### WHAT IS DEMOCRACY?

REMONETIZE SILVER.

Mr. Editor:—I have hoped for some time to see more correspondence through your valuable columns from some of our deepest thinkers and most thoughtful men of our County upon some of the issues that are rapidly confronting us.

We would like to see a large correspondence in your valuable paper. Why all this stillness?

Is it because all our people are such deep thinkers—deep water is still. So Mr. editor I thought I would just stir the water, just a little, by asking all the readers of THE UNION to name through its columns, some of the most prominent principles of true American Democracy, or in other words what is democracy. Mr. Editor I want the true construction as there seems to be a discussion and a preparing of medicine for this nation to take this year—1896, and there seems to be three or four parties, each preparing a pill, and as there is to be ingredients in each pill, and the healthfulness of our nation depends largely upon the ingredients compounded into the pills, and the quality and quantity of them taken. I contend Mr. Editor that there has been and ever will be two sides to every thing and but two, and in reality but two parties—Democratic and Republican, and if any other parties (pills) are formed they necessarily have to be made of some of the ingredients from one or the other old parties and one is in opposition to the other, and all the people are on one side or the other, either for or against.

Tell me what democracy is, and I can tell you what republicanism is. It is the opposite and if a third party (pill) is formed it is made from one of the two old parties, and if you make it out of the ingredients of republicanism and call it "Populist," "Co-operation" or "Fusion," its name will not make it valuable, and its effects will be the same as that from which it was made and is the same in substance. Or if you make a fourth party (pill) and call it Free Silver, and take the ingredients out of democracy its effects will not be valuable any more than that from which it was taken, and be the same in substance, but will be without force or power, and be unwholesome without the complete formula and will tend to retard the speed of the old engine of democracy.

And Mr. Editor, as the people are to take these pills they should take a hand in their preparation. They should see to it, that proper healthful principles, (ingredients) are placed in the democratic (pill) platform. And be free from error, unmistakable, not subject to misconception, lines drawn straight, plain, and so simple that the wayfaring man though a fool cannot err therein. No, not mixed, not twisting, not straddling, not squirming. Mr. Editor if these things are done, and done speedily, there will be no difficulty as to the silver or any other question. The people will do their duty at the polls, for each will know where he is at, and readily fall in ranks where they belong. We will then see clearly as we see now, that if silver ever receives any further favors, if it is ever remonetized, it will be through

and only through the genuine and true American Democratic Party.

That is the only party that has the proper ingredients for Silver. Certainly, there is nothing like silver in the republican party (only gold).

Then when we see silver set upon equal footing with gold it being remonetized, and the artificial silver leg that this nation has been trying to walk with for 23 years will be made sound and firm as the gold leg. Then this boasted nation will walk as a strong man walks, upon a double standard, silver and gold.

This nation will then cease to stand idle and, almost faint away upon the single gold standard; but will at once walk with double elastic step, healed and made sound, then we will see this nation upon a solid financial foundation. The volume of her currency increased double to what it now is, and as the volume of her real money in creases, the purchasing power of it falls.

The purchasing power of money is determined by the quantity in circulation. The decrease in the purchasing power of money is manifested by a rise in the prices of commodities—all forms of property and labor. The increase of the purchasing power of money takes place when the volume diminishes and this without any regard whatever to the material of which money is made. Hence this increase has been continuing since 1873, until at the present, the purchasing power is so great that it takes about 2½ bushels corn to get \$1.00 whereas formerly one bushel would get \$1.00. It takes 14 pounds of cotton to get \$1.00 when formerly 7 pounds would get \$1. It takes 4 days labor on the farm to get \$1 when formerly 2 days would get \$1. It takes 1½ acres of land to get \$1 when formerly one sixth of an acre would get \$1 &c. Let us by all means have the remonetization of silver, as that far supercedes the free coinage of silver. Silver being restored and not discriminated against by the government, will certainly not be discriminated against by individuals.

These things are again in the hands of the people and may the people so use them that the wise may rule and the people rejoice and our nation be saved from the rule and ruin of the wicked.

