

# THE COUNTY UNION

WEDNESDAY, JULY 6, 1893.

DUNN, N. C.

## LOCAL DOTS.

Cantaloupes are ripe and plentiful now.

A train of twelve cars loaded with ammunition passed here Sunday afternoon going south.

Mr. Thomas M. Hall has moved from the postoffice building to the Culbreth dwelling on Broad street.

See the call of Chairman McLean for a meeting of the executive committee in another column.

The storks visited the home of Mr. and Mrs. H. G. Sutton on the Fourth and left a bright boy baby.

The regular north bound passenger train this morning had a car attached carrying the Fayetteville volunteers, colored, to Fort Macon.

Several of our citizens went to Rhodes' pond yesterday to fish. They returned in the afternoon with some nice strings of jacks, chubs and perch.

Postmaster Wilson has made some changes at the postoffice which is a decided improvement and makes it much more comfortable for the clerks.

The first watermelons of the season were on the market Saturday. Mr. A. M. Smith, of Benson, raised them. He brought another load Monday.

From the number of trains loaded with melons passing each day, we infer that the melon crop has been good this season.

Some of our tobacco farmers will commence curing tobacco in a few days. The plants through this section are well grown and have fine large leaves.

The cotton plants have grown rapidly for the last two weeks. On most farms the weed is small but is fruiting rapidly. Much damage to the plant by lice has been reported in some sections.

The threshing of wheat is nearly finished for this year through this section. The flour mills are grinding and are kept busy. The wheat grown in this section will affect the sale of flour here to a considerable extent.

Deputy Marshal, J. B. Dupree brought in two blockaders from Johnston county yesterday for a hearing before U. S. Commissioner Holland, but he had resigned and could not hear the case. Deputy Dupree took them to Raleigh to-day to the U. S. Commissioner there.

Chickens and eggs bring good prices on this market and the trade from them amounts to a large sum each year. Some one has figured out that the poultry industry in the United States exceeds that of any other by several million dollars each year.

A splendid rain fell through this section last night, which the farmers were glad to see, the earth was beginning to get too dry and crops were suffering some from the intense heat of the past ten days. We learn that a few miles west of us the rain was very heavy and accompanied by a thunder storm.

The train kills a hog nearly every day here in town, and still you can't miss them. The railroad company pays quite a sum during a year for hogs killed in the town. We would advise our people to diminish their stock of hogs for they must go out of town sooner or later, and the sooner the better for the health of the town.

The town aldermen at their regular session Monday evening passed ordinances prohibiting the riding of bicycles on the sidewalks in any part of the town and to prohibit the leaving of any boards with nails in them or broken glass etc., on the streets, sidewalks and gutters of the town. These ordinances are necessary and will be enforced. Parties who ride bicycles should take notice.

The fourth was pretty quiet here. Quite a crowd of colored people were in town and Prof. J. W. Byrd, of Smithfield, made them a speech at the town hall in the afternoon. He took morals for his subject and made a very good talk, giving his race some good advice. He made a lecture at the colored Methodist church last night on the five senses.

The sixth regiment of the Illinois volunteer troops passed here this afternoon on three special trains. They go direct to Santiago to re-enforce Shafter. Two of the trains stopped here and the boys all seemed in high spirits. They fired several blank cartridges while here.

The excursion to Norfolk to-day did not go and a large number of our people were disappointed as well as the managers, who received a telegram from Superintendent H. M. Emmerson of the Coast Line yesterday afternoon stating that he could not furnish the train as the government had called for trains to move troops to-day. The managers have been to considerable expense in advertising and we think it nothing but just that the railroad company should reimburse them.

Ed Wilkins, a young colored boy, was yesterday taken before Mayor Phillips for disobeying the ordinance about boarding trains and riding a few yards and jumping off as the train was pulling out. He had been repeatedly warned to stop it by the policeman and he was given the maximum penalty \$5.00 and costs. This law should be rigidly enforced and this passing through the trains by boys and persons who have no business should be stopped also. A crowd of men and boys are usually at the depot when the train arrives who have no business and some of them are frequently in the way of passengers getting off and on the train. These boys and men should be made to stand aside.

### Deaths.

Mrs. Mary A. Owen died in the 70th year of her age at the home of her daughter, near town, on Monday morning at 1 o'clock. Deceased was the mother of Elder J. F. Owen of this place. She had been a sufferer with paralysis for a number of years. Her remains were taken to the family graveyard at Jackson's X roads in Sampson and interred yesterday afternoon, Elder R. C. Jackson conducting the funeral ceremonies.

Mrs. Lottie Byrd died at her home in the Bunnlevel section Monday evening. She was mother of Mrs. J. W. Baine, of Dunn, and Mr. A. L. Byrd.

John H. Messer, Esq., an energetic farmer, died at his home in Aversboro township Monday morning.

### Negro Shot at Lillington.

Late Monday evening at Lillington a negro man known as George Moses, who is a noted rowdy of the place, got drunk and began to curse everything and everybody that came along. He was remonstrated to stop but to no avail and became extremely insulting and abusive to some of the best citizens of the place who had endeavored to quiet him, and he rushed on one young man and struck him and then a general row ensued in which the negro was shot several times. A riot was almost imminent. The negro was finally taken out of town. We learn that he is not seriously hurt.

### Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at N. B. Hood's drug store.

### Poor Richard's Almanac.

The speech of Father Abraham in the last number of Poor Richard's Almanac, published by Benjamin Franklin in 1757, "Contains the wisdom of many ages and nations assembled and formed into one connected discourse." When first published it attracted world wide attention and was copied in all the newspapers in America and England and translated into foreign languages. Would you not like to read it? Get a copy free of charge at N. B. Hood's drug store.

### People and Their Movement.

Mr. P. J. Jeffrey went to Wilmington Monday.

Mr. W. J. Washburn and wife, of Lillington, were in town yesterday.

Mrs. A. M. Pittman and children left Monday to visit relatives at Warrenton.

Dr. R. E. L. Skinner, a druggist from Enfield, spent last night and to-day in the city.

Mr. and Mrs. J. C. Cowell, of Raleigh, spent the Fourth here with relatives.

Mr. Claud Pope, who has been canvassing for the Chicago Portrait company, is home for a few days.

Mr. J. D. Gunter, of Sanford, was in town this week. If you are out of job write him, enclosing a stamp.

Miss Georgia Willford, of Giles' Mill, is visiting her sister, Mrs. A. E. Alderman, in the city.

H. T. Spears, Esq., returned home Sunday morning. He and his family are visiting in Lillington this week.

J. H. Ballance, Esq., went up to Smithfield Monday to hear Aycock and Jarvis. He says the old town was running over with Democrats.

Mr. J. L. Thompson and little sons, William and Wesley, went to Goldsboro Saturday to visit relatives, returning Monday. William will remain there with his grandparents until school opens.

Messrs Holliday and Privett, our hustling hardware men, returned from their tour to the western cities, where they inform us, they bought a mammoth stock of hardware, and had a delightful trip.

Mr. Enoch L. Lee, one of our bright young men who lives near town, went to Raleigh last week and enlisted for the war in Company A. (Fayetteville company) of the second regiment. He is the first from here to enlist and writes that a soldiers life is not so hard as he thought.

Capt. W. L. Williams, of Cumberland, was in town to-day. He has a son, Second Lieutenant Alexander Williams of the second regiment regulars at Santiago. Capt. Williams received a letter yesterday from his son which was written the day before the battle began. We hope he has escaped unhurt.

Mr. W. B. Austin has just received another large lot of Cantaloupe crates. They hold 1 1/2 bushels and cost only 12 1/2¢. The neatest and most durable crate we have seen. He sells berry crates at 35¢. Give him your orders.

### Ministers Meeting at Dunn.

There will be a Ministers' Meeting of the ministers of the Cape Fear Free Will Baptist Conference, held with the church at this place Saturday before the 5th Sunday in July. Evangelist T. H. Leavitt and Miss Mattie Perry will be present. H. W. JERNIGAN.

### J. B. Holland Deputy Collector.

Mr. J. B. Holland was appointed Deputy Collector for Harnett, Cumberland, Moore and Bladen counties last Saturday by Collector Duncan. He went to Raleigh Sunday to get his commission and be sworn in. He has resigned the office of United States Commissioner which he has filled for several years in a creditable manner. We suppose he will also resign his position as cotton-weigher for this town also. This leaves two good places open for some others. He takes the place of W. C. Troy, Esq., of Cumberland, who had to walk the plank. He will make a good officer.

### Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own household work, and is as well as she ever was. Free trial bottles of this Great Discovery at N. B. Hood's drug store. Large bottles 50 cents and \$1.00.

### A Religious Craze.

Our town has just passed through another two week's ordeal of "holiness, sanctification and fire" by two of the holiness preachers, Page and Avant, of South Carolina. They preach fire and divine healing, and on Saturday evening proceeded to perform their miraculous miracles of healing by anointing with oil. Some claimed to have been healed, and now say they will never again be guilty of taking medicine. The people of this community have seen this same thing tried before and it did not hold out and it is just a matter of time when our people will learn not to trust too much in every "faith doctor" that comes along. If these things be true, then it is a pity the medical science, and physicians of the land have not long ago found out that they were practicing a fraud on the people. We hope the day is not far distant when such a craze as this may be known in our community no more, and that people will not be deluded by every fellow who comes along with a tent claiming to have peculiar power with God. Let us pay more attention to our pastors—the men of God who are among us and whom we know. We often neglect our pastors both in sympathy and financially because some evangelist comes along preaching that the church members, preachers and all are on the downward road, and in many cases raising discord which ends in destruction to the church. Give us a rest from these goody-goody fellows who are going around turning the country up-side down, seeking coffers for their own support.

### FLOUR MILL.

The mill, known as the Carroll Avera mill, has been overhauled and refitted for grinding wheat. New bolting cloths and the latest improvements for making first-class flour. I invite your patronage.

O. P. SHELL, Lessee.

S. M. Geary, Pierson, Minn., writes: "DeWitt's Witch Hazel Salve is curing more piles here to-day than all other remedies combined. It cures eczema and all other skin diseases." Hood & Grantham.

I have made, and on hand now the best line of hand-made harness ever offered on the market in Dunn. Bring your old harness and have that repaired. Remember the old adage, "a stitch in time saves nine."

E. LEE.
