THE NEWS!

BY ASSOCIATED PRESS TO
THE CITIZEN TO-DAY.
**A SENATE RESOLUTION TO
SHUT OFF DEBATE.**

IT IS REFERRED TO THE COMMIT-
TEE ON RULES.
**RECK FOR ONCE UNABLE TO
COUNT A QUORUM.**

**THE COTTON CROP REPORTED IN
GOOD CONDITION.**
**BIG STRIKE ON THE NEW
YORK CENTRAL RAILROAD.**

UTICA, N. Y., August 9.—Every Knight
of Labor working for the New York
Central and Hudson river railroad in
the city or towns both east and west for
fifty miles have quit work.

In this city the force out may number
forty. It is composed of switchmen, bag-
gagemen, gate tenders at street cross-
ings, freight handlers, car inspectors and
men occupying positions of like nature.

One or two passenger trains have been
run, but no freight has gone through
since last night.

The railroad authorities have had
many applications from men desiring to
go to work. Their names and addresses
were taken, and it is thought, when the
company is ready to run its trains the
places of strikers here can be filled in two
hours.

There is no trouble, or rumor of any,
on the West Shore.

New York, August 9.—The first train
which left the Grand Central depot this
morning passed underneath the big
wooden bridge at Forty-fifth street at
exactly 3:50 o'clock. Four cars were at-
tached to this train and these were occu-
pied by strikers whose duty it was to dis-
tribute the mails before the train reached
Albany. There were no passengers aboard.

The tie-up on the road was complete.
Every trainman, brakeman, switchman,
engineer, and conductor—except those
necessary to attend to the running of the
mail trains—stopped work on the order
of the executive board of the district as-
sembly No. 246.

Railroad men by mutual consent agreed
to furnish enough assistance to allow the
mail trains to run, but they had deter-
mined that not a single passenger nor a
pound of freight should be carried on the
lines of the N. Y. Central after 10 o'clock
last night. From 3:50 to 8:30 this morn-
ing no trains were run. About six o'clock
however a great number of train hand-
lers did not belong to the Knights of
Labor, started at the yard for work. They
were instructed to get about cleaning
tracks. Third Vice-President Webb took
charge of the men as soon as they en-
tered the yard. He had been up all night
superintending the company's busi-
ness and consulting with the police offi-
cials from time to time regarding the
safety of the passengers who arrived on
incoming trains. These were compelled
to get off the cars at Mott Haven in-
stead of coming into the Grand Central
depot as usual and they had to rely upon
the accommodation of the elevated rail-
road and street cars to bring them down
town.

The strikers conduct themselves in an
orderly manner.

THE COTTON CROP.
**An Advance in Condition in the
Carolina Reported.**

NEW YORK, August 9.—Total visible
supply of cotton for the world is 1,201,
997 bales, of which 621,397 is American.
Last year's receipts in all interior towns,
887; receipts from plantations, 772;
crop in sight, 780,001.

WASHINGTON, D. C., August 9.—The
August cotton returns of the department
of agriculture show a slight advance in
condition of the plant in the Carolinas,
Tennessee, Mississippi and Louisiana.
There is a falling of one point in Georgia
and Florida, of two in Alabama, four in
Arkansas and seven in Texas. The gen-
eral average is 855. It was 914 last
month. The condition is therefore still
relatively high. The improvement in the
Mississippi river bottoms is from the rapid
growth of the late plantings of sub-
merged areas. A fair stand in vigorous
growth and of abundant fruiting is gen-
erally reported.

There are frequent references to the
droughts, in some instances of several
weeks duration, followed by a sufficient
rain fall, in some cases by excessive rains,
yet there has been no general drought.

One section of the country is reported
dry, while another is too wet. The
storms appear to have been local over
portions of the cotton belt. Sandy soils
have been benefited by the rains which
have damaged and clay uplands; and the
drought, which has scarcely wilted the
plants in the heavy soils, has injured the
crops in the light lands. There are fre-
quent reports of superior promise, the
best for several years; in one county in
Georgia, the best in thirty years.

The only forms of injury reported are
tendency to drop the leaves and fruit
after the sudden changes from dry to
wet weather and an occasional attack of
rust.

