Saunders' Mine.

Montgomery Vidette.

There has been a rumor on the streets
during the last few days to the effect that
the Tebe Saunders mine had been sold to
a gentleman of the name of Brown from
Washington City. These rumors were in
part true. To ascertain the facts we
called at the Register's office and there
learned that on the 23d ult., Messrs. R.
F. and P. C. Saunders sold and con-
veyed their right and title to the A. H.
Saunders' home tract, on which the
Tebe Saunders mine is located, to John
A. Kirk, of Washington City, D. C., who
has since sold the same property to
Messrs. J. C. Spooner and H. F. Taylor,
of Wisconsin.

The amount received by the Messrs.
Saunders for the property mentioned in
the conveyance papers was \$15,000,
and the amount stated as received by
Mr. John A. Kirk, was \$21,000. These
figures, to say the least, look small when
the reputed richness of the mine is con-
sidered.

GOV. STONE INAUGURATED.

Some of the Recommendations
From His Inaugural Address.

JACKSON, Miss., January 14.—John
Marshall Stone was inaugurated Gov-
ernor yesterday. In 1875 when Ames
was Governor and resigned, and A. K.
Davis, colored, was lieutenant governor
and was impeached, Stone was elected
the presiding officer of the senate, and
became Ames' successor, serving two
years of his term, and one full term—four
years by election.

The inaugural address was long.
Special reference is made to the re-union
next May at Vicksburg (blue and gray).
The Governor expressed a wish that
every co-operation given the move-
ment. He said the veterans of opposing
forces had long since laid down their
arms and were now following peaceful
avocations, and desired continued peace
and friendship. He expressed the belief
that congress would not pass the ob-
noxious election laws to apply to the
South, because of the lack of endorse-
ment from the Northern people. He re-
commended strongly the abolishment of
the present convict leasing system, and
proposed that convicts be employed by
the State on State farming. He called the
attention of the legislature to the im-
portant subject of the constitutional con-
vention, and said it needed full and
careful deliberation and consideration.

A WHOLESALE ROBBERY.

Cleveland, Ohio, Short a Matter of
\$3,000,000.

CHICAGO, January 14.—A Cleveland
Ohio, special says that a morning paper
publishes a statement submitted by an
expert bookkeeper showing irregularities
in the accounts of the city of Cleveland
amounting to \$3,000,000. Nearly
all this money had been paid out by the
city without the approval of the council,
although the State laws of Ohio distinctly
require that every claim be in the regular
claims ordinance.

The publication creates a great sensa-
tion. The most startling feature of the
report is a total of \$1,000,000 were paid out
and asserted to have been paid out with-
out any entry in any book to show to
whom the money was paid, or for what
purpose.

A police meeting will probably be called
to take action if the council ignores the
disclosures contained in the report.

A FEW NEWS ITEMS.

A truck loaded with bars of silver bul-
lion was passing through the streets of
New York a few days ago on its way to
be melted at the National Assay Office.
A thick fog was prevailing at the time, and
some thieves watched their chance and
stole two bars, which they sold to a junk
dealer. Both the thieves and the buyer
thought they were bars of tin or soft
gold, and \$14 was paid for what was
worth \$2,000. The theft was traced up
and all parties concerned are now in cus-
tody.

Six well to do farmers living near Iola,
Kansas, are under arrest for the murder
of Columbus Carter, in August, 1888.
The prisoners belong to a band of regu-
lars known as Land Leaguers. The
deceased was charged with a brutal
crime, was tried and acquitted, and
while on his way home was overtaken
by the regulators and shot to death. So
the Barwell tragedy has a precedent on
the other side of the line.

The privilege of picking over the city's
dirt in New York has recently been let to
an Italian, who pays the city \$1,552 per
week, or at the rate of \$80,000 a year.
The value of the privilege consists in the
bones, rags, tin cans etc., all of which
have a ready market; and also in the
possible finds of gold, silver, jewelry and
other valuables. This is how the world
lives, and the rag picker need not be a
pauper.

The cathedral of St. John and St. Fin-
bar, at Charleston, S. C., which was
burned during the great fire in Novem-
ber, 1861, is now being rebuilt, and the
ceremonies of laying the corner stone
were conducted with great pomp on
Sunday last by Archbishop Gibbons, as-
sisted by three bishops and a large num-
ber of clergy. Bishop Haid of North
Carolina was present.

The sons of the Prince of Wales are
soon to be elevated to Dukedoms, Prince
Albert Victor to be Duke of Cornwall,
and Prince George, Duke of York. They
were born with silver spoons in their
mouths; though indications are that
those same spoons will carry some bitter
morsels to their lips. The times are not
hopeful to continued happiness for royalty.

