To The Democratic Voters Of Chowan County.

Next Tuesday, November 3, Is Election Day.

I write this not for fear that any self-respecting voter will vote against the Democratic ticket. For even though one was so mindful of self-interest and the interest of the body politic he would have difficulty in voting against the Democratic party as the opposition organization is absolutely dead in North Carolina, and is rapidly dying throughout the country at large. Our danger is not from lack of confidence. Lethargy is bad for any organization, and it invariably follows over-confidence. If the Democrats keep eternally vigilant the Republican party can never rise again. But if they go to sleep in a short while we would have a return of the old unspeakable conditions. We owe it to ourselves, to our families, to our country and our party to TURN OUT IN FULL ON ELECTION DAY and demonstrate by an overwhelming vote the futility of that arch enemy of the South—the Republican party—ever again trying to raise its vicious head in our civic life.

J. H. McMULLAN, Jr.,
Chairman.
