WANTED—A respectable man heretofore a Democrat, connected with the cotton milling interests, to accept the Republican nomination for Congress in the Fifth District. If defeated he will be "taken care of." Address "The Doodle Boss," care the Roaster, stating how many cotton mill votes the applicant controls.—Ramskatte Roaster.

The man who goes into the convention of his party as a democrat and accepts nominations or makes nominations, and he fails to dissent from the action of the convention, he is in honor bound to support the convention's nominees in the election. The man who participates in the nomination of a ticket and then works in opposition to the ticket by putting up independents or impliedly endorsing Republicans is guilty of bad faith, and you had better keep your eye on that man in the future.

The Merritt-Blackburn affair seems to be one of conspiracy. If this be true it puts Senator Pritchard, Blackburn and Cowles in a precarious condition. One of the ablest lawyers in the State declares that they are indictable under the laws of North Carolina and should be prosecuted. Because these men hold prominent offices is no reason why they should not receive the full penalty of the law. The people expect the Solicitor of the 15th district and the Grand Jury of Buncombe county to take some action in the matter.

Now let us do a little figuring and we see what a figure the Senator (Pritchard) and his supporters will cut in their condemnation of the Democrats of this State for the appropriations for the boys and girls; the unfortunates confined in the jails or county homes, and the ex-Confederate veterans.

Senator Pritchard and the Republican Congress appropriated and authorized contracts requiring future appropriations aggregating \$1,063,000,000. There are 76,000,000 people in this country. The appropriations, therefore, of just one, the last session of the Republican Congress were just \$14 for each man woman and child including Indians not taxed and our people who failed to pay their poll tax in time to vote this year. Now look at North Carolina. There are according to the last census, 1,800,000 souls residing in North Carolina in round numbers. Hold your breath now! According to the average above stated of \$14 for each individual for the whole country, the people of North Carolina, men, women and children, white and black, are taxed by the appropriations of the last Republican Congress twenty-five million two hundred thousand dollars \$25,200,000. How much appropriated in North Carolina? Two hundred thousand for schools, \$100,000 for veterans and widows and orphans of veterans and \$200,000 for enlarging the hospitals and making more room in the asylums, for the insane, who have been heretofore confined in jails, etc. It costs the Democratic administration in this State about \$1.33 for each man, woman and child in the State to run the State government and pay off the appropriations. The \$1.33 is Democratic expenditures, while the \$14 for each individual is Republican expenditures. See!

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave little if any relief, when a neighbor learning of his serious condition brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by Hood & Grantham.

The Republicans are at all times these days abusing the Democrats for expenditures by the administration. One of the appropriations that they abuse is the appropriation to pension the Confederate soldier. The Republican party has always been against him. When the first pension bill was passed a few years ago, which appropriated only about thirty thousand dollars on account of the depleted condition of the State treasury. The doors of the Assembly Hall had to be closed to keep the Republican members from stampeding; and when the doors were closed and members forced to vote on the measure, every Republican in that Legislature voted against the bill. Now this same gang comes to these "battle scared heroes" and say they ought to vote the independent and Republican ticket, because the Democratic party has disfranchised the negro, and perpetuated the white man's government in the State. Citizens, will you be deluded by this siren voice?

One Republican appropriation by the Congress, or rather an act which means an annual appropriation, for the Lord knows how long, the Senator is disposed to boast of, and that is allowing deserters from the Confederate army who afterward joined the Union army to be put on the pension rolls as honorably entitled along with all the brave Union soldiers to the grateful consideration of the people and the gracious benefits of their money.

This, it is claimed, will bring several hundred thousand dollars "into North Carolina." With all this gravity to dishonor, still the share of the people of this State, according to the per capita average of the last winter's Republican tax bill is twenty-five millions of dollars. How can Senator Pritchard approach Democrats with such figures as these? The Republicans pension the deserter and scorn the veteran; the democrats honor and pension the veteran for his virtue and heroism and spurn the deserter on account of his infamy. Voter, coolly compare the two. Which will you support?

A PARSON'S NOBLE ACT.
"I want all the world to know," writes Rev. C. J. Badlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they exceed anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them! Only 50 cts. Satisfaction is guaranteed by C. L. Wilson.

A CARD.

M. F. GAINEY,
J. W. JORDAN,

Democratic Speaking.

The Democrats of Harnett and adjoining counties had the pleasure of hearing two of the most distinguished citizens of North Carolina last Monday. They were Hon. W. W. Kitchin and Hon. G. B. Patterson, one the congressional nominee of the Fifth, and the other of the Sixth district.

Mr. J. M. Davis, of Linden, introduced Mr. Patterson, who spoke for nearly an hour with force, pathos and eloquence. He said in part: "That after the misuse by the Republicans in 1868-9 and 1895-7, it is strange that they should now even raise their heads." He made a vivid comparison of Democratic with Republican rule and expenditures.

Again he said: "Senator Pritchard, when in the Senate of North Carolina, voted against the bill to pension the Confederate soldiers of North Carolina, which bill appropriated about \$30,000 to the helpless and maimed heroes; but when he got to the Senate of the United States, he secured the passage of a bill which appropriates one million dollars to deserters and traitors."

His speech was strong and convincing and one that carried conviction to those who heard him.
M. F. Hatcher, Esq., in a brief and happy manner introduced Hon. W. W. Kitchin, who arose amidst hearty applause. He showed that the Philippine policy was the same that sustained monarchy, force and tyranny in European governments. That it was a king-like power which the Republicans were exercising in the Orient. Then he discussed trusts and vividly showed how they were robbing the people. That the American manufacturers were selling the products cheaper abroad than at home. That the Russian peasant and German barger is buying farming implements cheaper than the American farmers. That sewing machines were selling cheaper in Mexico than in North Carolina, all made by Americans. He closed his speech with a strong plea for Democracy.

Our people have never heard two better speeches.
Mr. Patterson will make a very strong campaign and both he and Mr. Kitchin will represent their districts in the next Congress of the United States.