It is said that if England plunges hur-
riedly into war with Portugal, she will
be much embarrassed by the sickness of
the troops at home, the first relied upon
for offensive movements. More than half
the force, officers and men, are down
with the grip. But we have never known
John Bull stand back when his blood was
up; and it is at boiling pitch now.

Canada seems disposed to precipitate
matters in the Behring Straits trou-
ble, by sending a vessel of war, striking
a hostile blow at American interests,
and then when blood has been spilt, ex-
pecting Great Britain to take up the
burden of quarrel. We incline to think
Canada counts without her host.

now in his 89th year, celebrated the
sixty-sixth anniversary of his ordination.
The aged minister went through the ser-
vice, which lasted an hour and a half,
clearly and distinctly, and without ap-
parent fatigue.

The City of Worcester, of the Norwich
line, ran on the rocks near Bartlett's Reef
during a thick fog. Some of the com-
partments remained tight, but most of
them were filled with water. The
steamer may possibly be saved.

CALVIN S. BRICE ELECTED.

The Head of the Democratic Party
Will Sit in the Senate.

COLUMBUS, Ohio, January 14.—Calvin
S. Brice was today at noon elected to the
United States Senate, receiving a major-
ity of the votes in either branch of the
legislature.

In the senate Mr. Shaw, of the Lima
district, nominated Calvin S. Brice. Mr.
Gauger, of Zanesville, seconded the nom-
ination, saying that the nominee was a
brave soldier in time of war, and a bril-
liant statesman in time of peace.

Mr. Schneider, of Cincinnati, nomi-
nated Murat Halstead. It was received
with cheers, hisses and laughter. The
presiding officer gave notice that a rep-
etition of the disorder would lead to the
clearance of the lobby.

Mr. Massey, of Chillicothe, nominated
ex-Governor Foster.

The vote in the senate was: Halstead
1, Foster 19.

In the house a call was demanded to
bring in a message, the members of the
house who were credited with being bol-
sters. Smith, the third caucus bolter, voted
for L. T. Neal. His vote was received
with a subdued murmur. Pennell, a
strong Brice man, voted for Foster by
mistake. He called the attention of the
correction the house was in an uproar.

The vote in the house stood: Brice 57,
Foster 52, Neal 1. Brice was declared
the choice of the house, having received a
majority of the votes cast.

The result will be canvassed by the
senate and house in joint session to-mor-
row. The joint result of the two branches
is as follows: Brice 76, Foster 66, Hal-
stead 1, Neal 1.

A GENUINE BLIZZARD.

Effect of the Recent Storm on
Western Railroads.

ST. PAUL, January 14.—A genuine bliz-
zard, the worst of the season, struck the
Northwest the whole of Sunday and
part of yesterday, knocking out tele-
graph wires, delaying all trains and re-
tarding the operations of loggers in the
pines. Dispatches from the principal
points in the Dakotas, Montana, and as
far west as Spokane Falls, Washington,
are to the effect that on the average
snow fell about ten inches on the level
and drifted badly, owing to strong winds
approaching a hurricane which pre-
vailed.

Among the railroads a vast difference
in the effects of the storm is found. The
Manitoba, Northern Pacific and North-
western Wisconsin division of the Omaha
all report but little drifting. Sioux City
or the southern division of Omaha is suf-
fering from the usual drifts. The river di-
vision of Milwaukee, the river also
but the Iowa and Minnesota and Han-
dington and Dakota divisions are badly
drifted. The Minnesota and St. Louis
and Kansas City too are somewhat cov-
ered up, the former rather worse than
the latter. The worst drifts, however,
are at St. Paul, where the firm also
through northern Iowa and southwest-
ern Minnesota.

A Striker's Victory.

READING, Pa., January 14.—The strike
in the name of Brooke Iron Foundry
at Reading, this county, resulted to-
day in victory for the men; the firm
agreeing to restore to them the 10 per
cent. reduction made in their wages
four and a half months ago. Some weeks
ago the men asked for this restoration
which the firm then refused, and the
strike followed. The men voluntarily
increased their piddlers' wages to
\$3.75 per ton. By the settlement of
the strike 250 men go back to work.

Great Fire at Baltimore.

BALTIMORE, Md., January 13.—Eleva-
tor No. 3, of the north side of Pat-
terson River, belonging to the Baltimore
Elevator Company, and used by the
Northern Central railroad company was
burned to-night with all its contents.
The total loss is between seven and eight
hundred thousand dollars. The British
steamship "Carnegie" lying along-
side, was also totally destroyed involv-
ing a loss of \$150,000.

The Earl of Cairns Dead.

