HE WHACKED CONSUMPTION

Sheswas richly gowned and bedecked with furs and jewels. He was a shabby, wizen faced sort of man. Both of them came up to the Red Cross Seal booth at the same time. "My wife is dying with consumption," he said in a husky voice, "an' we ain't got much money, because I'm out of work, bu she did want me to buy five of them seals. She says if she can take whack at consumption afore she dies she'll rest easier, an' I guess she will." He wiped his eyes with his knuckles and reached for the package of seals which the pretty attendant had put up

"Where do you live?" said the richly dressed woman, who had been an interested listener to the shabby man's brief story. He gave an address in one of the poorest tenement house neighborhoods. "I was going to bny a few seals for

my little girl," said the woman, "but your wife's desire to get a whack at consumption has shown me what I and Misses Lizzie and Neva Mod- should do. Please give me \$50 worth, miss. Tell your wife she whacked consumption harder than she expected."

tion of the magnitude of the Red Cross Christmas Seal Can paign. Here are a few figures that will show what a gigantic movement this is. Already 115,000,000 seals have been printed and practically that entire number distributed to agents in almost every state in the Union.

Probably 15,000,000 more will be needed. Advertising circulars, posters, cards, etc., to the number of several million, have been distributed. It is estimated that the army of paid and volunteer orkers engaged in selling seals advertising and publicity donated to the campaign amounts to several hundred thousand dollars.
