Of the movement to build a Confederate Soldiers' Home started by the Atlanta Constitution a few days since that paper says: "The list climbs like a morningglory after an April rain? It was \$9,000 the first day, \$12,000 the next day, \$16,-000 the third day, and it is pressing \$19,000 mighty close this morning. Let us keep it moving. One thing is notable: There is no canvassing for this fund. None of the ordinary plans for raising a popular subscription are adopted. The appeal is direct to the heart and the conscience of every Georgian; and no special argument is needed. It is the gracious and spontaneous offering of the people of Georgia to the disabled veterans, our comrades and brothers."

THESUN

And for the Democracy.

The Sun believes that the campaign for the election of a Democratic Congress in 1890 and a Democratic President in 1892 should begin on or about the fourth of sext March. The Sun will be on hand at the beginning and until the end of the most interesting and important political conflict since the war, doing its homest utmost, as ever, to secure the triumph of the Democratic party and the permanent supremacy of the principles held by Jefferson, Jackson and Tilden.

The great fact of the year is the return to absolute power of the common enemy of all good Democrats—the political organization for whose overthrow The Sun fought at the front for fifteen years, the memorable years of Grant and the Praud Hayes, and Garfield and Arthur.

It is the same old enemy that Democrats

of Grant and the Praud Hayes, and Garfield and Arthur.

It is the same old enemy that Democrats now confront, and he will be intreached in the same atrong position. It has been carried once by brave and hopeful fighting. Do you not believe with The San that the thing can be done again? Wait and see!

The hope of the Democracy is in the loyal efforts of a united press, cherishing no memories of past differences in non-cascatials, for getting everything but the leasons of experience and that victory is a duty.

Frobably you know The San already as a newspaper which gets all the news and prints it in incomparably interesting shape; which chronicles facts as they occur and tells the truth about men and events with absolute fearlessness, making the completest and most entertaining journal published anywhere on earth; and which sells its opinions only to its subscribers and purchasers at two cents a copy—on Sundays four cents. If you do not know The San, send for it and bears what a wonderful thing it is to be in the sunskine.
