THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.

THE STRIKE ON THE NEW YORK CENTRAL.

FIRST FREIGHT TRAIN WENT OUT THIS MORNING.

OFFICIALS SAY THEY WILL FIGHT.

POLICE OUT, BUT THERE'S NO USE FOR THEM.

New-York, August 11.—Whatever way one looked at the situation this morning it seemed as though the strike on the New York Central was slowly petering out. Nevertheless both parties to the blockade of passenger and freight traffic were, so far as words went at all events, as stubborn as ever.

All through the night the Grand Central depot presented a scene of unusual quiet and gloom, but as daylight began to appear it was busy, scurry everywhere. There was some apprehension apparently as to how the day's work would be begun and the third day of the great strike entered upon. The newspaper train moved out exactly on time at 3.55 a. m., and before seven o'clock two trains had been sent out over the Harlem division. Having been successful so far the management set about making its plans for the day and soon after the announcement was made that all trains would be run to-day with the exception of the Croton locals, both north and south bound. It was thought advisable to abandon these trains altogether, but at the same time, to meet the emergency, the management arranged so that all trains, except express trains, should stop at all way stations north of Spring Valley.

The police arrangements remain about the same as yesterday with exception that the men were told not to leave their posts to-day for even an instant.

It was reported this morning that the firemen of the road had struck, but this was denied by Vice-President Webb, who said: "All the trains are running all right and every one of them left here fully manned."

"What about the signal towers?" asked a reporter.

"They are also fully manned and the men changed their shifts this morning as though no strike had ever occurred."

"The fact is, my young friend," continued Mr. Webb, "everything is beautiful all along the road, except at Syracuse. At that point the railroad is not getting sufficient protection. I have telegraphed to Governor Hill asking him to send out plenty of militia in order to protect the employees of our road."

"We have already made arrangements for moving freight this morning. I have not heard from Mr. Depew yet, and indeed I do not expect to hear from him to-day. You see we have coped with the strike by moving out this morning. All the freight shipped was perishable. The departure of the train was watched by about 100 men who stood in the adjacent vacant lots. Two hundred policemen were on hand, but there was practically nothing for them to do."

AT BUFFALO.

Passenger Trains Away Behind Time at that City.

BUFFALO, N. Y., August 11.—The situation on the Central road here is unchanged. Strikers are few in number and are keeping very quiet. Trains from the East are coming in several hours late. The Chicago Limited, scheduled to reach the Exchange street depot at 8.35 last night, got here about 5 o'clock this morning and at 10.30 was still standing in the yard. If the train gets out of Buffalo seven hours behind time it will be doing as well as the passengers can expect.

VOTED LIKE DEMOCRATS.

Inalls, Paddock and Plumb are Against Too Much Protection.

WASHINGTON, D. C., August 11.—The senate met at 10 a. m. The tariff bill was taken up, the pending question being on Senator Plumb's amendment, offered Saturday to paragraph 134, page 27, to reduce the additional duty on iron or steel hoops 50 per cent. The amendment was rejected, yeas 18; nays 25. Three republicans, Inalls, Paddock and Plumb, voted in the affirmative. McPherson moved to amend the paragraph by making the duty on iron or steel hoops 50 per cent. ad valorem, instead of 1 ct., 1 1/10 cts. and 1 3/10 cts. per pound.

REED WAS TOO FAW.

He Would Not Recognize Mr. Rogers, But He Was Heard.

WASHINGTON, August 11.—In the house to-day the journal having been read, Mr. Rogers, of Arkansas, rose to object to its approval, but the speaker recognized Mr. Rogers to move the previous question. Mr. Cannon, however, yielded to Mr. Rogers on the representation of the latter gentleman, that he did not desire to waste time, but to correct an error which appeared in the journal.

MURDER IN NASHVILLE.

NASHVILLE, August 11.—John Hannon was shot and instantly killed Sunday on West Church street about 5 o'clock by Chas. Pique, a butcher. The tragedy was the result of jealousy over Pique's wife, about whom Hannon had been spreading compromising reports.

LAWRENCE BARRETT'S DAUGHTER

BOSTON, August 11.—The engagement of a daughter of Mr. Lawrence Barrett to Mr. Marshall S. P. Williams of Roxbury, is announced.

WHERE MR. CLEVELAND IS JUST NOW.

PROVIDENCE, R. I., August 11.—Grover Cleveland will be the guest of Mr. John Deane at the latter's summer residence at Thompson, Conn., this week.

BEAT OLD SOLDIERS.

