DID HE TRY **TO COMMIT SUICIDE?**

The train which leaves the Asheville depot at 3:05 was rounding the bend vesterday when a man rushed to the platform and jumped off. His rash act created great excitement among the other passengers-they all thought it was a case of suicide. Ladies fainted, but the fact was he had forgotten to put his bottle of "Buncombe Pills" in his satchel and would not start on his journey without them. He took great chances, but he might have taken greater.

Various other state delegates, or a majority of delegates thereof, held impromptu conferences and the air was full of rumors of all kinds. McKinly appeared to be the man most honked to as a compromise candidate. The Blaine people took particular pains to give out the statement that they proposed to stand by their candidate and there were indications that a strenuous attempt was being made to preserve a solid front.

In Session.

At 11 o'clock, the hour set for the assembling, the results of the long night session and anxious caucuses was plainly visible in the haggard faces of the delegates who had put in appearance. Mc-Kinley, prompt to the minute in taking the chair, was, for the third successive day, accorded the first round of cheers. Notwithstanding the trying responsi-bilities through which he had passed McKinley seemed, in comparison with the majority of those before him, re-latively fresh and vigorous, ready to hold the balance firmly and effectively in the great battle that promised to characterize the day's proceedings.

Looked Like Gen. Bragg.

The clergyman selected to deliver the opening prayer was a life long staunch republican, but in person he bore a remarkable resemblance to that famous democrat and particular friend of Grover Cleveland, Gen. Bragg, of Wisconsin. The preacher's reputation, however, hinged on a far more solid foundation than his facial traits. He was the Rev. Wylaud Hoyt, of Minnesota, whose name has long been probably as familiar to Baptists throughout the country as MINNEAPOLIS, June 11 .- The first thing that of any other minister in their powerful denomination. GUTHRIE, O. T., June 13 .- There was great excitement in this city last night, occasioned by two criminal assaults by Mr. Eustis, of Minnesota, seconded occasioned by two criminal assaults by the nomination of Blaine, "The republican negroes upon white women. The negroes of the town claimed that Holev was innocent, although he had confessed his guilt to the sheriff, and a race war seemed imminent. There was much angry talk, "Judge" Perkins a negro lawyer, being the spokesman for the colored class. During the excitement he said: "Let the whites harm that man and the town will be in ashes before morning.'

The second outrage was that made upon the wife of James Genken, engineer of the electric plant, by an unknown ne-gro who escaped. A posse, headed by Genken, were on his trail and captured and lynched him.

A mob of negroes surrounded the jail and sent couriers to Lanston City, a nes gro colony, ten miles distant, with the report that the whites were about to lynch an innocent negro and many negroes flocked here determined to protect the object of the white men's vengeance. Many of the negroes were armed and hundreds of whites are carrying Winchesters and revolvers.

At 1 o'clock this morning police officers Lester and Kitchen with one or two citizens ordered a lot of negroes stationed on the corner next to the jail, to move on. fully discussed and it was apparent that great bitterness had been engendered by the contest of the evening and the victory of the Harrison forces in the credentials committee. The advisability of dropping Blaine and centering upon Mc-Kinley or Sherman was fully discussed, but no definite results were reached and at 4 a. m. they adjourned.

Another Conference.

Platt, Walcott, Clarkson, Teller, Boutelle, Manley and others on Friday morning resumed this conference. When they adjourned they figured that they would be able to beat Harrison, but in the forenoon they found their plans disarranged and were much less confident of their ability to carry out their plans. The scheme in part was to consolidate Ohio on McKinley, Michigan on Alger, and if possible to get away some of Harrison's strength in Massachusetts and lowa. In Ohio great work was done. Foraker at first would not go into any combina-tion on any one else than Blaine. He said he had not come for the special purpose of defeating Harrison, but to nominate Blaine and he was disposed to stick

to him. Friday morning, however, there was a decided disposition to concentrate strength on McKinley. At 10:30 a.m. one of Gov. Foraker's men said the governor would now do whatever was right and necessary, first to defeat the President and efterwards to nominate a new man. He said that the Ohio dele gates were disposed to get together and bury personal differences and for the glory of the state unite and name a man they believed to be a winner. They had met and, as they sometimes did in Ohio, had come pretty close together. Meanwhile the Harrison managers

were actively working to counteract the movement, and Senator Cullom, it was said, had done particulaly good work in committee. Some Harrison managers were super

