## How Will it Affect the Farmer?

There has nothing definite been given the public yet regarding the great harvesting machine combine just formed, any more than that it is a combination made by the consolidation of the McCormick, Deering, Piano, Champion & Milwaukee machine companies, and that it has the enormous capital stock of \$120,000,000.

The only large company in the United States not in the combine is D. M. Osborne & Co established as far back as 1858 and for years acknowledged as makers of the largest line of farm machinery and implements of any one house in the world. Whether they are not in the new organization because they would not or could not get in, the public does not know. It is sufficient to assume that the new company is organized with a view of regulating prices and multiplying profits and it would seem that the farmer should find comfort in the thought that D. M. Osborne & Co. have not entered into the compact with the rest and it is hoped that a strong enough competition can be maintained outside of this new mammoth organization to guarantee to the agriculture a reasonable price at which he may purchase his farm machinery.

We understand the Osborne Company are thoroughly organized throughout the United States and have a well established trade in nearly all foreign countries. Their factory is most completed and as matters now stand it is the largest in the world maintained by any independent company.

## CAUTION.

This is not a gentle word—but when you think how liable you are not to purchase for the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others, that are cheap and good for light colds perhaps, but for Coughs, Bronchitis, Croup, and especially for Consumption, where there is difficult expectoration and coughing during the nights and at mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world.

## Democratic Platform.

Following is the platform adopted by the Democratic State Convention at Greensboro, at its session on July 16, 1902:

"We congratulate the people of North Carolina upon the adoption of the suffrage amendment and upon the benefits that have resulted therefrom and we pledge the Democratic party to faithfully maintain it by every legitimate means and we demand that the Republican party shall declare its purpose either to accept or reject it, and until it is accepted as a finality by all parties we declare it the duty of the white people to stand together for its protection.

"The Democratic party representing the intelligence, the virtue and the manhood of the people of the State, recalls with pleasure the entire absence of scandals during its administration of public affairs and the gratifying advancement that has been made amongst us in all industrial lines. We have fostered agriculture and promoted manufacturing and have given to capital full security and have protected the rights of labor. We pledge the party to a fair and just system of taxation and we demand that all subjects of taxation shall bear the just and equal proportion of the burdens of government.

"We renew our pledges for the extension and improvement of the public schools of the State so that it may keep pace with the needs and conditions of the people, and point with pride to the great impetus and progress in this great work during the last two years and call attention to the fact that this year, for the first time in the history of the State, every school district has been able to maintain a public free school for four months as required by the constitution. We believe that the permanent prosperity of the people of this state depends largely upon the construction and maintenance of good roads and we pledge the party to the hearty support of all wise measures to that end. We heartily commend and endorse the administration of Gov. Charles B. Aycock and other State officials for their faithful execution of the party's promises in so far as the same has been possible.

"We likewise extend our appreciation and endorsement of United States Senator F. M. Simmons and to our Democratic representatives in congress and congratulate them and the people of the State for their faithful and official services to the State in councils of the nation.

"We affirm our allegiance to the Democratic party and its principles as enunciated in its national platform. We denounce the policy of imperialism as inaugurated by the republican national administration and declare it to be obnoxious to our form of government and fraught with danger to the existence of the republic. We denounce as oppressive and illegal those combinations of capital known as trusts and monopolies that still competition, throttle individual effort and destroy the generous spirit of rivalry that should exist in the commercial world.

"We denounce the deceptive and sordid course of the republican party in congress in furthering the existence of the trusts by its refusal to enact legislation restricting them and enforce in good faith the existing laws against them that party being in full control of all branches of the government.

"We denounce the present iniquitous, unjust, and trust-creating protective tariff, imposed upon the people by the Republican party, and demand its immediate revision, to the end that all unjust burdens shall be removed and especially upon the necessities of life. Its provisions enable the trusts to export from the people unreasonable profits and sell their products to consumers at home at greater prices than are charged for the same goods to the foreign consumer. We demand, therefore, that all such trust-made goods be placed on the free list. We favor the establishment of the Appalachian Park and urge that our senators and representatives in congress use their best efforts to secure establishment.

"We again appeal to the people with a confidence that it is only from the Democratic party that there can be expected an honest, capable and efficient administration of the government of the State and point with pride to its past history in the admin-

## BEWARE OF THE KNIFE.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example it is seldom needed. De Witt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "De Witt's Witch Hazel Salve cured me in a short time." Soothes and heals. Hood & Grantham.

Job evidently had no desire for fickle fame. He was in a position to win out as a manufacturer of profane history—but he didn't.

A SAD DISAPPOINTMENT. Ineffective liver medicine is a sad disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. De Witt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are tonic to the liver. Cure biliousness, torpid liver and prevent fever. Hood & Grantham.

"WINTER HOMES IN SUMMER LANDS." The above is the title of an attractive booklet just issued by the Passenger Department of the Southern Railway. It is beautifully illustrated and fully describes the winter resorts of the South. A copy may be secured by sending a two-cent stamp to S. H. Hardwick, G. P. A., Washington, D. C.
