

THE COUNTY UNION

WEDNESDAY, JULY 13, 1898.

DUNN, N. C.

All local advertisements run in this column will be charged strictly 10 cents per line. Other local advertisements 5 cents per line for each insertion.

LOCAL DOTS.

—Yesterday was a cool day for July. Fire felt good, and many had one.

—The watermelons that have been placed on the market here so far are small. The seasons have not suited them this year.

—A train killed a cow for Postmaster Wilson and one for Mr. McD. Holliday Friday morning, just in the southern edge of town.

—Pure drinking water is one of the greatest preventives against fever. See that your wells are kept clean and the water pure.

—We learn from all section of the county that the prospects for carrying the county Democratic in November is growing brighter as the days go by.

—The rains of last week created a considerable freshet in the rivers. Black river was as full as it has been in some years. The bridge across it between here and Burlington came near being floated off. The Cape Fear was high for a day or two.

—A train of fifteen passenger coaches passed here last Thursday evening loaded with recruits for the second regiment of New Jersey volunteers now in camp at Jacksonville, Fla. These recruits were drilled and equipped.

—Many of our people remember Gus Fuller, of Fayetteville, who lived here a few years ago. He left here and joined the army. He is now at Santiago as Sargeant of Battery E. Sixth Artillery, having landed there last Saturday.

—Read the advertisement of Union Hill Academy in this issue. The trustees have employed Prof. J. J. Rosser, a graduate of Trinity College, who comes to them with strong endorsements as a gentleman of character and a teacher of ability.

—For several weeks we have overlooked and failed to make mention that our friend Mr. Alfred Taylor has accepted a position with Mr. N. B. Hood in the drugstore. He is a very bright young man and will doubtless do well in his chosen profession.

—The Populist leaders in this county are somewhat at sea. They do not know exactly which way to go or what to do. The voters of their party are inclined to be independent and they fear that they can't be induced to vote for and with the Republicans as they did two years ago.

—The members of the executive committee of the Democratic organization in the county are all earnestly requested to attend the meeting at Lillington next Monday. An early convention is thought by our leading Democrats to be the best this year. Let us get our candidates in the field early and get to work to redeem the State.

—There are quite a number of cases of fever through the country. We are informed that one family in Sampson county, about fifteen miles from here, has been visited terribly by the fever. The father, mother, and two children have died and last week there were four of the children left sick with fever and in a critical condition.

DELINQUENT TAX PAYERS!!

The town aldermen have instructed me to collect all delinquent taxes due for 1897, at once. You are hereby requested to see me and settle or your property will be advertised and sold for same, with all costs, without further notice.

Respectfully,
M. L. WADE, Marshal

—The town authorities should have the large well on Lucknow Square cleaned out and buckets or pumps put in so that the water could be used. As it is now it is almost a nuisance and fit for nothing only to breed mosquitoes. If water were drawn from it every day, as would be if it were cleaned out and appliances for drawing water put in, the mosquitoes would not breed in it. It also needs a better curb.

—From all sections around us comes the report that cotton plants are small and a poor crop is expected. Corn is reported to be good and growing rapidly. There is plenty time yet to make a good cotton crop. Last summer our farmers reported, even up to the middle of September, that the crop of cotton was poor, yet few of them ever gathered a larger crop.

—The recent ruling on the internal revenue act as regards civil service, has started up quite a number of petitions for store-keepers and gaugers. A job that pays two dollars a day is much sought after. There are about 150 store-keepers and gaugers in the State that will walk the plank and make room for that number from the pie brigade.

—The town ordinances spoken of in our last issue in regard to riding bicycles on the sidewalks of the town, and throwing glass, boards with nails in them and other rubbish on the streets, sidewalks or gutters did not go into effect at once as stated, but will go into effect on July 20th. So all can take notice of the date.

—Yesterday as the local freight was nearing the depot here the train separated. The engine and cars to it went through town at a lively speed in order to leave the detached part a good way behind. The brakes were applied vigorously to the cars that were detached and stopped as they pulled by the depot. No damage was done.