LONDON, January 14.—The Earl of
Cairns died to-day from inflammation of
the lungs. He was born December 21,
1861, and succeeded his father April
1, 1885. The Earl of Cairns became
quite prominent several years ago, when
as Viscount Garmyle, he was sued for
breach of promise of marriage by Miss
Fortescue, an actress, who obtained a
verdict of \$50,000 damages against him.
He subsequently married Miss Olivia
Berens.

A Cotton Train Burned.

ST. LOUIS, January 14.—While a cotton
laden train was running from Perry
to Harrison station on the Houston and
Texas Central railroad in Texas yester-
day the cotton took fire and the train
rushed into the latter station with a
long and furious stream of flame follow-
ing it. The depot caught and it and sev-
eral cars about two hundred bales
of cotton were consumed.

Ported The British Consulate.

SPRINTO, January 14.—Noisy crowds
wandered through the streets to-night
cheering for the independence and integ-
rity of Portugal and shouting "down
with England." The crowd attacked
and stoned the British consulate. The
authorities have since placed a police
guard at the consulate to protect it from
further molestation.

Maryland's New Senator.

ANNAPOLIS, Md., January 14.—Hon. E.
K. Wilson, democrat, was elected United
States senator by the following vote:
In the house, E. K. Wilson 50; Thomas
S. Hodgson 28. To the senate, E. K.
Wilson 16; Thomas S. Hodgson 6.

Kansas Granted a New Trial.

CHICAGO, January 14.—Judge McCon-
nell this afternoon granted the applica-
tion of Kansas for a new trial, but denied
the motion as to the other defendants,
Coughlin, Burke and O'Sullivan.

Local Option Defeated.

LYNCHBURG, Va., January 14.—Local
option was defeated here to-day by seven
majority. A very heavy vote was
polled.

SILCOTT'S DEFECTIONS.

THE MATTER ARGUED IN THE
HOUSE YESTERDAY.

Adams and Hemphill Champion
Either Side—A Rather Weighty
Debate—Congressional Humor—
The Senate.

WASHINGTON, January 14.—SENATE.
The resolutions heretofore offered by
Mr. Call in relation to the claims of
Florida under the swamp land grant,
and in relation to alleged unlawful se-
lections of land in Florida, were taken up
and Mr. Call addressed the senate upon
them. The burden of his remarks was
that the lands which were not swamp
and overflowed lands, but which were fit
for cultivation, had been selected under
the swamp land act to the injury of the
people's rights. He asserted that two
hundred millions of acres had been se-
lected and approved, in all the States, as
swamp and overflowed lands, while
everybody knew that no such extent of
territory (as large as Europe) consisted
of swamp and overflowed lands. This
was a fraud upon the people of the
United States for whom the public lands
should be held as a sacred heritage. Of
the sixteen million acres which had been
selected in Florida, under the swamp and
overflowed lands act, he asserted that
eleven million were high and dry.

Mr. Plumb replied to Mr. Call. He
said that the United States had granted
to the State of Florida more than half of
the lands within its limits. The State
contained about forty million acres and
more than one half that had been given
to the State for various purposes. Every
single acre of land so granted had been
placed under the control of the legisla-
ture of Florida. Some sixteen or eight-
een million acres had been granted as
swamp and overflowed lands. Senator
Call had just told the senate that most
of it was not swamp, but arable land.
So much the greater was the dereliction
of the Senator's State, if it had betrayed
its trust. He wished the senator would
say on the stump in his own State what
he had said here to-day.

Without action on the resolution, the
senate proceeded to executive business,
and at 4 o'clock adjourned.

HOUSE.—Mr. McKinley, of Ohio, of the
committee on ways and means, reported
back the bill to simplify laws in relation
to the collection of revenue. It was or-
dered printed and recommended to the
committee on the part of Mr. McKinley
stated that he hoped to call it
up during the present week.

Mr. Perkins, of Kansas, moved that
the house go into committee of the
whole for the consideration of a bill to
provide town site entries of lands in
Oklahoma. This was antagonized by
Mr. Adams, of Illinois, who wished the
house to consider the Silcott matter and
the motion was defeated, 65 to 97. Mr.
Bland, of Missouri, demanded the tellers,
declaring that a matter involving the
interests of so many hundred thousand peo-
ple should be considered by the whole
body of members. The friends of the
Oklahoma bill were again defeated, 96
to 108, and Mr. Adams called up a bill
appropriating \$75,000 to the relief of the
members for losses incurred through the
Silcott defalcation.

Mr. Adams argued in favor of the bill,
holding that the sergeant-at-arms was a
public officer, charged first by custom
and afterward by sanction of law with
the duty of disbursing the salaries of
members. He referred to the defalcation
which occurred in the Twenty-second
Congress and called attention to the fact
that the house at that time voted to re-
imburse the members
