**THE OKLAHOMA BILL IN AT
LAST PASSED.**
It is amended to include No
Man's Land—The House Enjoys
the Daily Fare and Discusses
the New Code.
WASHINGTON, February 13.—SENATE.
The senate resumed consideration of
the bill to provide a temporary govern-
ment for the territory of Oklahoma, the
pending question being Mr. Plumb's
amendment to comprise No Man's Land
with the new territory. After some
discussion, the amendment was agreed
to, yeas 16; nays 16.
Mr. Plumb also offered an amendment
declaring that all that part of the Indian
Territory west of the 96th degree of lon-
gitude known as the Cherokee outlet
shall be attached to the territory of
Oklahoma for judicial purposes; but that
law and procedure shall be the same as
obtain in the remainder of the Indian
Territory; and the debate continued. No
action had been taken on the amendment
at 2 o'clock, when the education bill
came up as undebated business; but on
being appealed to by Mr. Platt, Mr.
Blair consented not to press his bill at
this time, but to permit the Oklahoma
bill to be proceeded with. After further
discussion Mr. Plumb's amendment was
rejected.

Mr. Vest offered an amendment
prohibiting the legislative assembly from
authorizing the issue of any bonds, scrip
or evidence of debt by the territory or by
any county, city, town or township, for
any purpose except certificates for ser-
vices rendered. He explained the object
of the amendment to be prevention of
frauds in the issue of railroad and other
bonds by county or city corporations.
Mr. Spooner suggested to Mr. Vest
that he should limit the prohibition to
bonds in aid of railroads, and Mr. Vest
accepted the suggestion and modified his
amendment accordingly and it was
agreed to. Some further amendments,
merely formal, were agreed to, and the
bill was passed after a remark by Mr.
McPherson that he would advise the
Indians that they ought to raise their
price for the land; ought to double it, or
quadruple it if necessary, because, with
territorial governments on each side of
the Cherokee outlet, the land was worth
ten times more than it was worth before
the adoption of the No Man's Land
amendment. As the government could
not take the Indian's land from him by
force or by fraud, he ought to be able to
get a good price for it.
A committee of conference was ordered
on the house amendment to the senate
bill increasing pensions of pensioners who
were totally disabled. Messrs. Davis,
Sawyer and Turpie were appointed.
The senate proceeded to executive busi-
ness; and at 5:15 adjourned till to-mor-
row.

HOUSE.—As usual, the democrats ob-
jected to the approval of the journal; as
usual, a roll call was needed; as usual,
the democrats refrained from voting, and
as usual, the speaker counted a quorum
and declared the journal approved by a
vote of yeas 141; nays 1; (Mr. Buck-
alew).
On motion of Mr. Hitt, of Illinois, the
senate jointly resolution was passed unani-
mously congratulating the people of the
United States of Brazil on the adoption
of a republican form of government.
Consideration of the code of rules was
then proceeded with.
Mr. Cannon from the committee on
rules reported an amendment requiring
titles of the committee reports to be en-
tered on the journal and printed in the
Record. Adopted.
Mr. Cannon also reported an amend-
ment providing that executive communi-
cations and senate bills may be referred
by the speaker to appropriate commit-
tees without being submitted to the
house.

After a brief democratic protest, the
amendment was adopted.
Mr. Crisp, of Georgia, offered an
amendment to the clause of rule provid-
ing that no dilatory motion be enter-
tained by the speaker, adding the words
"but the demand for yeas and nays shall
not be considered dilatory."
Mr. Adams, of Illinois, suggested that
the demand for yeas and nays was a con-
stitutional right, and that the words
suggested were supererogatory.
Mr. Crisp retorted that from recent ex-
perience he had learned that no safe
ground could be put around the con-
stitution could be considered as a work
of supererogation. The gentlemen on the
other side of the house would either vote
for his amendment or leave it in the
power of the speaker to deprive the mem-
bers of their constitutional right.
Mr. Struble, of Iowa, said that while
he followed as well as he could the lead-
er of his side of the house, and while he
looked with suspicion upon any amend-
ment coming from the democratic side he
thought republicans would do wisely to
adopt Mr. Crisp's amendment.
Mr. Dingley, of Maine, thought that
mischief might come from the declaration
that the demand for yeas and nays
were never dilatory. One might make
the demand; it might be refused; another
man might repeat it, and it might be
again refused, and so on ad infinitum.
Mr. Bayne, of Philadelphia, expressed
his amazement that any republican
should vote for this amendment and thus
vote want of confidence in the speaker of
the house.
Mr. Herbert, of Alabama, said that
the question was not one of confidence
or lack of confidence in the speaker. It
far transcended in importance any such
question as that. It was a question of
fundamental law.

Mr. Struble, of Iowa, denied that his
position implied any want of confidence.

