THE NEWS!

BY ASSOCIATED PRESS TO "THE CITIZEN" TO-DAY.

PROCEEDINGS IN THE HOUSE AND SENATE.

A TERRIBLE ACCIDENT TO A BATHING PARTY.

BUENOS AYRES EXCITED BUT HAPPY AT LAST.

A TERRIBLE HAIL STORM IN MINNESOTA.

BALTIMORE, Md., August 8.—Mrs. Mollie Storm, wife of Mr. S. W. Storm, a clerk in the tax department at the city hall, and Edith V., his 14-year old daughter; Mrs. J. R. Johnson, wife of the secretary of the Viscount Manufacturing Company, and Carroll, aged nine years, son of Mr. J. S. Graham, clerk of the Spring Grove Asylum, were drowned in St. Ingoes creek, St. Mary's county, while bathing. The bodies were brought to Baltimore this morning.

The drowned were members of a party of fourteen Baltimoreans: Mrs. Storm and two children, Mrs. Johnson and three children and nephew, Miss Nettie Graham, her three nephews and niece, and Mrs. Stevens.

The party with the exception of Miss Graham, who stood on the shore, went bathing in a creek about a quarter of a mile from the house where they were stopping. The steamer Sue came along. The delight of the young ones at the sight of the vessel found expression in hearty cheers, and the waving of hands, which salutations Capt. Geoghegan acknowledged by several whistles. The Sue at this time was about a quarter of a mile distant from the bathers. The undertow from the steamer caught the women and children and swept some of them beyond their depth. Miss Nettie Graham cried out so loudly that Capt. Geoghegan heard her, but before he could reach the bather, a number of oystermen went to their rescue and saved nine. Mrs. Johnson and Edith Storm lost their lives. In efforts to save Miss Storm and Carroll Graham. Mrs. Storm, when carried ashore was insensible, but was resuscitated.

PROCEEDINGS OF CONGRESS.

The Removal of Gen. Grant's Remains—Work in the House.

WASHINGTON, August 8.—In the senate to-day Senator Call offered a resolution (which was agreed to) instructing the committee on foreign relations to report such a measure as may be necessary for the protection of citizens of the United States who were formerly residents of Cuba and subjects of Spain, against prosecution by the Spanish government for offences alleged to have been committed by them.

The concurrent resolution heretofore offered by Senator Plumb expressing the desire of congress for the removal of the remains of Gen. Grant to Arlington National Cemetery was taken up and agreed to.

The conference report on the fortification bill was then taken up for consideration.

WASHINGTON, August 8.—In the house to-day Mr. Mutchler, of Pennsylvania, was excused at his own request from further service on the committee on coinage, weights and measures and Mr. Vaux of Pennsylvania, was appointed to fill the vacancy.

The house resumed the consideration of the general deficiency bill, the pending question being on the amendment granting a month's extra pay to the employees of the house and senate.

KENNERL FIRST AND LAST.

Probably No Other Murderer will Ever be Killed by Electricity.

LONDON, August 8.—The Times, News and other big dailies of this city have come out squarely against the electrocution of Kennerl, and denounced it as barbarous. They heap abuse upon it, and declare that civilization over there tends to barbarism.

NEW YORK, August 8.—All the newspapers denounce the execution of Kennerl, and say it will never be used again for that purpose.

Edison says: "The true way to execute a criminal is to send the current through his body from one arm of the hands chair to the other. The arms, hands and fingers are full of electricity. Let the hands be properly cleansed and moistened, and the charge would pass through the heart, causing instant death."

JUBILANT CITIZENS.

Dr. Pellegrini Elected President and Everybody Pleased.

BUENOS AYRES, August 8.—The citizens here are jubilant over the election of Dr. Pellegrini to the presidency. Crowds parade the streets bearing joyful devices.

The city was illuminated last night. Governors of all the provinces have sent telegrams to Dr. Pellegrini congratulating him upon his accession to the presidency.

The program of the new cabinet has been presented to the chamber of deputies. It includes acknowledgement of respect for the constitution, promises a just administration of public funds and a development of national resources.

TERRIBLE HAIL STORM.

Minnesota Takes It This Time—Crops Injured.

MONTEVIDEO, Minn., August 8.—A terrible hail storm occurred here last evening. Reports from the northeast, six miles out, say that all standing grain was destroyed. From the southwest, five miles out, total destruction is reported, while from eight miles in the southeast crops were badly damaged. The storm took a wide stretch. Over one-half of the grain was harvested consequently the loss is not quite so great as it might have been.

Big Odd Fellows' Parade.

CHICAGO, August 8.—Yesterday was a half holiday in honor of the visiting Odd Fellows, and the greatest parade known in the history of the secret order is in progress. Between 40,000 and 50,000 Odd Fellows were in the column.

COXE THEN VANCE.

Action of the Polk County Convention—Z. B. Vance Endorsed.

