MISCELLANEOUS.
A. D. COOPER,
Groceries.
We presume Asheville has more comments passed upon it than any other city in the State. They say "such elegant buildings, such fine houses, and such splendid food." Hotels, boarding-houses and private families are often asked by their visitors "Where do you get flour to make such elegant bread?" "Why, at Cooper's, where the best of everything can be had in the way of groceries." Our aim is to furnish the purest and best goods for the least money, to wage bitter war against all adulterations of food products and never buy cheap groceries for the purpose of selling below cost.

BUSINESS AND PLEASURE.
Style.
The most fashionable color, at present, is the hue of health, and it will never go out of style. Its shades and tints are various, but all of them are exceedingly becoming. It is perfectly astonishing what a change is being wrought by Dr. Pierce's Favorite Prescription in the looks of sickly women. Sufferers from any sort of "female weakness" or irregularity, backache or nervous prostration should give it trial. All druggists.

Highwayman (pawnbroker)—Put up your hands!
Pawnbroker—How much will I get on 'em?

The city that drops the most nickels in the slot gets the Columbus fair.

Give the Children a Chance.
There is something radically wrong with the health of a child when it seems listless, has poor or no appetite, eyes sunken and with dark skin beneath. In most cases showing these symptoms the child has worms, and all that it needs is some simple remedy, such as Hart's Worm Cream, to expel the worms, and the child will soon be in perfect health again. For rents, etc. it will let your little ones have a fair chance for life.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. Its name has ever been tried, it you are its staunch friends, because the wonderful thing about it is, that when once given in a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. "Regularly."
"Yes," said the Professor, "when I regulate my time-piece, I consult the best authority in town—the watchmaker's chronometer. In the same way, when I need a digestible, I invariably take Dr. Pierce's Pleasant Pellets, because they are so accurately graduated, so gentle in their effects, regulating the intestinal action with such nicety that the system is left invigorated, the natural functions are resumed, my brain is clear for work, my spirits serene, and my appetites splendid."
