THE HARRISONS

Purchase a Tract of Land for a Summer Residence Near Washington.

New York, July 21.—A Washington special to the press gives the following version of the purchase of land near Washington by members of President Harrison's family.

De Joan W. Scott, father of Mrs. Harrison, has purchased for her a tract of five acres in Montgomery county, Md., near Rockville.

The site is the most beautiful one in the vicinity of what are known as Glen Rio Heights. It is several hundred feet above the Potomac, and from it the course of that magnificent stream is sighted for miles.

Mrs. Harrison, it is understood, prefers the mountains to the seashore, not only on her own account, but because of her anxiety for the health of her grandchild, the president's new-born son.
