Having tested for near two months the new local Anesthesia, I can au-nounce to the public that it is a decided success; giving entire relief from pain in most all cases. I further assert, that it most all cases. I further assert, that it is the greatest discovery ever yet made for the relief from pain in the extraction of teeth. It can be applied with perfect anfety for children as well as adults. I have used it in a great many cases in the last two mouths, and thus far have not had in a ningle case any bad result. This statement I would have made sooner, but wasted to be thoroughly antisfied as to its merits. R. H. REZVES. R. H. REZVES.
