

# THE COUNTY UNION

WEDNESDAY, JUNE 1, 1893.

DUNN, N. C.

## LOCAL DOTS.

Cotton is selling for 6 cents today.

Hurrah! for the Cape Fear Guards. They drill again tomorrow night.

There is quite a demand for farm hands now in this section. Every man can get work who wants it.

Mr. E. T. Spence informs us that he has young cantaloupes on his vines and expects to have ripe ones soon.

The Cape Fear Guards will meet again Thursday night for drill. Every member is requested to be present.

Today is the first day of June. There is an old saying that if it rains on the first day of June it will rain every day for forty days.

The returns from the first shipment of beans made from here are satisfactory, best selling for \$2.50 per box. From 75 to 100 crates are being shipped every morning now.

The huckleberries are getting ripe and the pickers will soon be happy. Our merchants will handle a good many of them this season.

Don't forget to attend the meeting of the military company tomorrow (Thursday) night. The Captain requests every member to be present.

One Populist boasted that the Populist convention was not a white man's convention, and was proud that they had two negro delegates.

Butler's hole that he had prepared for the Democrats was not filled in at the State convention. He probably still has that hole to let, or is occupying it himself.

A good mare belonging to Mr. D. Mc Brown died Sunday afternoon from nephritic colic, of which she had been sick for several hours. She was a splendid animal and is quite a loss to Mr. Brown who is farming some this year.

Rev. B. H. Melton, pastor of the Christian church at Wilson, will preach in the Christian church here next Tuesday night. Rev. F. F. Dawson is expected to be here also. Everybody is cordially invited to come and hear him.

Mr. J. W. Hayes is making a survey on the Cape Fear today at Smiley's Falls. Some valuable developments may be given out soon, which will add materially to Harnett's industries.

Mr. James R. Woodall, of Benson, and Miss Mollie Bailey, of this county, were married Sunday afternoon at the home of A. L. Bailey, Esq., father of the bride, in Grove township. Elder J. T. Coats, of the Primitive church, officiating.

A Populist remarked to us the other day that they, Rep-Pops—still had the coon. That is the trouble. Self-respecting Populists will not align themselves with the "coon" brigade this year.

Quite a number of our young people went to Rhodes' pond yesterday for a picnic. Some young people from Benson joined them in the afternoon. The jolly crowd of pic-nickers returned late in the evening and report a pleasant outing.

The formation of the battalion of colored troops is being made this week at Fort Macon. James H. Young of Raleigh will be Major of the colored troops. One company from Raleigh, one from Charlotte and one from Wilmington were taken to Fort Macon Monday.

We learn that two Harnett county boys have enlisted in the war, both sons of Mr. Jackson Byrd of Poe's. J. F. joined the first regiment and is now at Jacksonville, Fla. Walter joined the Fayetteville company and is now in the second regiment at Raleigh. We trust they may return home safe and with honors.

The war has not diminished the number of travelling salesmen to any perceptible extent and for this fact we do not think that it has affected business to much extent. It has had a tendency so far to advance the price of everything the farmer has to sell, also all that he has to buy. So honors are about even.

Cool beverages are selling rapidly these hot days.

We have been unable to get any items this week. The phone line is out of order.

The Populists are beginning to howl that the Democratic convention held in Raleigh last week was dominated by the Southern Railroad. They hope by this to sow seeds of discord in our ranks. A drowning man will catch at straws.

The convention that nominated Col. O. H. Dockery for congress in the sixth district, had a negro chairman, and negro secretaries. In fact it was run by negroes, yet it refused to pass resolutions endorsing the administration of Governor Russell. How is this for a Republican convention?

Buck Kitchin has returned to the Democratic fold. He gave some pretty lively denunciations of the negro rule in his section of the State, at the State convention. Many Populists will follow him this year.

The meeting at the Methodist church closed Sunday night. Our people highly enjoyed the excellent sermons preached by Mr. Puckett, and while little interest was shown by the ungodly, it is hoped that some good seed has been sown that may yield its fruit in due season. Under his preaching Christians were comforted and strengthened.

