THE NEWS! BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY. STRIKE ON THE NEW YORK CENTRAL ENDED. THE COMPANY CLAIMS TO BE RUNNING ALL TRAINS. MORE ATTEMPTS TO LIMIT DEBATE IN THE SENATE. MEETING OF THE G. A. R. AT BOSTON. NEW YORK, August 12.—At the Grand Central depot this morning there no longer existed even a resemblance of the strike. The passenger trains were moving with all appearance of the usual regularity. The inflow and outflow of passengers was as great as ever and excepting for the presence of an unusual number of policemen, idly standing about the various entrances to the depot, the most careful observer would be unable to perceive any lingering indication of the stoppage that on Friday night threatened to be so formidable. General Manager Toucey arrived at his office at 8:30 o'clock this morning and found there a telegram from the assistant superintendent of the Syracuse yards, stating that order has been fully restored there, and that trains were running without interruption. This, he said, ended the strike. Vice President Webb, who also reached his office at 8:30 o'clock this morning, said passenger trains would be run today on the same schedule as yesterday. Arrangements were now completed to run out freight trains from the Sixty-fifth and Thirty-third street yards. He said the road had all the men needed now. He did not know whether any of the old men had been taken back or not as every man employed was taken on as a new hand. There is a smaller police force on guard at the depot than there was yesterday and there are more visible in the yards, but on each of the bridges crossing the tracks from the depot to Fifty-fourth street there were stationed three or four policemen. EXPRESS CO. STATISTICS. They Will be Gathered For the Census Returns—Limit Debate. WASHINGTON, August 12.—In the Senate this morning Senator Hale reported back the house bill to extend the census laws so as to require information to be obtained from unincorporated express companies, and, in response to inquiries, stated that it applied to all unincorporated express companies or partnerships, whether doing only local or general business; that only some three or four of the great express companies of the country were incorporated; that over \$15,000,000 per year were paid by the express companies to the railroad companies, and that it was very desirable that statistics of all these express companies should be obtained and incorporated in the census return. The information would be obtained chiefly by correspondence and would apply simply to the extent of their business and property and to the amount paid by them to the railroad companies. The bill was passed without amendment. Senator Edmunds presented the motion for a change in the rules by limiting the debate on the tariff bill, which he had offered at the time of adjournment yesterday, and it was laid on the table and ordered printed. Mr. Blair also offered a resolution for such change of the rules as will permit the previous question to be moved after a proposition has been considered two days and some disposition was made of it.

A Fine Day For the Veterans Parade—100,000 Strangers. BOSTON, August 12.—Had the weather been made to order for the G. A. R. veterans, the conditions could hardly have been more favorable for their big demonstration today. A brisk N. E. wind holds flags straight out from their masts and causes a constant agitation of streamers and smaller decorations, which which the city is so profusely covered. As early as six o'clock this morning many veterans were already about the streets and crowds of people had begun to arrive in town and to appear on the thoroughfares in holiday attire. Every regular train and many special trains were arriving bringing more than their quotas of passengers. With the veterans and their families the estimate that 100,000 strangers will be in the city today does not seem large. Everything points to a most successful demonstration. Gen. R. A. Alger has appointed Comrade John Ryan, of Newton, to bear the headquarters' standard in the procession. Mr. Ryan has seen fourteen years of consecutive military service and was with Reno's Division when the massacre at Little Big Horn occurred. SARCASMIC REED. Mr. Rogers, of Arkansas, is a Thorne in His Fat Side. WASHINGTON, August 12.—In the house this morning Mr. Cannon, of Illinois, from the committee on appropriations reported the joint resolution extending temporarily (until August 29) the appropriations for the support of the government not already provided for in the general appropriation bills already passed. In speaking to this resolution Mr. Rogers, of Arkansas, criticized the ruling made by the speaker yesterday on the point of order raised by him. The speaker's only reply was: "The attitude of the speaker towards the gentleman from Arkansas has been consistent—that of polite endurance of what cannot be helped." (Applause on republican side.) The joint resolution was then passed. A circular letter asking colored ministers to take a poll of those in favor of the Lodge federal election bill on Sunday in the churches was answered by Secretary Isaac Myers, of Bethel A. M. E. church, Baltimore, who stated that such action is out of place on the Lord's day.

