anything you want? Most people can't. When you can't, it's called "indigestion," which develops "dyspepsia"—the agonizing terror of the age.

**CURED BY ONE BOTTLE.**  
"I suffered for several months with indigestion and could scarcely eat anything without intense suffering afterwards. I found no relief until Coleman's Guarantee was recommended. I bought one bottle, and took it as directed, and from the very first found relief, and by the time I had taken the first bottle was not only feeling better, but was entirely cured."

**Good Schools and Farmers.**  
A RURAL STATE THAT HAS GOOD PUBLIC SCHOOLS.

Iowa is a rural state, having 41 persons to the square mile. Its largest city contains about 63,000 people. Of the entire population of 2,231,853, less than 300,000 live in the fourteen cities of more than ten thousand inhabitants. The public schools are kept open 160 days or 8 months in the year; of the 735,159 children of school age (5 to 21), 562,662, or 66 3 per cent, are enrolled in the public schools, and the average daily attendance is 373,159, 76.5 per cent. There are 18,498 school rooms in use, and 18,984 teachers are engaged in teaching through the eight months—a teacher for every 29 children enrolled.

During last year the 99 teachers' institutes were attended by 19,231 teachers. The average length of these institutes was two and a half weeks, and over \$59,000 were paid for instruction and lectures. The value of the public school property in the state is \$18,223,749. The total cost of the schools in 1900 was \$9,321,052, an increase over 1899 of nearly \$1,500,000.

The public school libraries contain 453,454 volumes. The average salary of county superintendents is \$1,242. The total expenditure for schools amounts to about \$180 on each \$100 of taxable property, and \$4.17 per capita of population.

**GOOD FOR RHEUMATISM.**  
Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured—SALLIE HARRIS, Salem, N. J. For sale by Hood & Grantham.

WILL NOT HIDE MY LIGHT UNDER A BUSH.

GENTLEMEN:—I will not hide my light under a bushel, for I want the people to know what your Gooch's Mexican Syrup has done for me. For four years I have been afflicted with Asthma, and could not get anything to do me any good until I got your Gooch's Mexican Syrup. I took three bottles and it cured me entirely. I give you this hoping it may be the means of saving some one from a horrible and premature death. Yours under obligations,  
REV. THOS. B. WARWICK, Scott Town, O.

Consumptives try it. It cures a simple cough as if by magic, and is the best remedy for whooping cough. Price 25 cents.

### DO YOU WANT TO VOTE?

It is materially essential that every white man, who is required to pay poll tax should have his tax receipt on or before May 1st, 1902. No danger confronts us on account of the educational qualification among our people because those that cannot read and write as prescribed by the Amendment to the Constitution, could vote on Jan. 1st, 1867, or prior thereto, and if not in this class, they are the lineal descendants of some person who could, and hence the white people of Harnett county will not be effected along this line by the new law.

This part of the Amendment to the Constitution has been considered the most vital part of it—and is, to all except the white people—the part that effects the white people we are now endeavoring to impress upon the public. That is Sec. 4 of Chap. II, of the Adjourned Session 1900 of the Legislature of North Carolina which requires that "before he (the elector) shall be entitled to vote he shall have paid on or before the first day of May of the year in which he proposes to vote, his poll tax for the previous year as prescribed by Article V, Sec. 1, of the Constitution." This section only applies to persons between the ages of twenty-one and fifty years.

Those voters who are over fifty will not be effected by this part of the law. But those electors who are less than fifty will have to see that their poll tax is paid on or before the first of May 1902—unless the County Commissioners have released such voter on account of poverty or infirmity—or they stand a good chance to lose their vote in the coming election of this year. The tax required to be paid is the poll tax for the year 1901 and not for 1902 as some have understood it to be. We will have an entirely new registration in North Carolina this year to put in force and operation our Constitutional Amendment which was so triumphantly ratified at the August election 1900 and in this registration it will have to be shown that these poll taxes have been paid by those who are of taxable age and applying for registration.

