THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.
QUAY'S THICK CUTICLE PRICKED AT LAST.
HE MAKES A PERSONAL EXPLANATION.
BUT IT DOES NOT REFER TO ANY THEFT.

THE RIVER AND HARBOR BILL TAKEN UP.
WASHINGTON, August 15.—The fourth series of the republican senatorial caucuses held at the capitol last night adjourned simply because an agreement was impossible.
The discussion showed that there were 15 senators, who for one reason or another are willing to adjourn without the election bill being acted upon.
WASHINGTON, August 15.—When the senate convened this morning Mr. Quay made a personal explanation as to a remark attributed to him in a certain newspaper report of a republican caucus last night. He had been represented as saying that he did not wish to have Southern members of the house of representatives "yelping at his heels," urged on by the speaker. Mr. Quay said he had made no such remark, and had made no reflection on the distinguished presiding officer of the other branch of congress.
Mr. Fry moved to proceed to the consideration of the river and harbor bill. Mr. Edmunds demanded the yeas and nays, which resulted 36 yeas to 8 nays; so the bill was taken up. The republicans voted with the democrats for the consideration of the bill were Allen, Callahan, Casey, Davis, Dixon, Fry, Chandler, Mitchell, Powers, Quay, Sawyer, Sherman, Spure, Stockbridge, Washburn and Wilson, of Iowa. The eight republicans against taking up the bill were Blair, Cameron, Edmunds, Hale, Hisscock, Hoar, Ingalls and Saunders.

Mr. Hampton having asked Mr. Fry to allow him to have a bill taken up for action, Mr. Fry declined and said that he had asked the finance committee to let him have two days for consideration of the river and harbor bill and that he should ask the senate to remain in session tomorrow until the bill was finished. He did not feel at liberty, therefore, to yield any time for any other business.
A number of committee amendments to the bill were agreed to, including an increase in the appropriation for the Charleston, S. C., harbor from \$150,000 to \$375,000.

A COMPROMISE.
Talk of Powderly Bringing One About With the Central.

NEW YORK, August 15.—Members of the Knights of Labor expressed the opinion this morning that the compromise by which the strikers will return to work would be reached when Powderly and the members of the general executive board called on Vice-Pres. Webb. From the talk of the railroad men, however, this seems to be over-confidence on the part of the strikers, for it is stated that the company will stand by the spirit and letter of its statement that there would be no compromise.
Gen'l Supt. Voorhees said this morning that he was not at all inclined to strike now and thought it was time for everyone to agree that it was over. Mr. Voorhees would not say anything about the probable visit of Powderly to the officials.

Work in the House.
WASHINGTON, August 15.—In the house today Mr. Balden, of New York, made another unsuccessful effort to secure the passage of the senate bill granting leave of absence to per diem employees in the customs service. Mr. Kerr, of Iowa, assuming the role of objector in this instance.
The house then proceeded to the consideration of the conference report on the Indian appropriation bill.

Gave 'Em a Bean Pot.
BOSTON, August 15.—The Winfield Scott Hancock post, of Savannah, Ga., was royally entertained at Beverly yesterday and attended a banquet in the evening. A beautifully constructed and inscribed bean pot was presented to the guests who presented two banners to the John N. Chipman post, of Beverly, their entertainers.

Fears Skunk Hydrophobia.
PRESIDENT, Aug. 15.—Moses Moore has arrived here from Jersey City, suffering with a bite received on the right foot from a skunk. Two cases of skunk bites have recently proven fatal in the neighborhood, one of them developing a well-defined case of hydrophobia. Mr. Moore has left here for the Pasteur institute, New York.

JAN. NICHOLS DEAD.

Father of Mr. C. A. Nichols, of Asheville.
Special to The Citizen.
MARSHALL, N. C., August 15.—James Nichols died this morning after an illness of several months. He was about 60 years of age, and father of C. A. Nichols, of Asheville, and uncle of Hon. H. A. Gaudier.