### Averasboro News.

We have been silent for some time but hope our place is not filled up in THE UNION.

Little Hattie Lucas daughter of Mr. J. W. Lucas is very sick with measles this week.

Mr. E. G. Barnes is having his dwelling on R & F street remodeled and will move in soon.

Miss Cora Parker has returned from a visit to her aunt, Mrs. W. T. Dupree.

Mrs. E. G. Barnes spent a few days last week at Bunnlevel visiting friends and relatives.

Mrs. Cynthia Eomis who has been away from home some time returned last week.

Mr. and Mrs. H. C. Avery were in town Sunday evening the guest of Mr. and Mrs. F. A. Parker.

Mrs. F. A. Whittaker of Raleigh spent a few days with her mother, Mrs. Eliza Stewart last week.

Miss Lena Stewart and little niece, Mackie went up to Lillington a few days since.

Mr. D. H. McLean was in town a few days ago.

### "ROMIE."

The band-wagon will start on May the 14th. The Republican State Convention is called to meet in Raleigh on that day, when they will nominate a State ticket and appoint delegates to the National Convention at St. Louis, which convenes June 22nd.

The Republicans are in favor of fusion with the Populists but want all the offices, and desire the support of that party. How does this set with the Populists? Can you afford to support such a man as McKinley for President, who is in favor of robbing the people? Indeed you can't afford it. He is a gold bug of the first water.

The Democratic State Executive Committee meets in Raleigh April 9th to decide when the State Convention will be held.

### SANCTIFICATION.

We believe Sanctification is one of the leading topics of the day in Sampson, and this being the case we have decided to say a few words on the subject. We do not believe that a person can reach entire Sanctification in this life.

Man is a sinner dead in trespasses and sin, condemned by God's righteous law, and depraved in every part of his being. Sanctification is a progressive work, beginning at regeneration and ending at resurrection. If a person could get into a position where he would be entirely free from sin in this life what need would we have for a Saviour.

The highest perfection which a man can attain while the soul dwells in the body does not exclude ignorance error and a thousand other infirmities.

It is sown a natural body it is raised a spiritual body. So long as we remain in this natural body just so long we live in sin, but when we are raised a spiritual body then we are free from sin and not until then.

We believe we have said enough on this subject any more than to prove by the Scriptures that a man sins as long as he lives in this life. So let us turn from the fallible testimony of man to the sure word of Prophecy We find in 1st Kings, 8:46 where it says "There is no man that sinneth not." James says in the 3rd chapter and 2nd verse "For in many things we offend all." Now look to Ecclx 7:20 "For there is not a just man upon earth that doeth good and sinneth not. Now let's look to Rom. 3rd chapter and 10th and 12th verses In the 10th verse Paul says "There is none righteous no not one." In the 12th verse he says "There is none that doeth good no not one."

Now let's see what Christ says about it. In the 18th chapter of Luke, a certain ruler asked Him saying "Good master what shall I do to inherit eternal life." In the 19th verse of the same chapter He answered him saying "Why callest thou me good, none is good save one that is God."

We find in 1st John 1:8 where John was expressing his opinion in regard to the matter he says: "If we say that we have no sin we deceive ourselves and the truth is not in us. So my friend don't say you have no sin, for if you do according to God's word the truth is not in you."

### Godwin Gab.

We see so much from other places in THE UNION it has inspired us to write from our little village which is nestled among the huckleberry flats, 17 miles north of Fayetteville on the A. C. L., but we are found by one class of humanity—tramps.

Rev. A. M. Hassell's school is still increasing in number, and "the little school house among the trees" will soon be full.

Mr. J. J. Cook, of Dunn, "got a leave of absence" and spent Sunday night in town not long since. Some body wishes he would get another furlough.

Mr. C. C. McLellan must be talking "free coinage" to a little Mc, as we have seen very little of him for two or three weeks past.

W. M. Pope, P. M., has returned from a stay on the S. A. L.

Mr. P. F. Pope, of Rhodes, has returned to Lillington to teach again. Bicycle and pants "caught the patching" while he was here.

Miss Minnie Godwin has returned from a visit to relatives.

