Parisian Trees.

Paris is said to lead the world in the culture of city trees. The success of the French capital is due not so much to an admirable soil climate as to a well organized system of caring for the trees.

In large nurseries young trees are grown and prepared for the Parisian streets. The culture of the soil is elaborated. From the very beginning the trees are pruned and staked to compel a straight growth. By frequent transplanting the roots become so hardened that they are enabled to withstand injury due to transportation. When a tree is sufficiently large, it is set out in the streets with the same care that was lavished upon it in the nursery. Often the cost of planting a single tree is \$50. Whenever a storm destroys the city trees the nursery can be immediately drawn upon for another supply.—Ex.

Hancock's Liquid Sulphur baths are superior to those of the most celebrated sulphur springs, having the additional advantage of being made any desired strength. Taking medicine by absorption into the system through the skin by taking medicinal baths is a very efficient method of obtaining a constitutional treatment. It never fails to cure eczema and all blood and skin diseases. Ask your druggist for a book on Liquid Sulphur. For Sale by Hood & Grantham.

CAUTION.
This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others, that are cheap and good for light colds perhaps, but for Coughs, Bronchitis, Croup, and especially for Consumption, where there is difficult expectoration and coughing during the nights and at mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world.

Short and sweet—a baby. Of course this applies only to your own baby.

RHEUMATISM OF 17 YEARS CURED.
People who have been cured sound the praise of URICISOL. Mr. Mary E. Hartwell, wife of the treasurer of Los Angeles, Cal., says: "I desire to express my sincere appreciation of your remedy. After 17 years of constant affliction, often times helpless with swollen feet and hands, I used six bottles of URICISOL, and now, after two years' release, gratefully acknowledge a permanent cure. Druggists sell it at \$1.00 per bottle, or six bottles for \$5.00.

HE LEARNED A GREAT TRUTH.
It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley because one telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by Hood & Grantham.

Democratic Platform.

Following is the platform adopted by the Democratic State Convention at Greensboro, at its session on July 16, 1902:

"We congratulate the people of North Carolina upon the adoption of the suffrage amendment and upon the benefits that have resulted therefrom and we pledge the Democratic party to faithfully maintain it by every legitimate means and we demand that the Republican party shall declare its purpose either to accept or reject it, and until it is accepted as a finality by all parties we declare it the duty of the white people to stand together for its protection.

"The Democratic party representing the intelligence, the virtue and the manhood of the people of the State, recalls with pleasure the entire absence of scandals during its administration of public affairs and the gratifying advancement that has been made amongst us in all industrial lines. We have fostered agriculture and promoted manufacturing and have given to capital full security and have protected the rights of labor. We pledge the party to a fair and just system of taxation and we demand that all subjects of taxation shall bear the just and equal proportion of the burdens of government.

"We renew our pledges for the extension and improvement of the public schools of the State so that it may keep pace with the needs and conditions of the people, and point with pride to the great impetus and progress in this great work during the last two years and call attention to the fact that this year, for the first time in the history of the State, every school district has been able to maintain a public free school for four months as required by the constitution. We believe that the permanent prosperity of the people of this state depends largely upon the construction and maintenance of good roads and we pledge the party to the hearty support of all wise measures to that end. We heartily commend and endorse the administration of Gov. Charles B. Aycock and other State officials for their faithful execution of the party's promises in so far as the same has been possible.

"We likewise extend our appreciation and endorsement of United States Senator F. M. Simmons and to our Democratic representatives in congress and congratulate them and the people of the State for their faithful and official services to the State in councils of the nation.

"We affirm our allegiance to the Democratic party and its principles as enunciated in its national platform. We denounce the policy of imperialism as inaugurated by the republican national administration and declare it to be obnoxious to our form of government and fraught with danger to the existence of the republic. We denounce as oppressive and illegal those combinations of capital known as trusts and monopolies that stifle competition, throttle individual effort and destroy the generous spirit of rivalry that should exist in the commercial world.

"We denounce the deceptive and sordid course of the republican party in congress in furthering the existence of the trust by its refusal to enact legislation restricting them and enforce in good faith the existing laws against them that party being in full control of all branches of the government.

"We denounce the present iniquitous, unjust, and trust-creating protective tariff, imposed upon the people by the Republican party, and demand its immediate revision, to the end that all unjust burdens shall be removed and especially upon the necessities of life. Its provisions enable the trusts to export from the people unreasonable profits and sell their products to consumers at home at greater prices than are charged for the same goods to the foreign consumer. We demand, therefore, that all such trust-made goods be placed on the free list. We favor the establishment of the Appalachian Park and urge that our senators and representatives in congress use their best efforts to secure establishment.

"We again appeal to the people with a confidence that it is only from the Democratic party that there can be expected an honest, capable and efficient administration of the government of the State and point with pride to its past history in the admin-