Some Harrison managers were super-stitious about voting on Friday and a proposition was made, and scrioualy en-tertained, to delay the balloting until af-ter midnight. Objection was urged, and after conference Gen. Sewell, of New York, said the Harrison men would not delay.

The morning opened with the Harrison

people still confident, but the Blaine managers affected to be none the less determined. Chairman Clarkson said that he had received a large number of telebe had received a large number of tele-grams in the morning from prominent men throughout the country, who had heretofore been urging him to harmo-nize the opposition in support of the president, requesting him now to make every effort to bring about a reconcilia-tion of the warring factions and unite on some man who would be satisfactory to both elements. McKinley, Rusk, Reed and Allison had all been suggested in those Verence.

The sharp tap of the gavel at 11:15 checked the hum and was followed by cheering. McKinley ordered the aisles and some sort of order was cleared established. Dr. Hovt braved that the man to be selected as the standard bearer might be chosen by the Lord and the man after his own heart.

A little flutter of applause greeted the report, by Senator Quay, that Hon. David Martin, of Philadelphia, had been selected by Pennsylvania as a member of the national committee. Martin was Quay's candidate, and hisselection indiated the continued sway of the senator of the Key Stone state. A moment later Chairman McKinley said:

"Mr. Quay, of Pennsylvania, reports, on part of those opposed to the majority reports, that they will make no furthur

pposition to its adoption." Prolonged cheers followed this announcement of his acknowledgement of defeat from the apponents of the majority report of the credential committee, and their report was adopted by accla mation.

A separate vote wae demanded by the Mormon contesting delegates of Utah on their case, but the majority report ardent leader whose light has flared in was adopted and the Mormons were de clared in-eligible.

On the request of Chairman Duffield, Alger's manager, the Michigan delegation was allowed to retire for fifteen minutes for consultation.

As it Was in the Last Congress.

A colored gentleman from South Car olina said under the rules of the fifty first congress, adopted by this convention, every contestant has a right to be heard, yet the committee on credentials had slammed the doors in the faces of the contesting Alabama delegation, and said they should not be heard. Some one made the point of order, however, that the Alabamian was a member of no delegation upon the floor of this convention and the colored gentleman sub

It was a woman's turn next, and the height of enthusiasm was reached when Mrs. Eden Foster, of the W. C. T. U. who was given permission to address the delegates, declared that the grandest of all the galaxy of states was the state of Wyoming, where women had been recognized as a political equal of

ideal, our inspiration. With loving faith aud trust that Providence wi long spare him to the people whose grateful homage he has earned and whose affectionate devotion he possese we pledge our unfaltering and loyal sup port to James G. Blaine."

As the speaker closed the followers of the Plumed Knight gave a spontaneous burst of applause which lasted, however, but a few moments. It was renewed however, by long-drown out calliope howls from men of lungs in the lower corner of the hall. This was answered with cries of "Blaine! Blaine! Blaine!"

At the conclusion of Senator Wolcott's speech the call of states was resumed and when Indiana was reached the venerable Richard W. Thompson, ex-secretary of the navy, arose. Always a favorite in republican conventions the distinguished the navy, arose. Always a favorite in republican conventions the distinguished Indianan, rising to nominate Harrison, became the temporary ideal of the con-convention. Other seconds followed, but there was nothing of especial interest till Mr. Donnev speaking of McKinley said "that when four years were rolled around he would be the invincible candidate of the republicans."

The convention then proceeded to vote in these dispatches yesterday, Harrison was nominated on the first ballot. The nomination was made unanimous, and the convention adjourned till 8 p. m.
