To-morrow's Supplement.
Look out for to-morrow's supplement. It is a dandy and no mistake and is illustrated by some of America's greatest newspaper artists.
FACTS AND COMMENTS.

By the way, where are the new street sprinklers? King Dust ran the town at intervals yesterday.
A barber in Wellington, Kan., has put out his sign as follows: "We are here to stay. No favoritism shown; clean towels used on every customer."
They can use all the soldiers they want in the South now. From the exhausted condition of affairs it will probably be unnecessary to detail any to watch the treasury.—Philadelphia Times.
A Boston woman has organized a society known as the United Order of Odd Ladies. Whether this applies particularly and distinctly to odd maids is not stated.
PARTICULARLY accommodating lighting is what the untrammelled West boasts of. A bolt set fire to a dwelling there the other day and at the same time touched off the fire alarm.
CHAUNCEY DEPEW was called upon recently by a middle-aged lady, who was so delighted by his urbanity that she impulsively kissed him when she arose to leave. A reporter who witnessed the disturbance asked Mr. Dewey whether he was used to that sort of thing, and he replied: "It is one of the regular rules of the office."

AFTER studying that merciless analysis of Reed's rule, which was reproduced bodily in the Congressional Record for the edification and instruction of Senators and Representatives who may not read periodicals of serious discussion, it was not likely that Senators who have any regard for their reputations as statesmen and lawyers would voluntarily put themselves in the pillory alongside of the partisan Speaker of the House. It seems there are some things a Republican Senator shrinks from doing even under the lash of the party whip.

PROHIBITION KANSAS, the state that gave 80,000 republican majority, for Harrison, threatens a secession if the talk of the lieutenant-governor amounts to anything. At a recent meeting he said:
"While I respect the mandates of the Supreme Court of the United States, I consider that I owe my first allegiance to the constitution and laws of my state."
In speaking of it the Philadelphia Times says:
"This is precisely the way they would like to talk in the South. Right wronging it is the old position of Virginia and South Carolina exactly. But suppose a Southern Democrat had talked in this way, what would the Reed Republican organs have had to say about it?"

THE more notable of the Vanderbilt gifts for philanthropic and public purposes are as follows: The old Commodore gave \$50,000 to Dr. Deems to purchase the Church of the Strangers, and \$100,000 to found Vanderbilt University at Nashville; his son, William H., added \$200,000 to the endowment of the University, \$100,000 for a theological school, and \$100,000 for a library in connection therewith, \$500,000 to the College of Physicians and Surgeons, \$250,000 to a Maternity Hospital, \$50,000 to the Church of St. Bartholomew, \$100,000 to the employees of the New York Central, \$103,000 for the removal of the obelisk from Egypt to Central Park, \$150,000 to the Grants, and by his will \$1,000,000 to various institutions. Cornelius Vanderbilt's projected People's Palace in New York may require \$1,000,000. George Vanderbilt's expenditure of several hundred thousand to advertise Asheville—and, incidentally, build himself a home—should not be forgotten.

IT is to be remembered that the war is almost twenty-five years behind us. Besides the \$107,000,000 spent for pensions the expenses of the war and navy departments in the last year were over \$66,500,000, so that altogether our military expenditures now amount to over \$173,000,000—that is, we are already paying more than the yearly outlay for military purposes by the leading European nations which keep large standing armies. To this are now to be added the millions made necessary by the passage of the new pension bill. Where is the thing to end, and what are to be the results? Hitherto, we have had diminishing interest payments to count on as offsetting in part at least the increasing pension requirements, but now the yearly interest is only \$35,000,000 altogether. Evidently, therefore the prospect is becoming somewhat uncertain, and members of congress should be cautious how they make further appropriations.—Financial Chronicle.

A New Baptist Church.
The congregation of the First Baptist Church will at an early date erect a handsome new edifice for worship. The building will be of brick and will cost \$25,000. It will be capable of accommodating 1,000 people. The room for the use of the Sunday school and prayer meetings will be attached to the rear end of the main building and will seat between three and four hundred. The congregation have been trying to purchase from Dr. G. W. Purefoy, the lot bought by him from Senator Z. B. Vance, corner of College and Spruce street and have offered him an advance over \$12,850, the price paid by him. He had about accepted the offer when Senator Vance's agent here heard that the lot was wanted for church purposes, and refused to deliver the deeds to Dr. Purefoy. As the matter now rests, nothing can be done until Senator Vance is heard from.

IT IS A DEADLOCK.

TENNESSEE DEMOCRATS ARE STILL AT IT.

HARRISON AT LAST TUMBLES TO HIMSELF.

The Minnesota Farmers' Alliance Puts a Full Ticket in the Field — News of the World at Large.
Special to The Citizen.
NASHVILLE, Tenn., July 18.—The convention is yet unable to agree upon a candidate. The 20th ballot stood, Buchanan, 720; Patterson, 379; Baxter, 349; Taylor, 158. Over the 17th ballot this is a gain for Buchanan of 1, for Patterson 17, Baxter 2, and a loss to Taylor of 14.

Probably Ashamed of Himself.
Special to The Citizen.
PHILADELPHIA, July 18.—The executive officers of the Pennsylvania railroad authorize an emphatic denial of the statement that the corporation has tendered the use of a cottage at Cresson Springs to President Harrison and his family. The truth of the matter is that the President has rented one of the unoccupied cottages from the Cresson Springs company at precisely the same rate that is charged to other tenants and complying with the rule by which payment of rent in advance is required.

Important Property Sold.
Special to The Citizen.
GLASGOW, Va., July 17.—The natural bridge property has been sold to a Massachusetts and Virginia syndicate for \$200,000. It was purchased from Col. H. C. Parsons and Hon. James G. Blaine, who have owned it for a number of years.

Fatally Injured — Three Men.
Special to THE CITIZEN.
LEXINGTON, Ky., July 18.—While James Moran, conductor, G. H. McKeehan and George Hanson, brakemen, all employees of the Cincinnati Southern, were under a truck repairing a draw-bar, Engineer Smith backed his engine causing the men to be run over and injured so that they will die.

The Power of the Future.
Electricity is the power of the future. Henry Villard expresses his positive opinion that in five years there will not be a steam locomotive on any railway in the United States and every kind of machinery will be driven by that element.

She Had Ten Husbands.
Ten husbands is the record of a woman of fifty-four at Bourbon, Ind. She first married when sixteen years old. Her last husband was an Indiana Judge, whom she married in 1889, and from whom she has since been divorced. Four of her husbands died and from four others she was divorced. Of the remaining two "little is known."

Hypnotism Flourishing.
Hypnotism has reached that point that the French authorities think of creating a superior council of medical jurisprudence at the Ministry of Justice, to be composed of medical men and magistrates, who will be required to give opinions as to the responsibility of criminals in connection with the questions of suggestion and hypnotism and of heredity.

PERSONALS.
Mrs. Orlplant is making a tour of the Holy Land, and will write a book on the region.

Bournemouth has been selected as the place where King Kalakaua will reside during his visit to England next month.
The next birthday of Count von Moltke will be kept as a National holiday in Germany. He was born on Oct. 26, 1800.

ANTIMIGRAINE.
—THE—
NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.
ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache
AND NOTHING ELSE.

It has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTHYPYRINE, MORPHINE, CHLORAL AND COCAINE. Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.
The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will usually drive away an attack of Headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulating in its effects, tending toward an eventual permanent cure.
