The defense began by calling officer Bradley to the stand, and his evidence was given in a manner calm, dignified and calculated to produce a favorable impression. He identified a warrant which was handed him, as one issued by the mayor, for the arrest of the deceased. He said that Donovan accompanied him because he knew the deceased and he, Bradley, did not, That after searching the house without success, they waited outside till Hines came; then Bradley seized him, but did not tell him that he had a warrant for his arrest. That Hines broke loose; that Donovan city. struck him and the door opening just then, they all entered the house; that Hines attacked him first with a chair. that Bradley knocked Hines down, and the mother seized him, Bradley, from behind, clasping him around the waist and pinioning his arms. That Hines then raised an iron bar and approaching him in a threatening attitude, and Donovan said "shoot Bradley," and being in danger, he succeeded in taking his pistol from its scabbard on the left side and tried to wound Hines in the arm, so as to disable him; that he fired and Hines ran out of

Better prices are reported for iron at Pittsburg and Philadelphia, and to some

extent here, the advance on many kinds of pig iron being about 50 cents per ton; but northern No. 1 can still be bought here at \$16.50 to \$18, and southern No. 1 at \$16.25 to \$17 per ton.

Markets for manufactured products are stronger and higher, but there is a feeling of doubt whether the improvement will hold after orders have been placed which result from the recent destruction of property by floods.

In coal, recent hopes have not been re dized. It is even stated that the Read ing company has not received a single order at late advices, and sales below schedule are reported at Philadelphia. Copper is unchanged, but tin is lower at 20 cents, productions having been

stimulated. Wool is rather stronger, 104 quotations averaging one-third of a cent higher, and manufacturers in some lines buy more hopefully, but in many others the state of the good market is still given as a good reason for buying no more than enough for immediate requirements. A BOSTON BLAZE.

by Serious Loss of Life. Boston, June 21 .- A disastrous fire, curred early this evening in the fire-works establishment of Heyer Bros., corner of Summer and Hawley streets. Three dead bodies have been taken from the ruins and three other persons have re-It is feared that there may be

more victims among the debris. The building, which is a four story brick structure, is occupied on the groun loor by C. E. Browning, dealer in milli nery, and on the three upper floors by Heyer Bros., dealers in fancy goods and ireworks. Shortly after 5 o'clock, while a salesman was waiting on a customer up in the second floor, he saw a flash among some of the fire-works behind the counter, unaccompanied, however, by an explosion. He ran for water, at the same time giving the alarm. The flames shot spward with incredible rapidity, cutting

off the escape of several men in the upper stories. Chas. Albert Gage, aged twenty, who was employed in the third story, hung from the window until he was obliged to release his hold, when he fell to ground striking two awnings in the descent, and breaking his back. He was taken to the Massachusetts general hos-

pital, and will probably die. The firm carried stock valued at \$160,-000. Most of this is ruined, but well insured. The fire was entirely confined to the one building. The employes were largely foreigners, and known to the may add to the difficulty of ascertaining whether or not there are any other gun powder stored on the premises. No smoking was allowed and the cause of LATER—Gen. Simon Cameron is very smoking was allowed ow, and is believed to be sinking. His the fire is a mystery.