Messrs. C. C. Godwin and Lloyd Ea man has gone to "parts unknown" in the Dispensary State. Two pair of tear-stained eyes remain to tell the tale of woe.

A little gold speck insurance agent was in town last week. We think he is the same one that has infested other neighborhoods so we will not say anything to make "the agents" "cup of sorrow" more bitter.

Two of our boys took a flying trip to Dunn one night last week.

The trains put out fire nearly every Sunday and give so much trouble that one young man burned around his distillery. We see the fire in that when his own stiller will not stop to help put out fire near the still on Sunday.

More anon.

MARRY THIS GIRL—SOMEBODY!  
Mr. Editor:—I retained a girl with dress with lemon juice; what will restore the color? I am making lots of money selling the Climax Dish Washer. Have not made less than \$100 per day I worked. Every family wants a Dish Washer, and they buy it quickly when they see the dishes washed and dried perfectly in one minute. I sell as many washers as my brother, and he is an old salesman. I will clear \$2,000 this year. Address the Climax Mfg. Co., Columbus, Ohio. A remittance can be as well as I am doing. MARGIE E.

Bunnlevel Items.

The weather continues so cold and wet that the farmers can't make much progress with their work.

Mr. A. R. Wilson of Dunn was in this section last week.

Mrs. Maggie Byrd and daughter, Katie, spent last Saturday night with her sister, Mrs. Eliza Hobbs.

Mr. and Mrs. J. W. Byrd were called last Sunday to Moore Co. to visit their father, Mr. Dennis, who was seriously ill. The message having been delayed they failed to get there in time to see him. He died on Friday before they arrived Sunday evening.

The marriage of Miss Lolie Byrd, daughter of Mr. L. D. Byrd of Bunnlevel, to Mr. W. M. Walker of Cumberland, took place at the residence of the bride's father on Thursday March 19, at 9:00 o'clock p. m., and was witnessed by about 35 relatives and friends. The parlor was tastefully decorated in evergreen and white ribbon. The attendants were: Mr. Willis Byrd with Miss Polly Byrd, Mr. J. D. Byrd with Miss Jennie Byrd, Mr. O. M. Allen with Miss Flossie Barnes, Mr. H. A. Cameron with Miss Bettie Parker, Mr. L. D. Byrd with Miss Mary Cameron, Mr. L. A. Bethune with Miss Stella Byrd. There was no wedding march. The attendants entered the room slowly forming two lines—one on either side of the altar. The ladies were dressed in black suits with white ties. Mattie Allen and Nann E. Byrd, the Flower Girls, preceded the bride and groom and took a position near the minister. The bride and groom presented themselves before the altar, when the ceremony was performed by Rev. C. V. Brooks, principal of Bunnlevel Academy, who in conclusion in a few words tried to impress upon the young married couple the idea of solemnity and happiness. A splendid supper was prepared for the occasion and all were served plentifully. About ten o'clock the minister bade the joyful crowd good night, wishing for the attendants a pleasant evening and pleasant

dreams of still pleasanter occasions yet to be. They will dine tomorrow at the residence of the groom's father.

The bride is an amiable young woman and the groom a clever young man, a former principal of Bunnlevel Academy. We wish for them a happy career, and our prayers follow them.

VIOLA.

Legal Dots.

This section was honored with the presence of three R. R. men last week as they passed from Sanford to Lillington. They claimed to be travelling for the interest of the "expected railroad," but they proved to be revenue officers in pursuit of moon shiners.

We regret to chronicle that Messrs. Faucett & McLean happened to the misfortune to get one of their mules crippled last week. The mule got tangled in the gear and fell, and it was found that the mule's thigh was broken. It is needless to say that it will be of no further service.

We learn that Mr. J. M. Page has returned from Wake Forest where he has been since last September. He was forced to abandon the pursuit of his studies on the account of an eye trouble.

The "missing woman" has again been heard from. We learn that her conduct was of such a character that she was given twenty-four hours to leave Southern Pines, where she first located under the penalty of being hanged to a telegraph pole, if she failed to obey the injunction.