—We are informed by an anonymous correspondent from Leaflet, that the Fourth was celebrated in that section by fighting fire in the woods, which caught from a tree that was struck by lightning the week before. The fire burned over a large area of woodland. All persons writing communications to us should sign their full name, otherwise the communication goes to the waste basket.

—The war spirit is growing with the boys now. Troy Wade, son of I. W. Wade, of this place left Saturday for Raleigh to enlist and Pearl Norris, son of Mr. Tim Norris, left Monday to join him. There are several others who are too young that are anxious to get off but cannot get the consent of their parents. The young chaps are full of patriotism just now. They would like to get a shot at the Spaniards. When there is any parade of arms or beating of drums, you can count on young America, they'll be there, and when the nation calls for soldiers to protect the honor of their country they'll be there also.

—We learn that there are a host of applicants for the place of cotton weigher. The applicants are scattered all over the county, and from what we hear, four-fifths of the Populists and nine-tenths of the white Republicans in the county are applicants for the place. We don't know how many Democrats there are that are candidates for the place, but as the prospects for a Democrat is not flattering, there is probably only a few. Gentlemen, you are just a little too previous in your candidacy. Mr. Holland has not resigned yet and there are several weeks before any cotton will be on the market. Only one man can get the place and he should be a good one. If the new man will give satisfaction as well as Mr. Holland the people will not kick.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at N. B. Hood's drug store, only 50c. per bottle.

FLOUR MILL.

The mill, known as the Carroll Avera mill, has been overhauled and refitted for grinding wheat. New bolting cloths and the latest improvements for making first-class flour. I invite your patronage.

Miss Leona McCullen, who has been visiting Mrs. J. R. Bass, on Broad street, returned to her home at Clinton yesterday, accompanied by Mr. A. W. Aman, of Clinton, who came Sunday.

Mrs. R. C. McNeill, who has been visiting her sister, the mother of the lamented Ensign Worth Bagley, in Raleigh, passed through here Monday afternoon on her way to her home in the Little River Academy section.

Poor Richard's Almanac.

The speech of Father Abraham in the last number of Poor Richard's Almanac, published by Benjamin Franklin in 1757, "Contains the wisdom of many ages and nations assembled and formed into one connected discourse." When first published it attracted world wide attention and was copied in all the newspapers in America and England and translated into foreign languages. Would you not like to read it? Get a copy free of charge at N. B. Hood's drug store.

E. C. Blanks, of Lewisville, Texas, writes that one box of DeWitt's Witch Hazel Salve was worth \$50.00 to him. It cured his piles of ten years standing. He advises others to try it. It also cures eczema, skin diseases and obstinate sores.

Foot Mashed by Hand-Car.

Early Monday morning the hands who are building the lumber road for Mr. Thos. M. Hall, started out to work and took a hand-car to the mill to go out to where they were laying track. When they got near the end of the track they were going pretty fast and saw they could not stop the car before it would run off the rails and they commenced to jump off. In trying to get off Mr. J. W. Bass got his right foot caught under the wheel of the car which passed over it crushing it badly. He was brought to his home in town and Doctors Moore and Denning were called. They found the fourth toe was so badly crushed that amputation was necessary and took it off. The wound was dressed and the patient was left resting quietly. It is quite a serious accident to Mr. Bass, who is a hard working young man and dependent on his labor for the support of his wife and baby. We wish him a speedy recovery.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by N. B. Hood, Druggist, Dunn, N. C.

In Memoriam.

In loving memory of Annie E., daughter of A. L. and Lucinda Tew, who died May 20th, 1898. It was, O so hard to part with little Annie, but when we think of the precious words of Jesus when He saith "Suffer little children to come unto me for of such is kingdom of Heaven," we submit to Him who doeth all things well. "Asleep in Jesus, blessed sleep; where none ever wakes to weep."

Her Father,
A. L. Tew,
Falcon, N. C.

A Wonderful Discovery. The last quarter of a century records many wonderful discoveries in medicine, but none that have accomplished more for humanity than that sterling old household remedy, Brown's Iron Bitters. It seems to contain the very elements of good health, and neither man, woman, nor child can take it without deriving the greatest benefit. Brown's Iron Bitters is