The caterpillar is not very prevalent.
The belt worm is somewhat more formi-
dable in the Southwest. Averages of
condition are as follows: Virginia, 93;
North Carolina, 96; South Carolina, 95;
Georgia, 94; Florida, 90; Alabama, 93;
Mississippi, 90; Louisiana, 89; Texas,
82; Arkansas, 85; Tennessee, 93.

A GAG LAW.
**One Proposed for the Senate
To-Day.**
WASHINGTON, August 9.—In the Sen-
ate to-day the roll call showed there
were in the chamber twelve senators less
than a quorum, and the sergeant-at-
arms was directed to request the atten-
dance of absentees, and by 10:20 the
presence of a quorum was secured and
business progressed.

Senator Blackburn gave notice that he
would on Saturday, the 23d, ask to sub-
mit the customary resolutions relative to
the death of his late colleague, and ask
the senate at that time to consider them.
Senator Hoar offered the following

resolution which was referred to the com-
mittee on rules.
Resolved, That the rules of the senate
be amended by adding the following:
"When any bill or resolution shall have
been under consideration for a reason-
able time, it shall be in order for any sen-
ator to demand that the debate thereon
be closed. If such a demand be seconded
by a majority of the senators present the
question shall forthwith be taken thereon
without further debate and the pending
measure shall take precedence of all other
business whatever. If the senate shall
decide to close the debate the question
shall be put upon the pending amend-
ments according to the rules of the sen-
ate, but without further debate except
that every senator who may desire shall
be permitted to speak upon the measure
not more than once and not exceeding
thirty minutes. After such demand shall
have been made by any senator, no other
motion shall be made in order until the
same shall have been voted upon by the
senate unless the same shall fail to be
seconded."

After the senate shall have decided to
close the debate, no motion shall be in
order but a motion to adjourn or to take
a recess when such motions shall be se-
conded by a majority of the senate. When
either of such motions shall have been
lost or shall have failed of a second it
shall not be in order to renew the same
until one senator shall have spoken upon
the pending measure or one vote upon
the same shall have intervened.

The house bill authorizing the construc-
tion of a bridge across the Tennessee river
at or near Guntersville, Ala., was taken
from the calendar and passed with an
amendment adding words "at or near
Deposit, Alabama."

The tariff bill was then taken up, the
question being on Senator Hoar's amend-
ments to paragraph 134, page 27,
to reduce the duty on cotton ties to 35
per cent. ad valorem.

In the house before the reading of the
journal Mr. Rogers, of Arkansas, raised
the point that there was no quorum
present and the speaker being unable to
count a quorum a call of the house was
ordered.

VANCE NOT ALARMED.
WASHINGTON, August 9.—According to
an intimate view had with Senator Vance
here he is not disturbed at the numerous
reports and dispatches from North Car-
olina to the effect that the Farmers' Al-
liance of that State is conspiring to de-
feat him for re-election. He says his last
press dispatch, stating that there is a
combination between the Farmers' Al-
liance and the Richmond and Danville
railroad to defeat Vance, is false on its
face.

"For years," added the senator, "there
has been a constant warfare between the
farmers and the Richmond and Danville
road, and through it all I have been the
champion of the farmers. It is natural
that the railroad should oppose me, but
I have nothing to fear from the farmers.
To the present every convention for the
nomination of members of the legisla-
ture has endorsed me. Besides, all the
judicial and other conventions, with one
exception, have endorsed me. I am in-
formed that one convention declined to
endorse me solely on the ground that as
it has nothing to do with selecting mem-
bers of the legislature it was none of its
business to interfere. So far as the sub-
treasury bill is concerned, the farmers of
North Carolina are divided among them-
selves on that measure, many of them
agreeing that it is impracticable."

The senator added that he could not
endorse the sub-treasury scheme unless
he was ready to step right into a lunatic
asylum.

DEMOCRATS SHOULD UNITE.
**Col. Cox Speaks of The Coming
Fall Election.**

That Colonel Frank Cox is going to be
a prominent factor in the coming con-
gressional nomination is generally ad-
mitted, not only by the friends of that
candidate but by every thinking man in
the Sixth district. With so many candi-
dates in the field and with no one with
a certainty there is plenty of oppor-
tunity for a man with so many political
friends as Col. Cox has, and his personal
friends recognize what they think the
strength of their candidate, propose to
make things hard.