But a Farmer Filled Up on Hard Cider and He Was Arrested.

TOLEDO, O., August 11.—Special Pension Examiner W. S. Mayer, of Cincinnati, has captured "Buckskin Joe," a famous pension swindler, at a farm house in Erie county, after the farmer had succeeded in filling him up on hard cider, and thus made him harmless. He was brought to Toledo to-day and placed in jail.

He was all through the war, and in the service of the government seventeen years altogether, being a member of Custer's regiment, the Seventh Cavalry and being a famous scout under Custer, Terry, Crook and Reno. Joe has been making his way east by beating old soldiers. He represented himself to be a pension agent, and got fees for agreeing to have pensions increased. It is said he has thus made thousands of dollars.

SOUND ALLIANCE MEN.

Denouncing the Lottery and Lottery Men.

BATON ROUGE, La., August 11.—The Farmers' Alliance has adopted resolutions denouncing the Alliance men in the General Assembly who voted in favor of rechartering the Louisiana Lottery Company as traitors to the cause and the principles of the union and refusing to affiliate with them as members of the order, and recommending that the subordinate unions expel them; also denouncing the lottery as a vile curse and enormous iniquity.

IT'S ANTI-LOTTERY NOW.

THE SENATE BILL REPORTED TO-DAY.

The Recommendation is Unanimous that it Pass, and it Seems Probable That it Will.

WASHINGTON, August 11.—The senate committee on post and post-roads to-day ordered the anti lottery mail bill to be reported to the senate with the recommendation that it pass. The vote upon this action is said to have been practically unanimous, those not present having sent word to chairman Sawyer that they were in favor of the measure.

THE SOUTH BUSING LIBERAL.

New York, August 11.—The volume of trade is gradually increasing. Advance in wheat has had good effect all round. Fall trade is setting in well and a brisk season is hoped for. The south is buying more liberally than for some time and terms made show that section to be in a very prosperous condition, more so perhaps than any other except a few States of the central west.

ELOPED WITH \$50,000.

PITTSBURG, Pa., August 11.—The people of Lawrenceville, a section of Pittsburgh, are exercised over the elopement of Bartle Otte and Miss Annie Kress. He is 23 and a bartender, and she but 16 and heiress to over \$50,000 cash, to say nothing of a block of real estate. The bride is an orphan and the daughter of Killian Kress, late a brewer of Wheeling.

IS IT A VIOLATION OF LAW?

TUCSON, ARIZONA, August 11.—The order of the Secretary of War reducing cavalry and infantry regiments from ten to eight companies is being put in force in Arizona. Army officers declare that this order of the Secretary of War is a violation of law; that congress is the only power which can decrease the number of companies in regiments.

MASSACHUSETTS GAINS NO CONGRESSMEN.

BOSTON, August 11.—The census of the State of Massachusetts, with one city and three towns estimated, gives the total population as 2,194,586. While the State has not fallen behind on its ratio of growth, the number of Congressmen will be the same as at present, twelve.

A BLACK EYE FOR THE LOTTERY.

NEW ORLEANS, August 11.—A member of the lottery company has received a dispatch from Washington which indicates that the lottery bill has good prospects of passing and lottery stock has fallen off fifty per cent. in prices.

TOOK THE BACK TRACK.

COWAN, Tenn., August 11.—James Rollins, who deserted his wife last week, has perceived the error of his way, retraced his steps, sought and obtained his wife's pardon, and they are now living as a cometh husband and wife again.

RUTHERFORD COLLEGE IS TOTALLY DESTROYED BY FIRE.

A \$5,000 Library Burned—The School to be Continued—Possible Cause of the Fire—A Worthy Tribute.

Rutherford College at Connally's Springs burned early Saturday morning. Mr. Gay Green, who went there Saturday to attend school, and saw the building burn, told the Citizen to-day that all the buildings pertaining to the college were totally destroyed. The loss included \$15,000 in students' notes that can be replaced, Dr. Abernathy's library, \$5000 and two society libraries is about \$30,000, of which the building cost \$10,000 and was not insured. Mr. Green states that the faculty have great hopes of rebuilding at once. An effort will be made to continue the school in the Methodist church, which has kindly been placed at their disposal.

It is suspected that the fire was the work of an incendiary. Some years ago a student was killed and his fellow students were accused of taking part in the lynching of the murderer. The relatives of the latter have, it is said, made threats of "getting even," and it is thought this fire is the result of such threats.

There was no little excitement during the fire, but no one was hurt. No attempt was made to put out the fire, for there was nothing with which to fight it.

