure signatures of voters to a petition asking the Legislature to enact the law prescribed by our executive committee.

A committee of seven was appointed to nominate permanent officers. The following were nominated and elected: President, Rev. D. H. Tuttle; first vice-president, Rev. F. D. Hight; second vice-president, T. J. Candler; recording secretary, C. B. Ireland; corresponding secretary, Rev. D. Atkins; treasurer, Dr. D. W. C. Benbow; executive committee, J. A. Odell, J. A. Oates, Jr., W. H. Worth, C. D. McIver, F. S. Blair.

The executive committee have already appointed a subcommittee to secure the

which will be printed and distributed as soon as ready.

Friends of temperance are hereby urged to go forward at once and organize in every county, arrange for mass-meeting and addresses, etc..

This move is strictly non-partisan, and it is expected that all temperance people of whatever party will co-operate with it. The mass-meeting was in every respect a success. Many had written giving their sanction who could not meet. We hope the work will be taken up at once and a very large organization secured.