THE G. A. R. AT BOSTON. A compilation by the New York Commercial Bulletin fixes the first loss in the United States for the month of July at \$14,723,500, which is over \$6,000,000 more than the loss of any preceding month in the year. President Harrison's embarkation on the cruiser Baltimore at New York for Boston Saturday, was honored as being the first time in many years that the President of the United States has actually commanded a fleet. FOREIGN. The King of Holland is in a feeble condition. The International Medical Congress closed its sessions in Berlin Saturday. The Right Hon. William Edward Baxter, formerly secretary of the British admiralty, is dead. Under the promptings of Emperor William both the Queen and the Prince of Wales are beginning to take a more active part in the foreign politics of England. PUBLIC MEN AND AFFAIRS. Mr. D. Henry White, of Rocky River, is a full blooded Alliance man. He said to a reporter: "I was a little disappointed at the way Senator Vance saw the Sub-Treasury bill, but Vance is honest and I'm not willing to pull from under his wing yet. It will be a calamity for North Carolina to not to reelect Vance." Mr. Hileman, president of the County Alliance, said to a Concord Standard reporter: "I am for Zeb Vance, because I believe that through his influence, letters and speeches he has been the means of inducing the farmers to think, organize and labor with more earnestness to remedy the condition of the agricultural interests of the country. I am for him, again, because I believe him a devoted friend to the farmer, a true man and an able statesman." As we understand it, the farmers who compose the Alliance (omitting certain ambitious office seekers,) are united to obtain relief from present legislative oppression and mismanagement and extravagance. They are very much outraged by bad laws in their rights and interests. Now who is, who can be responsible for all this? There can not possibly be but one answer. It is the republican party that has dominated the country and made its laws thirty years. —Wilmington Messenger. THIS REPRESENTS WORK. The Charlotte Chronicle says that the heavy steamships of watermelons from points South to the North still continue, several sections, often of twelve to seventeen cars, going through daily. The Goldsboro Argus thinks the farmers are now feeling some concern about the cotton crop, as there have been some very heavy rains for the past few days and the dreaded "rust" is making its appearance in several sections. So successful have the tobacco farmers been in Eastern Carolina this year that there will be a large increase of acreage next year. It is now estimated that in Edgecombe county alone there will be 10,000 acres in tobacco next year.—Scotland Neck Correspondence. There are many men in Wilson county six feet tall. But if there was one seven feet high even he could not be seen walking through the tobacco patch of Dr. N. Holden. He has about five-eighths of an acre that is the finest any one here has ever seen.—Wilson Advance. The crop prospect continues magnificent. Some bottom corn has been damaged by overflow, but this is only in a few localities. The wet weather has caused the cotton stalks to shed some of their squares but the fruitage is still abundant. Corn and cotton will need no more rain, and unless some disaster overtakes them the yield will be larger than for years.—Statesville Landmark.

A GOOD EXAMPLE. \$50 Subscribed to Help Rebuild Rutherford College. Special to THE CITIZEN. RUTHERFORDTON, N. C., August 12.—The citizens of this place have subscribed fifty dollars towards rebuilding Rutherford College. A good example has been set which it is hoped other towns will imitate. CARDINAL NEWMAN DEAD. HIS DEATH CAUSED BY PNEUMONIA. The End Came at London Yesterday—The Body Lying in State—Funeral Next Tuesday. LONDON, August 12.—Cardinal Newman died yesterday from pneumonia. His remains will lie in state in the oratory of St. Phillip Neri at Edgubaston until the funeral which will take place Tuesday next. To Help Mr. Cleveland. CHICAGO, August 12.—The unexpected return of Melville E. Stone from Europe is responsible for a well-founded rumor that he has placed himself at the head of a syndicate which has in view the publication of penny morning newspapers in seven of the largest cities of the United States to promote Mr. Cleveland's election. It is said \$2,000,000 has been subscribed. AFFAIRS OF CONSEQUENCE. HOME. Mr. Henry H. Biram, editor in chief of the Pittsburgh Chronicle-Telegraph, died Saturday. Jephthah H. Wade, one of the oldest and wealthiest citizens of Cleveland, O., died Saturday. The deathlock in the twelfth Missouri district democratic convention at Butler still continues without any indication of a nomination. Five hundred ballots have been taken. It is thought it will be Mohon's policy not to make nominations for congress in any but certain republican districts in Virginia, but to support independent candidates. The Kansas State railroad commission issued a new schedule of the local rates Saturday, to go into effect September 1, by which a reduction of 33 1/2 per cent. on freight and 10 per cent. on merchandise is made.

