BUSINESS AND PLEASURE.

Give the Children a Chance. There is something radically wrong with the health of a child when it seems listless, has poor or no appetite, eyes sunken and with dark skin beneath. In most cases showing these symptoms the child has worms, and all that it needs is some simple remedy, such as Hart's Worm

Cream, to expel the worms, and the child will soon be in perfect health again. Pa-rents, try it and let your little ones have a fair change for life. nce for life

We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use.
