Celebrates Thanksgiving.

SHEFFIELD, Ala., November 29.—Sheffield celebrated Thanksgiving day by sending by the river route to St. Louis three hundred tons of pig iron. This shipment was made by the steamer City of Savannah, a St. Louis boat recently built especially for this trade, and was the first iron ever sent by river. It was a virtual opening of the new route, and a matter of great consequence to Sheffield, and proportionately to the entire mineral district of Alabama. The difference in favor of river transportation is fully $1 per ton, and means to the furnaces of this district an aggregate saving of many thousands of dollars per day. Quite a demonstration was made at the departure of the boat. Contracts for large further shipments of Sheffield iron have been made, and large amounts from Birmingham, Anniston and other points will also seek St. Louis by the same route.

THE CATHOLIC CHURCH PROPERTY

FOR SALE.

This plat of 7⅜ acres on Valley street, the old Catholic church property, is now offered for sale either as a whole or in lots to suit purchasers.

This property is on a beautiful eminence in the eastern section of the city, commanding a view almost equal to the Battery Park of all the mountains around Asheville. There is a large church building on it that can easily be converted into a residence, around which stands a grove of original native oaks that shades the larger part of the property. This property will be offered at private sale either in sections or as a whole till the 29th day of January, 1890, and if not sold at that time it will be sold at public auction, on reasonable terms.

Plats of the property may be seen at our office.

Raleigh Means Business.

News-Observer.

If anybody thinks Raleigh does not mean to have Trinity college they are very much mistaken. The committee left yesterday evening for the conference at Greensboro, carrying with them the plans of a building to cost from $30,000 to $35,000, and they also carried with them assurances to the conference that Raleigh will erect these buildings if necessary but what she will have the college brought to Raleigh. Some quiet work has been done on the matter and it has been found that Raleigh will not be outdone on the question of furnishing the requisite buildings for the college.

Large Land Purchase in Virginia.

STAUNTON, Va., November 29.—Peter McLaren, of Canada, purchased to-day the Douthal survey, containing 84,000 acres, lying in Alleghany county, Va., from Philadelphia parties for $300,000; one-third cash, the balance in three annual installments, bearing four per cent. interest. The property has on it fine timber and valuable minerals. The weather turned suddenly cold to-day, and at sundown the mercury was at the freezing point.

Fatal Running Amuck.

CINCINNATI, O., November 29.—Hank Pritchard, white, a "striker" on the steamer Telegraph, crazed with liquor, seized a meat axe and run amuck among the deck hands last night while the boat was opposite Columbia on its way up the river. He cut one colored roustabout's head off, and split the skull of another. He was finally overpowered and jailed.

Suicide of a Georgia Judge.

ATLANTA, Ga., November 29.—Judge R. B. Trippe committed suicide to-day by blowing out his brains with a double barreled derringer. The cause of the act was despondency due to ill health. He was 35 years of age, and had been judge of the city court of Cartersville before he came to Atlanta, and was afterwards assistant United States district attorney.
