REASON OF THE DUST.

NO RELIEF UNTIL THE MIDDLE OF JULY.

NO REASON WHY WE SHOULD NOT HAVE SPRINKLERS.

Putting the Blame Where It Belongs—The Storm of Yesterday Afternoon—A Street Car Stopped.

It will be nearly two weeks before Asheville people can hope for relief from the terrible dust with which they are now afflicted unless Providence should settle it by a rainfall. The streets have heretofore been sprinkled by Mr. L. Swiggood, who had a sprinkler built for the purpose. Mr. Swiggood took the job and received a revenue from the people in front of whose places of business the sprinkling was done.

At the meeting of the Board of Aldermen held June 29, they were notified that Mr. Swiggood was about to sell the sprinkler. He offered to sell it to the city for \$100, which was the price offered by Mr. Pearson, but the board considered that to be too much for them to pay for it and did not buy. At the same meeting a committee was appointed to attend to the matter of making preparations for some more sprinklers. The committee was composed of Aldermen Pulliam, Leonard and McDowell. These gentlemen have contracted for two two-horse sprinklers, to be built by Mr. Swiggood, and they are to be done by Saturday, July 12.

In the meantime the people of this city will suffer from the dust.

Yesterday afternoon at 4:30 a terrible dust storm raged over the entire city. A strong wind arose and scattered the dust in all directions, until there was a cloud of it overhanging the place. On South Main street it was almost unbearable. The sand that has been put on the surface of the brick paving was whirled around and the sensations caused by having it strike one in the face were by no means pleasant. An electric car was actually stopped just below Eagle street, for the reason that the motorman was unable to attend to it properly on account of the dust.

As the Board of Aldermen were notified a long time ago by Mr. Swiggood of his intention to sell the sprinkler and because they did not pay the least attention to it or take steps for the purchase of more, it is not the least difficult to place the blame where it belongs. More than that, complaints of the dust have been made continually for the last two weeks, a number of visitors are known to have left the city because of it, and the committee appointed by the board did absolutely nothing until last Thursday when they did find time to order the sprinklers made.

"If I were the judge of a court," said a prominent citizen last night, "and a suit against the city for damage to goods by dust were brought by a merchant, I should give the plaintiff a verdict without a question."

Not Until July 15. Acting Supervisor Morris has been given permission by Superintendent Porter to extend the time for taking the census in Asheville as long as is necessary to complete the work. Mr. Morris is determined that Asheville shall have a fair and square census. He was seen yesterday and asked why it took so much longer to make the enumeration here than in other places. That the force of enumerators was not large enough was given as the reason. He said that it was thought at first that two men could do the work in the allotted time. It will probably be finished some time this week.

Fell From the Third Story. Peter Stroud, a negro was put in the lock up Saturday night for being on a drunk. During the night he attempted to escape from the third floor, and fell from the window to the ground. His right ankle was broken and he received severe internal injuries. Dr. Barrington, who attended him, says he is very seriously injured but he does not think it will result fatally. The man was taken to his home in the western part of the city.

Some Census Returns. S. H. Jordan, who took the census in Swannanoa township reports that he found nine pairs of twins in his rounds. The smallest pair weighed thirty-eight pounds, and the largest 548. The latter were George W. and K. H. Young. Mr. Jordan made his report to the supervisor's office this morning and it was highly complimented by Mr. Morris for its thoroughness.

THE COMING CELEBRATION.

What will be Done at Richmond Hill July 4.

Mr. Richmond Pearson's Fourth of July celebration promises to be a grand affair. He has made arrangements with the Richmond and Danville railroad to furnish two special trains to run from the depot, in this city, to Lake Marjorie. These trains will be for the accommodation of the public and no fares will be collected. He has also arranged with the Asheville Street Railway company to hire their entire system between the hours of 4 and 8:30 o'clock p. m., and will in this way furnish complete transportation to his place—free to all.

The cars will make regular trips on all lines, with the exception of the Patton avenue line, on which extra cars will be placed. The first train for Lake Marjorie will leave the depot at 4:40 p. m., and the next at 5:20. These trains will stop at the old depot also and passengers may go down on the Patton avenue line to take the train. The train returning will leave the lake at 8:30 and reach Asheville in a few minutes.

Marston's Zouave Band, of Atlanta, will arrive here at nine o'clock on the morning of the 4th, on a special train. The music for the day will be furnished by it and Hull's band of this city. The Atlanta Band contains 18 pieces, and take the premium at the Piedmont Exposition held in Atlanta in 1889. Brown & Lindsey, photographers, will be on the grounds with cameras, and will take views of the crowd. These pictures will be finished up, and all those present can obtain them as souvenirs, free of charge.

The crowd will be kept in order by a force of mounted marshals composed of the following citizens: D. L. Reynolds, N. A. Reynolds, W. S. Ray, N. T. Chambers and A. H. Baird. They will be legally empowered to keep order.

Six hundred men will be at work on Lake Shore avenue and will make one mile of it ready for travel in one hour.

WILL CLOSE AT SEVEN.

Patton Avenue Merchants to Try a New Plan.

Mr. J. H. Weaver, of the firm of Weaver & Myers, is one of the chief movers in the matter of closing at 7 o'clock, and beginning to-night, their store will be closed at 7 o'clock every night except Saturday, during July, August and September.

Mr. Weaver has obtained the signatures of a number of the leading merchants, to the agreement and it will be tried to night for the first time. The following is the agreement with the names of the signers:

We the undersigned merchants do agree and hereby bind ourselves to close our stores at 7 o'clock p. m. during the months of July, August and September, Saturdays excepted, and try to work up a general sentiment on the subject. If, however, our appeal to the merchants does not meet with approved success this obligation shall be void after July 15th.