COLUMBUS, N. C., August 5.—The democratic convention of Polk county held here endorsed for Hon. A. S. Merrimon chief justice, Hon. J. C. McRea, associate justice supreme court; M. H. Justice for judge and F. I. Osborne solicitor of Eleventh judicial district. Col. Coxe was the first choice for congress and then General Vance.

Resolutions endorsing Hon. Z. B. Vance were unanimously adopted.

From the Winston Daily.

Polk county democrats have instructed for Col. Frank Coxe for congress from the Ninth district first, last and all the time.

News From Hendersonville.

HENDERSONVILLE, August 7.

Editor Citizen.—Our town continues full of visitors. More than usual are here this year. The rains have prevented much riding, but the last two days are an earnest of future good weather. The crops are very fine. Cabbage are being shipped in large numbers. The new jail is going up rapidly. The public fountain has been removed from the middle of the street to court house square and its surroundings much improved. The new railroad depot building is rapidly nearing completion. This will supply a long needed want.

We are looking for a very large crowd on August 19 and days following, at the sale of lots on those days.

Our streets have been muddier this summer than ever before, and worse even than in winter, but gravel is being placed over the mud and a good road bed will be secured.

Democratic township meeting next Thursday.

HENDERSONVILLE.

THE LATEST NEWS FROM NORTH CAROLINA.

—A fire occurred at Burlington Thursday. One store and the postoffice were burned.

—Down at Greensboro a day or ago negroes were whipped by a policeman, properly delegated, for fighting.

—Rev. Sam P. Jones will commence meetings at Winston on the 25th of September. The meetings will continue not less than ten days.

—Judge Bynum, of Charlotte, sold a large portion of his land to Mr. Sink, of Winston, this week. Considerations, fifteen thousand dollars.

—At Greensboro several valuable horses have died this season with lockjaw, which seems to have become almost epidemic among the livery stables there.

Considerable interest is shown at High Point over the rediscovery of a fine mineral spring about two miles from town. It had been filled up for years.

—A little boy of twelve named Willie Medlin killed himself drinking whiskey near Youngsville, Wake county, Monday. He was begged to take a drink by a middle aged man.

—Prof. and Mrs. W. F. Pentress, principals of one of the leading schools in Guilford county, have both been extremely ill with typhoid fever for the last month, and Mr. Pentrell died yesterday.

—Congressman W. H. H. Cowles is at his home in Wilkesboro, and is in very feeble health. His physician says he should have been at home long ago, but he stood steadily at his post to vote against the election bill.

—There is an organized movement within the Alliance to defeat Senator Vance, and that, too, in spite of the fact that there are many good and true democrat Alliancemen who are hostile to the movement.—Charlotte Chronicle.

—Messrs. Duke, of Durham, have begun the erection of a mammoth storage warehouse in connection with their factory at Durham. The structure will be five stories high, one of the highest in the State, and the dimensions will be 200x60 feet.

—Greensboro is said to have still another paper. John C. Tipton, who has been editor of the Patriot, daily and weekly, since its revival in January, retired from that paper on Monday, and will begin the publication of the Guilford Democrat about August 20. The Democrat will be an orthodox paper.

—We have been shown the throttle to Mr. John Smyre's engine, which Superintendent McEhee has kindly had enclosed in a handsome case with a glass front and presented to Mrs. Smyers. It was taken from the engine in which he was killed in the fatal accident on Saluda mountain in June.—Newton Enterprise.

—The report that a successor to Superintendent Dixon of the Orphan Asylum had been appointed. Superintendent Dixon has not even tendered his resignation! The appointment of a successor when made will be made by the directors—and the directors have not even yet been called together.—Raleigh News and Observer.

—Thos. Camp, of Rutherford county, N. C., had ten sons and one daughter by his first wife. He married again as his second wife, Miss Margaret Carney, of North Carolina, and had by her ten sons and two daughters. Then he died. The twenty-three children of Thos. Camp were, as might have been expected, a prolific and stalwart race. Only one of them, a daughter, approached the father's record, however. She had twenty-two children. At a reunion a few years ago in Douglas county, Ga., fully 3,000 descendants were present. A day or two ago, at the residence of the late Major William A. Camp, near Dalton, Ga., assembled all of his seven sons and their descendants in a family reunion, the occasion being their mother's seventieth birthday.

—Essie Skeen, 4 years old, of Charlotte, and a goat, of nowhere especially, were playing on the edge of the Carolina Central's deep cut Saturday. The goat was staked, like a cow in a pasture. All at once both rolled down into the railroad cut. The rope which was fastened to the goat's neck caught on a fence post. On the loose end was a loop, which caught around Essie's neck and drew tight. Both the child and the goat were suspended by their necks fully six feet from the bottom of the cut. Another child gave an alarm, and Essie and the goat were rescued. The child was black in the face and totally unconscious. Dr. Wilder, by the use of ammonia, and forcing air in her lungs, finally restored her to consciousness. She is now all right. Of course the goat did not mind a little thing like that.