CONFIRMATIONS.
WASHINGTON, February 13.—The senate
to-day confirmed the nomination of Rev.
Daniel Dorechester to be superintendent
of Indian schools.
The house committee on patents to-
day by a unanimous vote instructed Mr.
Simonds, chairman of the sub-committee
to make a favorable report on house
bill, number 3,914, known as the inter-
national copyright bill. The bill allows
foreign authors to take out copyright in
the United States upon the same footing
as is allowed American authors, provid-
ing the type setting, printing and
binding is done wholly within the United
States. This bill has been amended in
some important particulars, so as to
make it conform to the copyright bill
now pending in the senate. The bill is
identical with one now before the com-
mittee on patents which was some days
ago referred to the judiciary committee
of the house. It is understood that this
committee has also authorized a favor-
able report. Mr. Simonds to-night ex-
pressed the belief that the bill would pass
both houses during the present session
and become a law.

Mr. Flower Elected Chairman.
WASHINGTON, February 13.—The ex-
ecutive committee of the house demo-
cratic campaign committee held a meet-
ing last night and elected Congressman
Flower, of New York, chairman, and Mr.
Towles, of North Carolina, secretary.
Messrs. Flower, McCrory, of Kentucky;
Blanchard, of Louisiana; Hayes, of Iowa;
Fowler, of New Jersey; Whiting, of Mich-
igan; Moix, of Pennsylvania; Andrews, of
Massachusetts; Voder, of Ohio, and Mc-
Clesland, of Indiana, were chosen mem-
bers of what is perhaps most properly
designated as the finance committee.

Nominations.
WASHINGTON, February 13.—The Presi-
dent to-day nominated to be postmas-
ters: George L. Levi, H. Peacock, Bain-
bridge, Alabama; Mary Branch, of
Selma; Andrew J. Locke, Eufaula, Vir-
ginia—Hansford Anderson, West Point.
The nomination of Henry C. Russell at
Eufaula, Ala., was withdrawn.

ON THE ALLIANCE.

A Catholic Bishop Dislikes Its Name and Religious Features.

CHICAGO, February 13.—A dispatch
from Kansas City says: In a letter pas-
sant letter to be read in all the churches
of the diocese of Lavenworth, Bishop
Fink of the Roman Catholic church, re-
ferring to the Farmers' Alliance move-
ment caused by the agricultural depres-
sion, says:
"We may say that, surrounded by a
bountiful crop as we are, many of our
people are suffering and in misery and
uncertain what they should do in the
future. Complaints come not only from
laboring classes who are in the city with
out work, but especially from the coun-
try districts from the farming popula-
tion which feels that matters cannot be
as they are for an indefinite number of
years, or they would lose their houses
and homes. Owing to the peculiar state of
our country everyone suffers when the
farming population is in distress.
Thoughtful persons are well aware that
the present grievances of the farmers are
but too true. It seems that almost
every industry in our country is pro-
tected in order to amass riches in the
hands of a few by which many will have
to suffer. The only classes not protected
are those that would seem to need it
most, the laboring men and the farming
population."
The bishop reviews the constitution of
the Farmers' Alliance, and holds that no
Catholic can join the order because it is
secret, and because it virtually has a re-
ligion and a chaplain of its own. This
latter point he discusses at length, and
declares that if the Alliance will drop its
religious aspect, the Catholics can join
in and work for the good of the farming
classes.

Death of the Sultan of Zanzibar.
ZANZIBAR, February 13.—The Sultan
died suddenly to-day. His brother, Sey-
didi Ali, succeeds him. Dr. Charles
Smith, attached to the British consulate,
and Dr. Martin, surgeon of the man of
war Bonadice, examined the body and
found no external evidences that death
was unnatural. The Arabs will not per-
mit an autopsy. He will be buried to-
night. Foreigners regret the absence of
General Maclethrew, who started for Bom-
bay two days since.

Base Ball in the Flower Land.
ST. AUGUSTINE, Fla., February 13.—
Capt. Anson and thirteen men of the
Chicago league team arrived here to-
day evening, and will play the first game to-
morrow with the home team which has
been reinforced by several professionals.

What the Criminal Court Did.
The term of the criminal court just
completed disposed of forty-five cases,
and the amount of money expended for
jury fees alone, to do that much business
was \$319.05.
The docket for the next term in April
already numbers forty-seven cases. None
of them are of especial interest, and the
charges are mostly minor ones. The
most of them are cost cases.
Three cases which were before the last
term will go to the supreme court on ap-
peals. One is an assault and battery
case, the second is the case of the State
vs. Tyne Bruce, who is charged with lar-
ceny, and the third is the case of the
State vs. Officer Tom Hunter, who was
charged with false imprisonment.

A Marriage in Hickory.
The marriage of two popular society
leaders of Hickory was celebrated on
Tuesday evening. The contracting par-
ties were Miss Lillie Burgin and Mr. A.
H. Crowell. The ceremony took place
at the Presbyterian church, the pastor,
Rev. C. A. Monroe, officiating. A large
number of invited guests witnessed the
ceremony; and subsequently partook of
a banquet at the home of the bride. The
presence was numerous and costly.
Mr. Crowell is one of Hickory's rising
young men. He is the private secretary
to Messrs. Hall Bros., and has the confi-
dence of not only his employers, but the
city as well. Miss Burgin is a leading
spirit in the society of that pleasant
town.