Col. Cox was seen by a CITIZEN re-
porter this morning, and asked about
politics in general and the race in the
ninth in particular. "It is going to be
no walk over no matter who we nomi-
nate," he said. "The race was hard
enough when we were under a demo-
cratic government and had democratic
officials, and even then we were defeated
two years ago. This year the ground
will be just as bitterly contested. Ewart
is going to make a strong race, and it is
high time that the democrats began to
cast about for their strongest man. It will
be no easily purchased honor at
the best. The man who will go in and
win will certainly be deserving of the
office, and whoever the convention de-
clines him to be I shall give him all the
support in my power."

Col. Cox is a farmer and probably the
largest producer in the district and it is
only natural that he will receive support
from the tillers of the soil. Regarding
the Progressive Farmer and Senator
Vance, he for one, does not believe that
the paper voices the sentiment of the
Alliance.

"Senator Vance is certain to be re-elec-
ted," he said, "and the farmers will help to
do it. They recognize him as their friend
and his position on the sub-treasury bill
they may know he has taken after weigh-
ing both sides."

"I myself think that the best thing the
government can do for the producers is
to give them cheap money without wait-
ing for the passage of that bill."

It was this expression that first de-
cided the farmer friends of Colonel Cox
to push him for congressional honors.
The rumor leaked out several months
ago that he was about to start a private
bank in Asheville with a capital stock of
\$100,000, all of which he would take
himself. The object of this institution
was to loan money, especially to farm-
ers, at only the legal rate. Investigation
proved the rumor to have foundation in
fact and his stock at once went up sev-
eral notches.

SPARKS SOMETIMES FLY.

**BLAINE AND HARRISON LOVE
TAP.**
They are Not Divided on the Ques-
tion of Reciprocity, However,
Says W. E. Curtis—The House
Will Recede on the Tariff Bill.

WASHINGTON, August 9.—William El-
ery Curtis, of the State department, who
stands closer to Mr. Blaine at present
than any man in Washington, returned
here recently from a Western trip. He
made the following statement, which he
has endorsed, of the relations that exist
at present between the President and his
secretary of State, with reference to re-
ciprocity:

"As the dominant party in congress
does not avail itself of those very favor-
able terms [referring to Blaine's recip-
rocity proposition as outlined in his let-
ters to Senator Frye] Mr. Blaine is justly
indignant. He charges it all to the de-
sire of republican statesmen to make
political capital to be utilized in the
approaching elections. The delay in sec-
uring reciprocity would not make this cap-
ital available this fall, and for this reason
they are willing to forego an incalcul-
able advantage to the entire country sim-
ply that they may advance their own in-
terests and maintain the supremacy of
the party. It is against such a selfish,
unpatriotic, and unwarranted policy
that Mr. Blaine raises his voice and feels
called upon to criticize the McKinley
bill as well as its supporters. The re-
lations of the President and Secretary
Blaine are not of that strained character
which some newspapers have so indis-
criminatingly represented. President Har-
rison, while he does not go quite so far as
Mr. Blaine, agrees with him in the main
and does not approve congressional ac-
tion in the matter referred to. I saw the
President at Cape May recently, and he
cited me as witness to the fact that he
and Mr. Blaine were on friendly terms,
and I had to testify in his favor. They
have their little tiffs, for both are men of
strong convictions. Neither is made of
wax, and when they come together the
sparks sometimes fly, but there is no ap-
proach to an open rupture and a serious
difference between them."

That there is to be a compromise at-
tempted on the question of reciprocity,
there is no reasonable room for doubt.
The manager of it, however, is President
Harrison, and not James G. Blaine. The
members of the ways and means com-
mittee are as vigorous as ever in their
denunciation of the secretary's course, and
say that, assisted by the power of the
speaker, they will throw the reciprocity
amendment out of the tariff bill if the
senate puts it in. The general opinion,
however, is that they will be compelled
to accept what the senate proposes.

CONFEDERATE REUNION.
**The Most Largely Attended Since
the Camp Was Organized.**

CHARLOTTE, N. C., August 9.—The
confederate veterans of Mecklenburg
county held their annual picnic in this
city Thursday, and it was the most
largely attended of any picnic since the
camp was organized. The veterans as-
sembled in the First Presbyterian church-
yard, at twelve o'clock, and were formed
into line by Lieutenant Commander Har-
rison Watts. His double line extended
along the entire frontage of three blocks.
General R. Barringer addressed "the old
vets" in a feeling manner that brought
tears to the eyes of many.

