which the BANK OF HOBBSVILLE receives on deposit?  
This bank does not fix an absolute limit for deposits, but relies largely upon the fact that once an account is started its owner strives to keep his balance growing.

Suppose you open an account and determine that your balance shall never go below a certain amount. That sum will always be an "anchor to the windward."

### Summer Constipation Dangerous

Constipation in Summer time is more dangerous than in the fall winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomachs. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Typhoid, Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which rids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose tonight. 50c. at your Druggist. advt.
