This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over and results are much more satisfactory and prompt when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking the remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take, both adults and children like it. Buy it and you will get the best. It always cures. For sale by Hood & Grantham.

The Secret of a Long and Happy Life.

You sometimes see a woman whose old age is as exquisite as was the perfect bloom of her youth, says the Pittsburg Dispatch. You wonder how it is her life has been a long and happy one. Here are some of the reasons: She knew how to forget the disagreeable things. She kept her nerves well in hand, an inflected them on no one. She mastered the art of saying pleasant things. She did not expect too much from her friends. She made whatever work came to her congenial. She retained her illusions and did not believe the world wicked or unkind. She relieved the miserable and sympathized with the sorrowful. She never forgot that kind words and a smile cost nothing, but are priceless treasures to the discouraged. She did unto others as she would be done by, and now that old age has come to her, and there is a halo of white hair about her head, she is loved and considered. This is the secret of a long life, and a happy one.

WHAT'S IN A NAME? Everything is in a name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises, and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine.—Hood & Grantham.

What has only one foot? A stocking.

CAUTION. This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others, that are cheap and good for light colds perhaps, but for Coughs, Bronchitis, Croup, and especially for Consumption, where there is difficult expectoration and coughing during the nights and at mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world. G. G. GREEN, Woodbury, N. J.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Hood & Grantham.

Toothsome Sandwiches.

Nuts are especially good for school luncheon sandwiches, because they take the place of meat, which grows tiresome when eaten in sandwiches day after day, says the New York Tribune. Of all nuts the most palatable and nourishing when mixed with other food is the English walnut. They are expensive but they can be bought in quantity at the rate of seven pounds for \$1. They will keep for months, and if they seem dry when shelled can be boiled a few minutes to soften them. Chopped or pounded fine, English walnuts are good mixed with chopped eggs or dates, making a most appetizing and healthful sandwich. The nuts can be mixed with chopped eggs also, or with chopped meats.

For an olive sandwich cut the meat off the bones, chop it fine, mix it with mayonnaise and spread on very thin slices of bread, from which the crust has been removed. No butter is necessary with mayonnaise.

Banana sandwiches are very agreeable to some palates. Slice the bread very thin and spread with mayonnaise and sliced banana.

A gingerbread sandwich is a pleasant dainty for luncheon or afternoon tea. Cut squares of the gingerbread, split them in two and spread with Neufchatel cheese and preserved ginger.

A nice hot sandwich is made by cutting bread half an inch thick. Cut out a square in the middle of the slice, half way through, and fill with a square of cream cheese. Sprinkle with salt and paprika, cover with a thin slice of bread, brush over with white of egg, toast in a toaster and serve hot. This is a good dish for luncheon, and it is particularly delicious for a party regalement. It would be good at an informal party, at which only one hot dish was to be served.—Boston Transcript.

WANTED.

We would like to ask, through the columns of your paper if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our bottles free of cost. If you never tried August Flower, try one bottle first. We have never known of its failing. If so, something more serious is the matter with you. Ask your oldest druggist. G. G. GREEN, Woodbury, N. J.

A COLD WAVE.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your own home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health and probably my life." It cures coughs, colds, la grippe, bronchitis, pneumonia and all throat and lung trouble. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. Hood & Grantham.

When is a clock on the stairs dangerous? When it runs down and strikes one.

No one can reasonably hope for good health unless his bowels move once each day. When this is not attended to, disorders of the stomach arise, biliousness, headache and piles soon follow. If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are easy to take and mild and gentle in effect. For sale by Hood & Grantham.

FOR HARNESS and Saddle Sores Mexican Mustang Liniment is just what you need. It takes effect at once, and you will be astonished to see how quickly it heals sores.

It's this way: You can burn yourself with Fire, with Powder, etc., or you can scald yourself with Steam or Hot Water, but there is only one proper way to cure a burn or scald and that is by using

Mexican Mustang Liniment.

It gives immediate relief. Get a piece of soft old linen cloth, saturate it with this liniment and bind loosely upon the wound. You can have no adequate idea what an excellent remedy this is for a burn until you have tried it.

A FOWL TIP. If you have a bird afflicted with Roup or any other poultry disease use Mexican Mustang Liniment. It is called a STANDARD remedy by poultry breeders.

War on the Long Skirts.

Short skirts for women are coming into greater favor every day and for good reasons. They are not only more convenient than long, dragging skirts, but are much more serviceable. The strongest argument in favor of the short skirt, however, is that it is so much easier to keep clean and is, therefore, much more healthful. The subject of dress reform is being discussed with great interest in Canada. Not by women alone, but by physicians and health authorities. One of the subjects most fully considered at a large convention of physicians in Ottawa recently was tuberculosis. An eminent physician gave it as his opinion that one-fifth of all the deaths in Canada last year resulted from pulmonary consumption. There was a consensus of opinion that trailing skirts were veritable germ traps and that their use out of doors should be strongly discontinued. It is very difficult to make fashions conform to rules of common sense, but the reasons for abolishing trailing skirts for street wear should be sufficient to appeal effectively to every woman who values her health. Dragging skirts are not necessary to woman's attractiveness. Atlanta Journal.
