If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it and to allay the irritation and inflammation of the throat and lungs. For sale by Hood & Grantham.

**Just a Hint.**

"Father," asked Tommy, the other day, "why is it that the boy is said to be the father of the man?"

Mr. Tompkins had never given this subject any thought, and was hardly prepared to answer offhand.

"Why, why," he said, stammering, "it's so because it is, I suppose."

"Well," said Tommy, "since I'm your father I'm going to give you a ticket to a theatre and a collar besides. I always said that if I was a father I wouldn't be so stingy as the rest of them are. Go in, and have a good time while you are young. I never had any chance myself!"

Mr. Tompkins gazed in blank amazement at Tommy. Slowly the significance of the hint dawned upon him. Producing the silver coin, he said:

"Take it, Thomas. When you really do become a father, I hope it won't be your misfortune to have a son who is smarter than yourself.—Exchange."

Hancock's Liquid Sulphur baths are superior to those of the most celebrated sulphur springs, having the additional advantage of being made any desired strength. Taking medicine by absorption into the system through the skin by taking medicinal baths is a very efficient method of obtaining a constitutional treatment. It never fails to cure eczema and all blood and skin diseases. Ask your druggist for a book on Liquid Sulphur. For Sale by Hood & Grantham.

The Sultan of Bacalar is a grand stand player.

CAUTION.

This is not a gentle word—but when you think how it is able you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1835 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others, that are cheap and good for light colds perhaps, but for Coughs, Bronchitis, Croup, and especially for Consumption, where there is difficult expectoration and coughing during the nights and at mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world. G. G. GREEN, Woodbury, N. J.

**The Way of Finding Happiness.**

All who run after the gilded chariot of joy get covered with dust and are left limping along the road quite bereft of that degree of comfort with which they started on the mad race.

Yet sometimes, when the quest for one's own happiness is quite out of mind, when one is absorbed in making some one else happy, down like a bird from heaven comes joy, and settles as if at home, in the heart that has forgotten itself.

Happiness is never touched by the hand that reaches out for it too eagerly.

It lies into some hand open to give not stretched to receive. The angels always appear unexpectedly, as did the angel who sat by the tomb when Mary visited it at dawn. Going out to mourn she was met by unimaginable joy.

How often does the long-anticipated feast turn out to be a famine, gaiety having fled from the house overborne by much ponderous preparation.

He who seeks happiness for his own sake shall lose it, and he who loses happiness for another's sake shall find it, even in the hour when he thinks it is gone from him forever, and is content to have it so.—Woman's Home Companion.

Home Education of the Boys.

Valuable Training That Any Farmer May Give His Son.

There is a great deal of education to be obtained outside of the schools and much of the best education is better contained outside than in. Education is not stuffing a boy with facts, but teaching him how to get his own facts and draw the proper conclusions therefrom. For example, you intend your boy for a farmer, and the first thing in farming is to know how to produce the raw material, the grain and grasses. He cannot too soon begin observing the effect of different methods, of plowing early and late under conditions as nearly similar as possible; of the results from the different kinds of grain, different qualities of planting, different methods of cultivation. These are matters to which the farmer should call the boy's attention and talk with him about every opportunity, aiming to stimulate the powers of observation and reason.

He should encourage his boy to guess at the yield per acre of each particular kind of grain, not random guesses, but carefully matured judgments. He should teach him to measure the field and find out exactly how many acres there are, obtaining the exact amount of the crop, and thus verifying his guesses. All this tends to develop the judgment as well as the powers of observation.

Where the farmers are buying and selling cattle the boy should always have an opportunity of estimating the weights. Only in this way can he become a judge of live weights. Let him make up his own deliberate judgment; then weigh and see how far he is wrong, and see if he cannot come nearer it the next time.

Farmers often butcher hogs for their own use. Here is a splendid opportunity for educating the boy. Let him guess at the weight of each individual hog; then weigh. After killing weigh the dressed carcass, and see how nearly he can come to the dressed weight. He will find a great variation in the weights of different hogs. In cutting up a hog let him weigh the different parts, the hams, the sides, the head, the shoulders. Where a fat hog is killed and a large per cent of it rendered into lard, let him estimate that; then weigh and see how near correct his estimate is.

All this is education that cannot be obtained in the schools; or rather this is the practical application of education and becomes the higher education, the practical working sort that goes with a man through life. Education that cannot be applied directly or indirectly is of very little use in this world, and much of it is simply old lumber stored away in the garret of the brain instead of the garner of house or barn.—Wallace's Farmer.

**A THANKSGIVING DINNER.**

Heavy eating is usually the first cause of indigestion. Recurrent attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, sour risings, headache, and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia and all other stomach troubles by cleansing and sweetening the glands of the stomach. Hood & Grantham.

**ONE MINUTE COUGH CURE.**

Is the only harmless cough cure that gives quick relief. It cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, lagrippe and all throat and lung troubles. "I got soaked by rain," says Gertrude E. F. Mear, Muncie, Ind., "and contracted a severe cold and cough. I failed rapidly; lost 43 pounds. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight 148 pounds. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. Hood & Grantham.

**WILLIAM ZEIGLER, OF BROOKLYN,** is in the market for an artic expeller.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a red hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it, the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an anti-cancer liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Hood & Grantham.

FOR HARNESS and Saddle Sores Mexican Mustang Liniment is just what you need. It takes effect at once, and you will be astonished to see how quickly it heals sores.

**It's this way:**

You can burn yourself with Fire, with Powder, etc., or you can scald yourself with Steam or Hot Water, but there is only one proper way to cure a burn or scald and that is by using

**Mexican Mustang Liniment.**

It gives immediate relief. Get a piece of soft old linen cloth, saturate it with this liniment and bind loosely upon the wound. You can have no adequate idea what an excellent remedy this is for a burn until you have tried it.

**A FOWL TIP.** If you have a bird afflicted with Roup or any other poultry disease use Mexican Mustang Liniment. It is called a STANDARD remedy by poultry breeders.

**Education for Farmers.**

Every young farmer in North Carolina has an opportunity to get the foundation training for his work. The winter courses in agriculture and dairying at the N. C. A. and M. College are practical courses designed entirely for young men and women who can leave the farm only in winter time.

The cost of the whole course is but thirty dollars which includes board, room and books. The lectures and practical work are devoted to stock raising, dairy farming, butter making, milk testing, feeding and breeding farm animals, veterinary medicine, entomology, soil study, stock judging and farm crops.

The value of these courses to a young man or woman who is interested in agriculture cannot be estimated in words. The expense of attending will be paid by increased profits due to better farming, a hundred times. Besides the financial value of the courses, there is the educational value of training and education that makes the man the master of his work.

A circular of information will be sent to any one asking for the same.

Also any information regarding any of the Agricultural courses will be given by addressing the professor of agriculture, Charles W. Burkett, Raleigh, N. C.

**A STARTLING SURPRISE.**

Very few could believe in looking at A. T. Hoadley, a healthy robust blacksmith, of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50c ets at C. L. Wilson's drug store.

**"WINTER HOMES IN SUMMER LANDS."**

The above is the title of an attractive booklet just issued by the Passenger Department of the Southern Railway. It is beautifully illustrated and fully describes the winter resorts of the South. A copy may be secured by sending a two-cent stamp to S. H. Hardwick, G. P. A., Washington D. C.