The Secretary of State of Louisiana informs us that a number of worthy men were not put upon the permanent roll because this feature of the law was overlooked. This was also true in another state in which franchise laws have been recently passed, but there's no reason why this should occur in this state and especially in Harnett County.

Then let every patriotic citizen bestir himself to see that every white man obtain this information and get himself on the permanent roll this year—which will contain all that is noble, true and good of the electors of this grand old commonwealth.

**Neglect Means Danger.**  
Don't neglect billousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says, "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." Hood & Grantham.

**Tallest Man in America.**

Montana will have at least one exhibit at St. Louis Exposition which will attract attention, according to The Globe-Democrat. The State will send the tallest man in America—Edward Beupre, aged twenty-one, who is 7 feet 10 1/2 inches in height and weighs 367 pounds. He sleeps on the floor in hotels because no bed is large enough to hold him. On the ranch where he has worked five years he often takes a 1,000 pound horse under his arm and carries it about the pasture. He can walk off with 2,000 pounds on a straight lift. Unlike many giants, Beupre is well developed generally. His chest measure is 54 inches, hips 64, neck 21, head 28 and wrist 10. His span with arms extended is 92 inches, and he wears No. 22 shoes.—Exchange.

### FOR HARNESS and Saddle Sores Mexican Mustang Liniment

It's this way: You can burn yourself with Fire, with Powder, etc., or you can scald yourself with Steam or Hot Water, but there is only one proper way to cure a burn or scald and that is by using

### Mexican Mustang Liniment.

It gives immediate relief. Get a piece of soft old linen cloth, saturate it with this liniment and bind loosely upon the wound. You can have no adequate idea what an excellent remedy this is for a burn until you have tried it.

**A FOWL TIP.** If you have a bird afflicted with Roup or any other poultry disease use Mexican Mustang Liniment. It is called a STANDARD remedy by poultry breeders.

### An Old Garden.

Perhaps no word of six letters concentrates so much human satisfaction as the word "garden." Not accidentally indeed did the inspired writer make paradise a garden, and still today, when a man has found all the rest of the world vanity, he retires into his garden. When man needs just one word to express in rich and poignant symbol his sense of accumulated beauty and blessedness, his first thought is of a garden. The saint speaks of "the garden of God." "A garden inclosed is my sister, my spouse!" cries the lover, or "There is a garden in her face!" he sighs, and the soldier's stern dream is of a "garden of swords." The word "heaven" itself is hardly more universally expressive of human happiness than the word "garden."

And you have only to possess even quite a small garden to know why—a small old garden. So long as it be old it hardly matters how small it is, but old it must be, for a new garden is obviously not a garden at all. And most keenly to relish the joy which an old garden can give you should perhaps have been born in a city and dreamed all your life of some day owning a garden. No form of good fortune can, I am sure, give one a deeper thrill of happy ownership than that with which one thus city bred at last enters into possession of an old country garden.—Julius Noregard in March Harper's.

### THE BEST BLOOD PURIFIER.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at Hood & Grantham's drug store.

### Marries Pupil he Whipped.

Professor W. W. Womack, of Stonefort, Ill., principal of the public school there, was called upon a month ago to correct Mary Marshall, a fair pupil of eighteen summers, for disobeying the rules of the school. He gave her the choice between a whipping and suspension from school. She chose the whipping, which the professor proceeded to administer publicly. While he was administering the lashes the pleading eyes of the pupil met those of the professor. With his sternness suddenly changed to pity for the culprit, he dropped his lash, and gave up the task. A few days ago, a week after school closed, the two were married at the home of the bride's parents in Stonefort. Apparently they are the happiest couple on earth.

### His Own Experience.

"After years of bitter experience, including bankruptcy, I found of Virginia is a breeding ground of Malaria germs. So learned the value of advertising," says Mr. C. C. Shayne, the largest fur merchant in New York. "I discovered that the road to success is through judicious advertising. I believe in advertising, and I think that if \$10 worth of newspaper space pays \$15 worth will pay better; if \$25 worth pays \$50 worth will pay better—and so on until your business reaches such a magnitude that you cannot supply the demand. Even then it is not good policy to quit advertising."—Philadelphia Record.