A HORRIBLE MASSACRE. REBEL ARABS TORTURE AND KILL. One Hundred and Twenty Prisoners, Soldiers of the Sultan of Morocco, Captured and Put to Death. LONDON, August 12.—An engagement has taken place between a force of rebel Arabs and the army of the Sultan of Morocco. One hundred and twenty prisoners were captured by the rebels. They were all massacred. Among the captives was a son of the governor of the province in which the rising took place. Portions of his body were cut off while he was alive and roasted. He was then compelled by Aitini, leader of the rebels, to eat his own flesh. IS IT ILLEGAL? The Board of Aldermen Suddenly Changes Its Mind. For the past few days a flying jenny has been in operation on the corner west of the Grand opera house. Considerable complaint was made about it and yesterday the board of aldermen met and declared it a nuisance. Only four members were present, Aldermen Pulliam and McDowell were away. The owner of the machine, L. H. Kinsell, was present with his attorney, R. McBrayer, who argued strongly for the continuance of the license granted by the city. Notwithstanding this the board took the above action, and Mr. Kinsell and his attorney left the room threatening to carry it into court. Later City Attorney Cobb told the board that to have any effect they would have to pass an ordinance prohibiting the running of these machines, and the members hied back to the mayor's office and the following ordinance was passed: "Be it ordained, that it shall be unlawful for any one to run, use or operate without the consent of the chief of police first obtained and license revoked, which consent and license, or both, revocable at pleasure, anywhere in the city of Asheville any such machine as a nuisance, and flying jennies or revolving hobby horses. Any person violating this ordinance, shall on conviction, be fined twenty-five dollars for each day such machine run or operated, and it shall also be stopped by the chief of police as a nuisance." Directly after the last meeting City Clerk Miller was seen in his office. "I think the whole thing is illegal," he said. "To pass an ordinance a weeks notice has to be given and then it must be voted on at a full meeting of the board, and the vote must be unanimous for it." The proprietors of the machine were tendered the money they had paid for their license but refused to accept it and will continue to operate. Mr. Miller did not vote for the resolution declaring the machine a nuisance but voted for the ordinance.

THE LADIES GAVE IT. And of Course It Was the Affair of the Season. A number of the lady guests at Battery Park and a few from the city entertained their gentlemen friends in the ball room last evening with a german that proved to be the most successful and enjoyable social affair of the season. The room was tastefully decorated and draped with flags. The music was furnished by the hotel orchestra, and at exactly 12 o'clock, the hour when the dance was closed, a bountiful repast was enjoyed in the dining room. The german was led by Messrs. Tom Mcbee, Cam Waddell and Clarence Murphy. The favors were unusually beautiful and the costumes of the ladies elegant. At the supper two prizes were drawn for, one for ladies, the other for gentlemen. Miss Payne secured the first, a silver spoon, and Mr. Arthur Jenks the gentleman's, a silver pencil. Among others present were: Misses Annie Williams, Polk, M. McGregor, McGregor, Jones, Belle Maitland, Nellie Pennington, Finke, Orr, Brown, Branch, Cox, Paine, Jordan, Botts, Marie Brown, Alis Connelly, Mackey, Billups, Merrick, Law, and the Misses O'Donnell, and Messrs. H. L. Price, John Child, Daughtry, Andrew Simonds, Pace, T. B. Lyman, A. J. Lyman, Pierson, Jones, Dunkerson, Cox, and Messrs. Bissell, Jenks, Mcbee, Williams, Merrimon, A. S. Child, Allie Waddell, Dunkerson, Daughtry, Heck, Murdoch, Cam Waddell, John Child, Herbert Child, Bright, Stendman, Murphy, Rutherford, Ravenelle, Tenner, McLoud, King, Daughtry, Simonds, Ashley, Orr, McGregor, Holcombe, Marks, Fenner, Drayton, Hastie. PEOPLE TALKED OF. The Crown Princess of Denmark is the tallest Princess in the world. Her height is announced to be six feet three inches. Mrs. De Maitro, the sister of Robert Lewis Stevenson, is a contributor to the London magazines and one of the wits of the Literary Ladies' Dinner Club. Miss Stafford, an old lady of Cottage City, Martha's Vineyard, who has in her possession the first flag of Stars and Stripes (given to Paul Jones) ever raised in America, will bring the emblem to Boston, where it was seen in the big G. A. R. parade Wednesday. Lord Brassey, the owner of the famous yacht Sunbeam, is engaged to marry the Hon. Sybil Capel, a young woman both accomplished and beautiful, and the youngest daughter of the late Viscount Malden. Lord Brassey is 53. His first wife died three years ago. It is said to say that his future wife will never entertain the world as pleasantly as his first wife did. Mr. Addison Cammack, the well known broker of New York, started to walk down the steps of the United States hotel last Thursday, when he caught his toe in the edge of the matting at the top step and stumbled, falling down four steps. He fell on his stomach and head, cutting a gash in his forehead three inches long. His injuries are not serious enough to cause him much annoyance.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without. For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTIPYRINE, MORPHINE, CHLORAL AND COCAINE. Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients. The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known. DIRECTIONS FOR USE. The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of Headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
