Dawson, special agent for the Vacuum Oil Co. of Rochester, New York, who has been in the city for the past few days, has scored another point for his well-known company by securing the contract with the Electric Light and Power Co. for their supply of lubricating oils for one year. Carless Mothers.

Many mothers have permitted their children to die before their eyes when they might have been saved. Any mother who keeps house without a bottle of Acker's English Baby Soother at hand, runs a risk which she may some time regret. It has saved the lives of thousands of children, and is doing so every year. For sale by T. C. Smith & Co.

\$500 Not Called For.

It seems strange that it is necessary to persuade men that you can cure their diseases by offering a premium to the man who will take the benefit. And yet Dr. Sage undoubtedly cured thousands of cases of obstinate catarrh with his "Catarrh Remedy," who would never have applied to him, if it had not been for his offer of the above sum for an incurable case. Who is the next bidder for cure or cash?

Chorus of His Wives (to a Mormon husband starting for Paris)—And you will be faithful to us, darling? Husband—Yes, d—darlings—to some of you any how.

"She's Much Older Than Her Husband."

We heard a young girl make the above remark the other day about a lady with whom we are slightly acquainted. It was not true, yet the lady in question actually does look five years older than her husband, although she is really several years his junior. She is prematurely aged, and functional derangement is the cause. Dr. Pierce's Favorite Prescription would cure her, and should be recommended to her, and to all others who are in the same condition. If the reader of this chance to be a similar sufferer, let her get the "Prescription." It will bring back her lost beauty, and, better still, it will remove all those distressing symptoms which have made life a burden to her so long. Money refunded if it don't give satisfaction. See guarantee printed on bottle wrapper.

Humanity very much resembles the succulent and sensitive strawberry. The green ones generally go to the bottom.

If disease has entered the system the only way to drive it out is to purify and enrich the blood. To this end, as is acknowledged by all medical men, nothing is better adapted than iron. The fault hitherto has been that iron could not be so prepared as to be absolutely harmless to the teeth. This difficulty has been overcome by the Brown Chemical Company of Baltimore, Md., who offer their Brown's Iron Bitters as a faultless iron preparation, a positive cure for dyspepsia, indigestion, kidney troubles, etc.

St. Peter (sternly)—Young man, put away that note book and pencil. New York Reporter—You will have to excuse me, but I am due this afternoon at a New York scene, and this article will be a clean "scoop" for our evening edition.

Give the Children a Chance.

There is something radically wrong with the health of a child when it seems listless, has poor or no appetite, eyes sunken and with dark skin beneath. In most cases showing these symptoms the child has worms, and all that it needs is some simple remedy, such as Hart's Worm Cream, to expel the worms, and the parent will soon be in perfect health again. Children, try it and let your little ones have a fair chance for life.

The Professor Was Too Slow.

Assistant District Attorney Harry Macedonia tells a story about a trial for copy between a newspaper editor and a scientist. The occasion was the last solar eclipse and the office in which it occurred was under the management of Maurice Minton. Telegraphic communication was established at various points, but returns came in slowly. A noted professor of astronomy had charge. The time for going to press was approaching, and from the sanctum in which the astronomer was installed no copy was forthcoming. Finally Mr. Minton came in a trial for copy between the newspaper editor and a scientist.