And Double Death.
The Richmond Dispatch of the 13th
contains the following sad information:
There is great mourning and distress
in the house of Mr. Mary Branch, on
Franklin street near Nineteenth. Two
daughters of this venerable widow, her-
self over eighty years of age, lie dead.
Acute pleuro-pneumonia was the cause
of death in each case.
The life of Miss Julia W., aged forty-
three, ended at 9:15 a. m. yesterday;
that of Miss Sarah A., aged fifty-nine,
closed at 5 o'clock p. m.
The deceased ladies were daughters of
the late Moses Branch and sisters of Mr.
Charles M. Branch, of the firm of West &
Branch, and were beloved by a large cir-
cle of friends, all of whom sincerely sym-
pathize with the stricken family. Both
were well on Monday.

A Car Factory.
The Wilmington Star says:
"Macon, Ga., is to have a car factory
with \$1,000,000 capital, to which \$750,
000 has already been subscribed. We are
not a prophet, but we expect to see in
the near future a great car factory estab-
lished at Greensboro, as one of the results
of the iron and steel works organized to
go into operation there."
This is in the line of a recent editorial
in THE CITIZEN, why not Asheville, as
well as Macon, or Greensboro, with ad-
vantages in all respects equal, in some
superior, to both of those towns?

Free Kindergarten Societies.
The regular monthly meeting of the
Free Kindergarten and Children's Aid
Society will be held this afternoon in the
hall of the Young Men's Christian Associa-
tion. A full meeting is desired as
there will be business of importance be-
fore the meeting.

Tickets to the Fish Fair.
The division passenger agent of the
Richmond and Danville railroad com-
pany writes to the CITIZEN that tickets
from here to New Bern and return during
the exhibition will be \$10.30. They are
good from February 22 to 28 inclusive.

Inquiry is being made in the Dominion
parliament into the causes of the emi-
gration of Canadians to the United States.
It is ascertained that the exodus from
Canada into our territory amounts to
2,412,000 people. There are said to be
50,000 Canadians in Chicago. It is ap-
parent that these are deep causes for dis-
content in the Dominion.

STATE NEWS.
Tuckasee Democrat: Mr. A. C. Gil-
roy's stable, near town, was burned last
Sunday night under circumstances that
leave no room for doubt that it was the
work of an incendiary. The stable was
about fifty yards from the dwelling and
there had been no fire near it during the
day. Fortunately there was very little
blowing, but what there was blew in
the direction of the house, and for a
while there was great danger of its catch-
ing.
Charlotte News: Capt. Henry P. John-
son has returned from Florida, where he
went to look after the lands purchased
some years ago by his father, the late
Col. V. Q. Johnson, and Mr. P. B. Key.
An article in the News some days ago
told how this tract of land, which was
purchased cheap, to be used as a truck
farm, had developed into a rich phos-
phate bed. The discovery that it is rich
in phosphate has, of course, caused a
flutter, and it is understood that the
present owners have refused an offer of
\$300,000 for it.

News Observer: Yesterday the Trust-
ees charged with the duty of selecting a
location for the Baptist Female Univer-
sity determined to locate the institution
at Raleigh. In this we think they did
wisely. The amount offered by any city
as a consideration of having the Univer-
sity located there, is necessarily a
small matter in itself. Say any proffered
donation amounted to \$50,000, that
would be but an item when we consider
that the institution in a few years must
need a much larger amount, and in or-
der to secure donations and endowments
and the fullest patronage the University
must be in the most eligible place.—A
remarkable case known here yester-
day which probably never had parallel
in human history. News was received
here yesterday that James and Davie
Garner's Station died yesterday morning
at their home at Garner's. Both were be-
tween the ages of thirty-five and forty.
The two brothers died of pneumonia and
the death of one occurred at 12 m., and
of the other at 3 a. m. Both married sis-
ters and each had a wife and six children.
In addition to this each one was born on
the 12th of the month, each married on
the 12th of the month and each died on
the 12th of the month.

J. S. GRANT, Ph. G., Of Philadelphia College of Pharmacy, Apothecary, 24 South Main St.

Bill Nye, who has had La Grippe, sends
the following to Grant's Pharmacy:
"Little grains of quinine,
Little drinks of rye,
Make La Grippe that's got you
Drop its hold and fly.
This may quickly help you,
If you'll only try;
But don't forget the quinine
When you take the rye."
Remember the moral contained in the
last two lines—that is, don't forget the
quinine, and get it at Grant's Pharmacy.

If your prescriptions are prepared at
Grant's Pharmacy you can positively de-
pend upon these facts: First, that only the
purest and best drugs and chemicals will

ed carefully and accurately by an experi-
enced Prescriptionist; and third, you will
not be charged an exorbitant price. You
will receive the best goods at a very rea-
sonable profit. Don't forget the place—
Grant's Pharmacy, 24 South Main street.

Prescriptions filled at all hours, night
or day, and delivered free of charge to