IS HE THE MAN WANTED?

NORTH CAROLINA INTERESTED IN THIS CASE.

A Man Convicted of Bigamy in Georgia Who Declares He is Not the Guilty One, But Another—His Experience in This State.

ATLANTA, August 8.—The Rev. Walter R. Dale, formerly pastor of the Sixth Baptist church of Atlanta has been convicted of bigamy at Dallas, Ga., where he has been on trial for several days. The testimony on the trial was that Dale was raised at Concord, N. C., and there he married a Miss Horton, by whom he had four children. At that time he was known as J. O. H. Nutall. He was a jeweler by trade and went about from place to place looking for work. At Dallas, N. C., he stayed at the house of a man named Rawlings, and a daughter of Rawlings fell in love with him. They disappeared together, Nutall leaving behind his wife and children. At Conyers, Ga., the girl's relatives found him and induced her to return home, leaving her child with its father.

Later there appeared in Dallas, Ga., a jeweller named Walter R. Dale. There was another scandal in which a woman's name figured, and then came his conversion to the Baptist church, and after awhile his admission to the ministry. He married in Dallas, Miss Smith, who is his present wife. After living there some time they came to Atlanta, and here Dale was given a little charge out in the suburbs of the city. He labored along faithfully so far as is known, until he was recognized by an old friend from North Carolina as Nutall.

He denied bitterly that he is Nutall, and fought the case through a long trial, but the jury found him guilty of bigamy. Dale says his first recollection was of being a street Arab in New York. He drifted about until he came into the hands of a gambler named Ned McSweeney. With McSweeney he covered a good part of the country, and was known as McSweeney's Kid. He denies ever having lived in North Carolina. His lawyers will appeal.

AFFAIRS OF CONSEQUENCE.

FOREIGN.

France has assented to a British protectorate over Zanzibar.

Lord Tennyson is now in better health than he has been for years.

The members of the International Medical Congress have decided to hold their next congress in Rome in 1893.

A mob of soldiers and peasants destroyed a railroad in China, and the government made no effort to interfere with the work of destruction.

In retaliation for grievances, men of the artillery battery of Exeter, England, cut the harness of the horses and prevented a parade which was ordered.

HOME.

The President has returned to Washington from Cape May.

The annual retreat of Jesuits in all provinces of the United States has begun.

The Christian Socialist Society is to have a national convention in New York to-day.

New York real estate has grown in value nearly \$67,000,000 during the past year.

Sixty miles of the Santa Fe Road, between Benson and Nogales, have been washed out.

Census statistics show that the indebtedness of States has decreased \$58,000,000 since 1880.

The New York grand jury found indictments for manslaughter in the first degree against Dr. McGonigal, Mrs. Fanny Shaw and August Harrison, implicated in the death by malpractice of Annie Goodwin.

The Convention of the United Brotherhood of Carpenters and Joiners at Chicago yesterday has decided to locate the headquarters of the body at Philadelphia for the next ten years.

It is said Philadelphia importers will test the customs administrative law on the point of Mr. Reed's squaring counting.

In the senate Mr. Gorman made a speech in favor of the reduction of the duties on iron ore, but the proposition was defeated.

In the house the conference report on the original package bill was presented and adopted. The report leaves the bill as it passed the senate.

OUT ON THE FARMS.

Never before has there been such a crop in this vicinity of fine watermelons and candidates.—LaGrange Spectator.

The fine rains last Friday and Saturday brought out the corn crop wonderfully. As we heard a farmer say, "it rained many a nubbun."—Rockboro Courier.

Dr. Holden of this place has some of the finest tobacco ever seen in this state. It is nine feet high, and some stalks have thirty leaves on them.—Wilson Mirror.

Unprecedentedly fine crops are reported from all quarters, our farmers, with a prophetic eye, can see their barns overflowing with plenty.—Red Springs Scottish Chief.

A friend tells us that the corn and cotton crop of Chatham county is very promising. Chatham, however, generally yields a good wheat crop and this is a failure this year.—Sandford Express.

We have had exhibited to us, on yesterday a beautiful specimen of tobacco, the "Yellow Orinoco" raised this year in Nash county, on the tobacco farm of Mr. S. R. Hilliard, of that county. He has in cultivation eight and a half acres, yielding about one thousand pounds to the acre. At the present prices, this tobacco crop will yield him about twenty-five hundred dollars.—Wilmington Messenger.

Just as Bad.

The value of stylish medical names for diseases is very much overrated. A man feels as bad when the doctor tells him he has enteritis or gastralgia as if he allowed his trouble to talk English and confess itself simple stomach-ache.—Philadelphia Times.

The City of It.

The largest congregations these summer Sundays are at the beach.—Somerville Journal.

ANTIMIGRAINE.
—THE—
NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache
AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as

ANTIPYRINE, MORPHINE,
CHLORAL AND COCAINE,

Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.
The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
