

646% Increase Tells the Story of Nation-Wide Chandler Demand

Chandler History and Convincing Increases

Chandler Light-Weight Six, the first high-grade six-cylinder car weighing less than 3,000 lbs. and selling for less than \$2,000, introduced to the public during the Chicago Automobile Show, January, 1913.

Ground broken for Chandler factory, April 6th, 1913.

Delivery of Chandlers in quantities began July 30th, 1913. Selling price, \$1785.

The year 1914 brought very general recognition to the Chandler Car. Leading dealers sought the Chandler sales-agency and sales leaped forward. Selling price, \$1595. The Chandler Light-Six idea was now thoroughly established.

Official tests by Chicago and New York Automobile Clubs proved Chandler economy beyond shadow of doubt.

Year 1915 opened with the announcement of the new Chandler price, \$1295, a record-making low price for a high-grade six. Such a car at such a price stampeded the trade toward the Chandler.

Two new factory buildings and a large addition to the main factory completed by March 1st to take care of added production. Chandler production increased rapidly. By April 1st we were shipping 40 cars per day, by May 5th 50 cars per day, by May 20th 60 cars per day.

April shipments showed 233% increase over April, 1914.

May shipments showed 493% increase over May, 1914.

June shipments showed 646% increase over June, 1914.

Facts to Remember about the CHANDLER SIX \$1295

What is the reason for this tremendous growth in Chandler demand? Just ask yourself this question. The answer is obvious when you know the Chandler car.

It's simply because, regardless of price reductions, regardless of new models, there is no other car of such superior character at a similar price.

No other car selling for less than \$2000 possesses all these high-grade features of design, construction and equipment found on the Chandler:

The marvelous Chandler motor, of Chandler design and built in the Chandler factory. A powerful, quiet, economical, beautifully finished motor any man may well be proud of.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of evidence of their worth.

H. T. Jackson, Creswell, N. C., says: "I suffered for backache and pains across my pains across my loins. If I attempted to stoop or lift anything, sharp twinges caught me in the small of my back. My kidneys were weak and the kidney secretions were too frequent in passage. They were also highly colored and contained sediment. Since I used Doan's Kidney Pills, the backache has left, together with the pains in my loins. Now I can stand all day long and not have that distressing pain in my back. The kidney secretions are regular in passage and I haven't the slightest trouble with my kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Jackson had. Foster-Milburn Co., Props., Buffalo, N. Y. advt.
