THE DAILY CITIZEN.

FACTS AND COMMENTS.

COUNTY TOLSTOI in an article on matri-
mony has declared that he does not be-
lieve in marriage and that it was not in-
stituted by Christ.

RALEIGH and Durham men invested
\$40,000 in the new town of Kimball.
Asheville men invest their money here
and that is the reason Asheville is on the
boom.

"Men should not marry," is the way
the New York Herald heads one of its
special articles. As it says nothing
about women we suppose that it is a
little more lenient towards the gentler
sex.

Will somebody kindly rise and explain
how Asheville was benefited by putting
\$100,000 into a sewer system when not
more than one fifth of the houses are
connected? Why not get the benefit
now that the money has been spent.

SEVERAL complaints have been made
to THE CITIZEN that the census enumer-
ators have not yet called on certain fam-
ilies. At the office it is learned that the
taking of the census in Asheville will not
be completed before the tenth of July. So
at present there is no cause for alarm.

A PHILADELPHIA enthusiast modelled
a boat after a duck and thought that in
so doing he was going to revolutionize
ship building. The trial trip resulted in
the new boat making a half mile in a half
hour and the inventor would now like to
get rid of his invention as old iron.

SINCE Secretary Blaine's vigorous de-
nunciation of McKinley's tariff bill it be-
gins to look as if that wonderfully con-
structed document was doomed to defeat.
Harrison's avowed hostility to it has
also had its weight and all in all it begins
to look as if even the republican majority
and Tom Reed cannot save it.

MEXICO is evidently not adverse to a
reciprocity treaty with the United States.
A rumor that it had already been ar-
ranged gained currency there a few days
ago and was denied by the Partido
Liberal perhaps the foremost paper in
the country. At the same time it hinted
that such a treaty was not improbable,
but that the advances would have to be
made by the United States. Such a
treaty would be of benefit both to us
and to Mexico.

THE Lyceum for July contains a com-
munication signed "Many Citizens" and
urging the name of Col. Frank Cox for
congress on the Democratic ticket. The
article speaks particularly of Col. Cox
as a native of the district, an extensive
farmer, a member of the alliance, a finan-
cier and a practical benefactor.

There is no doubt but that Col. Cox
has considerable strength in this district.
In his native county, Rutherford, he is
particularly strong and his work in help-
ing to build up Asheville to what it is
to-day has made him many friends here.

A DISPATCH from San Francisco states
that the Iroquois, the man of war which
was recently ordered to Samoa, is farther
away from a start than ever. Hereto-
fore it seems that the elements have con-
spired to defeat the orders of the secre-
tary but now it seems that in the par-
lance of the sailor the ship is "hooedooed."
She was to have gone out last week but
her machinery was out of order and a
week ago to-day she went to Mare Is-
land. On that night five of her men fell
over; on the next night ten more followed.
It was a mystery how the men got away,
but all attempts to find out were
fruitless. The men continued to pour
out of the vessel like rats from a wreck.

It is now estimated that no less than
forty have disappeared. Among the de-
serters were many picked men of the
navy, who had served in the Trenton
and Vandallia, which were wrecked at
Samoa a year ago last March. A num-
ber of them have been given medals for
heroic conduct during that storm and
were thought to be the last likely to
leave. One of the deserters said that
any of the sailors would willingly ship
in any other vessel but not on the Iro-
quois.

HAVE YOU SUBSCRIBED?
Have you subscribed for the sending of
the two mad dog victims to New York
for treatment. If you have not, see that
you do at once. It is something that de-
mands your immediate attention, and is
an object most worthy.

