Bullet in His Heart, He Lives.

Oldest Man in the World.

The thirty first congress of the German Chirurgical Association opened here to-day with a discussion of the first treatment of the wounded in battle. Prof. Von Bruns, detailing the former practice resulting from experiences in Cuba and South Africa, declared that antiseptic bandages were undoubtedly ideal for the battlefield, superseding antiseptic treatment.

Prof. Bergmann introduced several patients to illustrate the desirability, as far as possible, of not molesting wounds by probing and other operations. The most remarkable case was that of a man who attempted to commit suicide with a small calibre gun. The bullet penetrated the heart, but the wound healed quickly. Subsequently X-rays revealed the bullet lying on the right ventricle, bounding with each beat. Eventually it became encased, and now moves rhythmically with the heart, not causing the least inconvenience.—Berlin Dispatch.

According to annual announcements from New Brunswick, N. J., the old negro named Noah Koby is the oldest man on this continent. He was born at Edenton, N. C., and has just celebrated his 130th anniversary. If he is really so old he is in all probability the oldest being who ever lived on this continent or who now lives in the world. A dispatch tells this, but we are decidedly sceptical of his age. Raby is blind and toothless, but his memory still remains clear. He was born in Edenton, N. C., and the dates he gives of past events have been verified for the years he claims.—Wilmington Messenger.

THE GREAT DISMAL SWAMP

Of Virginia is a breeding ground of Malaria germs. So low, wet or Marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce serious maladies. But Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. C. L. Wilson guarantees satisfaction.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Haller, of Mt. Crawford, Va. This remedy is for sale by Hood & Grantham.

DO YOU WANT TO VOTE?

It is materially essential that every white man, who is required to pay poll tax should have his tax receipt on or before May 1st, 1902. No danger confronts us on account of the educational qualification among our people because those that cannot read and write as prescribed by the Amendment to the Constitution, could vote on Jan. 1st, 1867, or prior thereto, and if not in this class, they are the lineal descendants of some person who could, and hence the white people of Harnett county will not be effected along this line by the new law.

This part of the Amendment to the Constitution has been considered the most vital part of it—and is, to all except the white people—the part that effects the white people we are now endeavoring to impress upon the public. That is Sec. 4 of Chap. II, of the Adjourned Session 1900 of the Legislature of North Carolina which requires that "before he (the elector) shall be entitled to vote he shall have paid on or before the first day of May of the year in which he proposes to vote, his poll tax for the previous year as prescribed by Article V, Sec. 1, of the Constitution." This section only applies to persons between the ages of twenty-one and fifty years. Those voters who are over fifty will not be effected by this part of the law. But those electors who are less than fifty will have to see that their poll tax is paid on or before the first of May 1902—unless the County Commissioners have released such voter on account of poverty or infirmity—or they stand a good chance to lose their vote in the coming election of this year. The tax required to be paid is the poll tax for the year 1901 and not for 1902 as some have understood it to be. We will have an entirely new registration in North Carolina this year to put in force and operation of our Constitutional Amendment which was so triumphantly ratified at the August election 1900 and in this registration it will have to be shown that these poll taxes have been paid by those who are of taxable age and applying for registration.

The Secretary of State of Louisiana informs us that a number of worthy men were not put upon the permanent roll because this feature of the law was overlooked. This was also true in another state in which franchise laws have been recently passed, but there's no reason why this should occur in this state and especially in Harnett County.

Then let every patriotic citizen bestir himself to see that every white man obtain this information and get himself on the permanent roll this year—which will contain all that is noble, true and good of the electors of this grand old commonwealth.

Neglect Means Danger.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Battered, Mich., says, "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never grip or cause nausea." Hood & Grantham.

Home of the Easter Lily.

There is a striking anomaly in the fact that Bermuda, the home of the Easter lily, was called, on its discovery, "the Isle of Devils."

Although the lilies of Bermuda—the fields white with their satiny leaves, the air heavy with their fragrance—have been known and loved by all visitors to the "isles of summer," they did not become "Easter lilies" until so recently as 1875. It is said that they were introduced into the United States in that year by an American woman who brought a few plants to a Philadelphia florist. Charmed by the beauty of the flowers, he cultivated the plants carefully from the bulbs until he had a number. Other florists purchased from him, then bulbs were imported from Bermuda, and now the lily is grown here profusely in all the hothouses.—Exchange.

CASTORIA.
The Kind You Have Always Bought
Beware the Signature
W. L. VERNON, T. P. A. Charlotte, N. C.

FOR HARNESS and Saddle Coro Mexican Mustang Liniment is just what you need. It takes effect at once, and you will be astonished to see how quickly it heals sores.

It's this way:

You can burn yourself with Fire, with Powder, etc., or you can scald yourself with Steam or Hot Water, but there is only one proper way to cure a burn or scald and that is by using

Mexican Mustang Liniment.

It gives immediate relief. Get a piece of soft old linen cloth, saturate it with this liniment and bind loosely upon the wound. You can have no adequate idea what an excellent remedy this is for a burn until you have tried it.

A FOWL TIP. If you have a bird afflicted with Roup or any other poultry disease use Mexican Mustang Liniment. It is called a STANDARD remedy by poultry breeders.

Poker Training Needed.

There is a sad man going west, who was sent to New York by a big manufacturing concern to get "next" to the steel crowd, this means the hobbly with the bevy of great brained, long-pursed and full-blooded gentleman who make the Waldorf-Astoria their headquarters. The westerner proceeded to get "next" immediately. He was invited to sit in a little game of poker. The first night he lost \$700. The next night he lost 1,800. Then he wrote his firm and told them that if they wanted to get "next" to a gang of men who knew no limit but the stary vault of heaven they would have to allow him poker money. They wrote back and told him to open an account in a bank for poker and that they would adjust it at the end of two months. He did. At the end of eight weeks he was \$8,000 out and he informed the company. The day they got his letter he got this wire: "Come home. What we need in New York is a man who knows more about poker and less about steel."—Pittsburg Dispatch.

Perplexities that Come With Triplets.

"I was called," said a physician, "to attend triplets. The three youngsters, a few weeks old, lay side by side in a crib, and it was a physical impossibility to tell one from the other. Each had a different ailment. The mother knew that one had a cough, but did not know which it was. Mother and doctor waited for a cough, before deciding to which of the trio it belonged.

"A different medicine was prescribed for each, and the anxious mother was perplexed to know how she should avoid giving the wrong medicine to the wrong child. The doctor came to the rescue by placing a piece of red flannel around the neck of one bottle and a strip of similar material around the arm of the child to whom it was to be given. White linen and a piece of green cloth were used respectively for the other two."—Philadelphia Times.

A wise girl in Kirwin, Kan., ties an apron around her waist whenever she sees her "steady" coming, and when she lets him in she blushes and excuses herself on the plea that she has been "helping mamma."—Kansas City Journal.

A DOCTOR'S BAD PLIGHT.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarborough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by C. L. Wilson, 50c and \$1.00. Trial bottles free.

"WINTER HOMES IN SUMMER LANDS."