The Raleigh Chronicle says: Rutherford College has a warm place in the hearts of all patriotic North Carolinians, and its president and professors deserve the lasting gratitude of every citizen. This college has given free tuition and help to hundreds of poor boys who could not have obtained an education without this help. Dr. Abernathy has, in hardships unknown, sacrificed more for the education of poor boys than any living North Carolinian, and in the severe loss that has come to him, he deserves not only the sympathy of the people, but their practical help as well. It is not only a personal loss. It is a loss to the State.

DISAPPOINTED IN LOVE.

PARKERSBURG, W. Va., August 11.—Miss Ella Smith, living at Kanawha Station, walked to a quiet spot on the Kanawha bank, and threw herself into the river. Fortunately a man named Singleton saw the girl jump into the river and ran to her. He succeeded in reaching her as she was going down the third time. By great effort Singleton got her ashore and to the house of a neighbor. Miss Smith is reported dying from the effects of the shock. Disappointment in a love affair is said to be the cause.

JOHN O'REILLY DEAD.

BOSTON, Mass., August 11.—John Boyle O'Reilly, poet and editor of the Boston Pilot, died this afternoon at his summer residence at Hull. His death is supposed to have been caused by an overdose of chloral taken for insomnia.

AFFAIRS OF CONSEQUENCE.

HOME.

In Chicago Mrs. Storey, widow of Willard F. Storey, of the Times, has married Joseph Dunlop, managing editor of that paper.

The London Times has paid seven hundred and fifty thousand dollars as its share of the expenses of the recent Parnell commission.

John L. Sullivan and Peter Jackson have been offered a \$30,000 purse, \$25,000 to the winner and \$5,000 to the loser for a finish fight at the carnival palace at Ogden, Utah.

The Farmers' Alliance of fifteen tide-water counties propose to establish a mammoth supply exchange in Norfolk. A similar exchange, it is thought, will be established in Richmond.

Complete census returns show the population of Colorado to be 410,809, a gain over 1885 of 160,880, and over 1880 of 212,482. This gives Colorado one additional congressman.

WASHINGTON.

The population of Atlanta, Ga., is 65,515.

The House has passed the general deficiency bill.

President Ingalls has prohibited smoking in the Senate wing of the Capitol except by Senators.

The impression prevails that some modification of the tin-plate schedule will be in the Senate.

The Attorney General decides that Gen. Adam Badeau is no longer in the army, and his name will be dropped from the rolls.

Republican members of Congress are said to be lukewarm in their attitude towards the administration's anti-lottery fight.

Senator Butler denounces the proposed increase in the tariff on cotton-ties as robbery of the Southern planter in the interest of iron manufacturers.

Mr. Vance made an amusing speech Saturday in ridicule of the claim that the farmer derived any benefit from the tariff. The nature of the bargain between farmers and manufacturers, the senator said, was well illustrated by the offer of one urchin to another, "Jim, if you give me a bite of your big red apple, I will show you my sore toe."

In the house Saturday, Mr. Enloe, of Tenn., stated that pending the call of the house he started to leave the hall, but was stopped by one of the doorkeepers, who attempted to use force to detain him, and he offered a resolution providing the punishment of the offending doorkeeper. Mr. Enloe blamed the speaker for giving the doorkeepers orders to retain members, but the speaker denied having done more than inform one doorkeeper that members had no right to leave the house during a roll call. Mr. Enloe was very indignant and the speaker as dry and innocent as usual. The resolution was referred to the judiciary committee.

OBITUARY.

Mrs. Patsy Kirk, an aged lady who resided east of Albemarle, died at her home last Monday.

Katie Bell Burkhead, the fifteen year-old daughter of Mr. and Mrs. S. F. Burkhead, died at Mooresville, Friday, after a long illness.

Mr. William Lockhart, of Charlotte, was found dead in bed at the home of his daughter, Mrs. Peter McGowan. Mr. Lockhart had been confined to his bed for five years past.

FOREIGN.

Heligoland has been formally turned over to Germany.

The Gaudemanian revolutionists have been defeated by the government forces.

One of the results of the interview between Queen Victoria, Emperor William, the Prince of Wales and Lord Salisbury is the withdrawal of the candidature of Prince Waldemar for the throne of Bulgaria.

MISCELLANEOUS.

ANTIMIGRAINE.

—THE—

NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost every one needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTI-PYRINE, MORPHINE, CHLORAL AND COCAINE. Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.

The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of headache, it takes when it is taking the preliminary symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