Many yesterday gave as their reason
for not subscribing the fact that they
did not know that the dog was mad.
To-day the opinion of one of the physi-
cians who treated one of the bitten per-
sons is given. The dog had, he says,
every indication of the rabies. He ad-
vised Mr. Miller, the patient whom he
attended, to go to New York to be
treated. Nobody can tell to a certainty
whether the animal really did have the
rabies, but this is not a case where you
can afford to split hairs. The cause of
humanity demands that those two boys
be sent to New York. Your contribu-
tion will help. It is very necessary that
the boys be sent this week. The Rich-
mond and Danville will do its part.
Hand in your contribution to-day.

Election of Officers.
Pisgah Lodge No. 32 Knights of Pythias
held its election of officers last night. It
resulted in the choice of T. J. Hargan to
be chancellor commander, E. P. Mangum
vice chancellor, T. W. Branch prelate and
L. P. McLoud master-at-arms. The in-
stallation of officers will be held on July 7.

A Most Important Convention.

HARRISBURG, Pa., June 24.—Headquar-

convention in its history. There are
fully two thousand strangers already on

crisis for Quay is forming. Magee and
Dee will have a strong following in their
fight on Quay and Delamater and all are
looking anxiously for the morrow when
the struggle will begin in earnest.

ter to the City of Paris.

ing of its new structure, the Thomas Jef-
ferson. It is the largest political club
house in the country.

peals this morning decided the sugar
trust illegal. This decision affects all
trusts in the State.

Hendersonville Newspaper.

The Western Guide is the name of a
new democratic paper published at Hen-
dersonville. Its editors are evidently
not the least superstitious for the first
issue appeared on Friday and it is the
intention to publish it on that day of
every week. The paper is a fine looking
seven column folio. Its typographical
appearance is good and its columns full
of news. It is just what Hendersonville
has needed for some time—a good dem-
ocratic newspaper.

The Purchaser of Antler Hall.

Edward J. Harding, of New York, the
purchaser of the "Antler Hall" property,
is at the Battery Park for a few days.
He is here for the purpose of closing the
purchase. There are 134 acres of land in
the tract, and the price paid was \$25-
000. Mr. Harding has not formed any
definite plan as to the disposition of the
property.

Democratic Convention.

A convention of the democratic party
of the 12th judicial district for the
purpose of nominating a candidate for solici-
tor, will be held at Bryson City on July
24th. The democratic executive com-
mittee of the several counties comprising
the district are requested to call conven-
tions in their counties for the purpose of
electing delegates to the convention.

Fifteen Acres More.

J. M. Alexander has sold to Geo. Van-
derbilt 15 acres on the Hendersonville
road, a quarter of a mile from Biltmore.
The consideration cannot be learned from
either party although Mr. Alexander says
it will amount to nearly \$5,000.

The West End is rapidly coming
to the front—beauty of locality, shade
and convenience to car line are valuable
qualities.

NORTH CAROLINA NOTES.

The season at Nags Head opens July 1.
Scarlet fever is raging around Hamil-
ton.

Durham is talking of a Fourth of July
celebration.

Gold mines are being found in Union
and Anson counties.

Raleigh already has six colleges and is
to have a university for girls.

Concord is talking of issuing \$20,000
worth of bonds for street improvements.

The State guard now contains 1,541
officers and privates completely equipped
and clothed.

Tarborough already has a glee club
and is threatened with an amateur dra-
matic society.

Raleigh children, to the number of
2,418, attended school in the capital city
last year.

The Winston authorities have decided
to enforce the law, prohibiting the sale
of cigars and soda water on Sunday.

John Halton, of Greenville, who sev-
eral months ago shot Sidney Overman, has
been sentenced to 5 years in the peniten-
tiary.

Fifty per cent. of the necessary capital
for the Durham co-operative cotton fac-
tory has been subscribed and it is as-
sured.

A vacancy in West Point is to be filled
from the fourth congressional district. A
competitive examination will shortly be
held.

At Arcola, Warren county, Peter
Shearin fell against the saw in a saw
mill and both of his hands were in-
stantly cut off.

The Atlantic hotel at Morehead City
had 600 guests on Sunday. The crowd
in attendance on the teachers' assembly
is simply immense.