Fell 300 Feet.
NEVADA CITY, August 9.—M. J. Jen-
nings, aged 61, while carrying mail from
Washington to Ingers, fell with his horse
from a narrow trail down into a canon,
a distance of 300 feet. The man and
horse were frightfully broken up.
Jennings' daughter started out to search
and found his dead body in the evening.

AFFAIRS OF CONSEQUENCE.
FOREIGN.
One hundred and seventy-five deaths
from cholera were reported in Mexico
Wednesday.

The total expenditures of the Panama
Canal company thus far amount to 2,
213,000,000 francs, while the assets are
18,000,000.

Eyraud, the murderer of the notary
Gouffé, attempted to strangle himself in
his cell in Paris, but was saved by a war-
den who was attracted by moans from
Eyraud.

While crossing a street in Portsmouth,
England, Emperor William, of Germany
narrowly escaped from being knocked
down by the horses attached to an Eng-
lish admiral's carriage. The Emperor
jumped.

WASHINGTON.
Chicago, according to the census re-
turns, is next to New York in popu-
lation.

Private Secretary Halford denies that
the President is preparing a message on
the subject of reciprocity.

The river and harbor bill has been
postponed in the hope of curtailing demo-
cratic opposition to the tariff bill.

The senate substitute for the federal
elections bill has been reported to the
senate. It omits some of the most ob-
jectionable features of the Lodge bill.

HOME.
The Georgia democratic convention
has nominated W. J. Northern for gov-
ernor and a full State ticket.

John J. Martin, of Kansas City, Mo.,
reported to be worth \$8,000,000, died
at his home after a short illness.

Governor Hill will be asked to call an
extra session of the New York legislature
to repeal the electric execution law.

The New York press will not be pro-
secuted for violating the electric death law
in publishing details of Kemmer's exe-
cution.

Suit was brought at Cincinnati against
the assignee of E. L. Harper by the
Western National Bank of New York for
recovery on the claim of \$200,000.

The Farmers' Alliance of Louisiana has
declared itself opposed to the organiza-
tion of any third, or farmers' party, and
denounced the lottery amendment, urg-
ing all farmers to vote against it at the
election in 1892.

Edward Trench, 60 years old and sup-
posedly a poor pocket book vendor,
dropped dead of heart disease in Chicago
yesterday. There was found in his up-
per clothing over \$4,000 in cash and a
deed to a house in which he lived.

ANTIMIGRAINE.

—THE—
**NEVER FAILING CURE FOR
HEADACHE.**
TRADE MARK REGISTERED.

**ABSOLUTELY SAFE, PERFECTLY SURE AND
ALWAYS SPEEDY.**
Cures Every Variety of Headache
AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself
the enviable reputa-
tion of being the finest, most effective
and reliable article in the market for the
speedy relief and cure of every variety
of that common trouble, HEADACHE. The
immense favor which has greeted it from
all quarters, proves its true merits and
acceptability to the public. It is some-
thing which almost everyone needs, and
those who have once tried it, will never
be without.

For its curative powers it does not de-
pend upon the subtle influences of such
poisonous drugs as
ANTIPYRINE, MORPHINE,
CHLORAL AND COCAINE,
Since it does not contain an atom of
either of these. It is absolutely free from
injurious chemicals, and can be taken by
young and old without fear or serious
results. It is not a Cathartic, does not
disarrange the stomach, and contains
no noxious or sickening ingredients.

The peculiar advantages of Antimi-
graine consist in its being thoroughly
reliable as a cure for any kind of head-
ache—without respect to cause—leaving
no unpleasant or annoying after-effects,
as in the case of other so-called "harm-
less" remedies. These qualities make it
the most popular and saleable article in
the market, wherever known.

DIRECTIONS FOR USE.
The dose for an adult is two teaspoonfuls
in a wine glass of water. Dose for children
in proportion, according to age. In either
case the dose can be repeated every thirty
minutes until a cure is effected. One dose will
always drive away an attack of Headache,
if taken when first feeling the premonitory
symptoms; but if the attack is well on,
and suffering is intense, the second or third dose
may be required. Usually a greater number
of doses is required to effect the first cure
than is needed for any succeeding time there-
after, showing that the medicine is accumu-
lative in its effects, tending toward an event-
ual permanent cure.