This is the way the latest song goes according to the Roanoke World: We don't want to buy at your place; we don't trade there any more. You'll be sorry when you see us going to some other store. You can't sell us any stale goods; we have opened wide our eyes; we don't want to trade at your store, 'cause you do not—ad-ve-r-t-i-s-e.

Mr. J. W. Lane received a fine blooded dark bay stallion from Tennessee last week which his partner, Mr. Galbraith purchased for him. He is a fine horse and is of the Denmark and Hambletonian strains of blood which produce some of the fastest and best horses. He is of fine size and a perfectly shaped horse and can be seen at Lane & Galbraith's stables.

The Union has now reached the point where it pays well to advertise in its columns. It now makes its weekly visit to about one thousand homes and is read each week by about five thousand men, women and children. The merchant who fails to tell the people of his bargains and invite the trading public to see him, is in his own light. If every customer who sees your "ad" in the paper would mention the fact when he goes to trade you would be astonished, and would be convinced that advertising pays.

Hail storms have been quite frequent this spring and few sections have escaped them. A severe one passed west and south of here last Thursday afternoon which did considerable damage to crops in some places. We learn that the cotton crop on Mr. W. C. Jackson's farm in Sampson county was so badly injured that he ploughed up and planted again. The hail stones were not very large ones but the ground was covered completely with them and Mr. Jackson gathered two wagon loads of them in a few minutes after the storm had passed. The storm began in Harnett some ten miles from here and reached on into Sampson doing much damage to crops in its path.

## A Severe Wind Storm.

Monday evening about half past five o'clock one of the severest wind storms in years passed through this town and surrounding country, accompanied by a heavy rain and hail. It blew down much timber and fence. Here in town it blew off the front gable of Mr. L. H. Kennedy's store, damaging the building twenty dollars or more. The tops of several stove flues and chimneys blew off. After the cloud had passed the lightning struck the telegraph wires and ran into the office at the depot, tore up the telegraph instruments, knocked the window panes out and set the office on fire. The operator was out of the office at the time but was near by and the fire was soon extinguished. The damage to the telegraph office is some thirty-five or forty dollars. Several telegraph poles were blown down in town and both telephone lines were broken.

S. C. P. Jones, Millsburg, Pa., writes:—I have used DeWitt's Little Early Risers ever since they were introduced here and must say I have never used any pills in my family during forty years of house keeping that gave such satisfactory results as a laxative or cathartic. Hood & Grantham.

## Union Hill Commencement.

The closing exercises of Union Hill Academy, Sampson county, were held last Thursday, and were witnessed by a large number of people, all of whom were highly pleased with the splendid exercises. The programme consisted of recitations, declamations, dialogues, etc, which were rendered in such a manner as to reflect credit upon both pupil and teacher. Some of the selections are worthy of special mention, but space forbids.

Only one failure occurred during the day, and that one was a great disappointment to all present, the speaker for the occasion, Rev. J. J. Douglass, of Clinton, failed to arrive, and consequently there was no address, but as the programme was rather lengthy, the crowd was entertained all the while by the school.

This closes one of the most prosperous sessions of the school, and is the last session Prof. Page will teach there. He has done a good work in that community, and the patrons of the school are highly pleased with him as a teacher, and regret very much to give him up. The people of the community are wide-awake to the importance of a good school, and are liberal supporters of the cause, and with such an interest as this we may hope even greater results for Union Hill Academy. If all our people throughout the country took the same interest in education that the good people of Union Hill are taking, our people would soon be an enlightened and educated people. May Union Hill Academy ever live and continue the great work it has started and grow in power and popularity each year.

Prof. A. J. Rosser, of Moore county, who has just completed the course at Trinity College, will succeed Prof. Page. He comes to the people of Union Hill highly recommended by Dr. Kilgo, and patrons from different sections of the country. Let the people give him their hearty support.

## A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at N. B. Hood's drug store. Regular size 50c and \$1.00. Guaranteed or price refunded.

The co-operation movement was nipped in the bud by the convention at Raleigh last week. The Democrats gave the would be traders the "marble heart."