Mr. E. K. Wolfe, of Monroe, a gradu-
ate of Trinity College this year, has been
elected professor of mathematics in a col-
lege in Neosho, Missouri.

The Southern Farmer is to get out a
special trade edition of 10,000 copies, de-
voted exclusively to booming Raleigh. It
will be published August 14.

The Wilmington Messenger places its
guess at the population of North Caro-
lina by the present census at 1,650,000,
and of Wilmington at 21,850.

According to the News and Observer
the outlook from the tobacco crop of
Wake county promises to be the best,
largest and earliest ever known.

Mark this prediction, says the State
Chronicle, that in less than six months
Raleigh will be on as big a boom as any
other town of its size in the South.

The shipments of the tobacco manu-
facturers of Danville last week footed up
136,043½ pounds, while the Winston
manufacturers shipped 171,015 pounds.

Alonzo Miller, of New Bern, was driv-
ing a team of oxen during a recent
thunder storm and lightning struck and
killed the animals. The driver escaped un-
hurt.

The knitting mill plant of Mr. Thomas
W. Winston, of Selma, will be moved to
Oxford. The Oxford Land and Improve-
ment company are responsible for the re-
moval.

The delay in relaying the track near
Red Marble gap will prevent the comple-
tion of the Murphy branch of the
Western North Carolina railway until
late in the autumn.

Numa Reid Atwater, of Chatham
county, has been attending the Oak
Ridge school for two years. A few days
ago he returned to spend the summer
vacation and was taken sick and died in
a very short time.

Mitchell county has refused to levy a
tax for the payment of pensions of ex-
Confederate soldiers. It is the only
county in the State that has refused. The
last legislature passed an act levying
such an assessment.

Alonzo Mills, of Pender county, was
robbed of \$15 in money and a bottle of
whiskey while on his way home from
thinning by four colored men. This
is the second case of highway robbery
that has occurred near Wilmington re-
cently.

Incidental to her lecture before the
teachers' assembly at Morehead City
Miss Kate Field said that congress had
recently disgraced itself by defeating the
national copyright law, and that was
when she said just the proper thing at
the proper place.

A Durham woman had a box of jew-
elry and forgot where she put it. A
thorough search failed to reveal it and it
was given up as lost. A few nights later
she dreamed that it was in a certain
place and that's just where it was, as a
subsequent search proved.

A reunion of Confederate Veterans
will be held at Blowing Rock on the first
of August. Mr. Julian S. Carr is asked to
be chief marshal. Senators Ransom and
Vance, Governor Fowle, Col. Polk and
General Wilder are invited to speak.

A movement is on foot in Charlotte
to build a monument to the Rev. Alexander
Craighead, an eminent Presbyterian di-
vine of ante-revolutionary times, who is
considered in some sense the father of the
Mecklenburg declaration. A subscrip-
tion has been started and circulars sent
to various parties there and elsewhere.

A peculiar disease, with which a man
is afflicted at the poor house at
New Bern, has caused consid-
erable alarm and concern there. The ap-
pearance of the man indicates that he
has leprosy, and he has been tempo-
rally sent out of town while an examina-
tion by the county physician is in pro-
gress.

During the commencement exercises of
the agricultural and mechanical college
a resolution that agricultural and me-
chanical education must and shall con-
stitute the chief part of the future glory
and strength of North Carolina was in-
troduced by a speaker, Dr. C. D. Smith,
of Macon county, and unanimously
adopted.

The only figures which one has had at
this time is the school census just taken
in Battleboro township, where the num-
ber of colored children of the school age
is 200 short of last year. If this is kept
up in all of the townships five or six
thousand will be a low estimate of the
number gone from this county. For this
reason it is to be regretted that no school
census will be taken in the other town-
ships.—Tarboro Southern.

the sale of lots in Prospect
Park to-morrow.