GO AHEAD, DOCTOR.
Good Work Being Done to Clean the City.
Sanitary Inspector Weaver said yesterday: "Nearly all who have been notified to connect their homes with the sewers have promised to do so. Some, however, who do not comply will be made to do it, as the city will go ahead and do the work and charge them full value." The surface closets must go.
"The old building called the 'Book Hotel' is one of the filthiest places in town. Water is standing continually in the basement, and our only remedy is to demolish it, which will be done as soon as possible."
"The general health of the city at present is good. No new cases of fever have been reported this week; in fact, there is very little typhoid fever in the city. Many of the cases supposed to be typhoid are simply influenza or some other comparatively harmless fever which are incidental to any place or climate."
"Dr. Weaver is doing all in his power to better the sanitary condition of the town and he will have the cooperation and encouragement of every clear headed and health desiring citizen who is considered. At Raleigh the following is published: "The local board of health will be glad to receive communications from the signatures of citizens, concerning any existing evils which may need attention in the sanitary department. Anonymous and untraceable complaints will not be considered. It is the purpose of the superintendent of health, to make all complaints confidential as a reliable source of information, but in case of reporting the assistance of the courts to remedy evils, he must have the best and most reliable backing."

HEART AND SOUL FOR IT.
But Not in the Form in Which it Now Stands.
The item going the rounds of the State press to the effect that Major W. A. Graham, who is a candidate for the nomination for congress on the democratic ticket in the 11th district, was supposed to be the subject of a resolution to the effect that the attention of the general assembly should be called to the state convention of the Farmers' Alliance in this city. "It is a fact that I am opposed to the bill as presently framed," said Major Graham, "but I am not opposed to the principle. It is in my opinion a warlike measure for those counties that annually produce a half million in crops and in my district this would allow of only one warehouse. There is no need of it; but produce the required amount. Of course it would be a duty if it were so, but for the best interests of my district and I could not do that and vote for the sub-treasury bill as it now is."

A WOMAN WORTH \$1,000,000.
She is Over 100 Years Old Too and Smart Yet.
KINGSTON, N. Y., August 16.—Mrs Deborah Powers celebrated her 100th birthday at Lansingburgh last week. In 1816 she married William Powers, a school teacher. Together they began the manufacture of flour oil-cakes in 1821. Several years later Mr. Powers was fatally burned and from that time his widow has been at the head of the firm, and she is also the senior member of the banking firm of D. Powers & Sons. Mrs. Powers has founded and endowed an Old Ladies' Home. Her wealth, together with that of her sons, is estimated at from \$2,500,000 to \$3,000,000. As a centurion she possibly has few equals, retaining every faculty, save that of sight.

IT MEANS PEACE.
Meeting of the Emperor of Germany and the Czar.
VIENNA, August 15.—The President, commenting on Emperor Williams' visit to the Czar, says his majesty's visit to Russia, is a favorable symptom and cannot fail to influence peaceful developments. His visit to the Czar will be followed by a meeting with the Emperor of Austria in Silesia, and this will be a valuable confirmation of peace. The first meeting will naturally have a reflex action upon the second one.

Tricks of the Birds.
From the Boston Mannerist.
"I was much amused one afternoon," says an observant friend, "by a little family scene on a twig of an elm tree, where a flycatcher had her tiny brood of five, just out of the nest all perched in a row. She was feeding them and the little dots took their rations with great content as often as the mother caught an insect and flew back with the morsel to each open beak in turn. The regularity with which she kept account, feeding one after another in exact order from top to bottom of the row, was very interesting. Presently one small chap grew impatient and while the mother was away flattered over and crowded himself to the place next to the bird last fed—exactly as if he planned to get the next fly. He sat there, looking very solar and innocent when the mother returned, but she saw the trick at once and gave the fly to the right bird, whisking the interloper, as I fancied, with her wing as she passed him by way of cuffing his ears. Probably he was the rogue of the family and she knew him too well."

Hired Women Bathers.
From a Long Branch Letter.
I learned this week of a new device on the part of a hotel keeper to draw trade. Noticing a large crowd collected about a bathing place on which were situated the bath houses and pavilion of a very ordinary hotel, I journeyed thither to satisfy a not unreasonable curiosity. The crowd was engaged in looking at three young women who had emerged from the water. The women were fairly handsome, and owned fine forms, which were somewhat fully exhibited. One had a full bathing costume of crimson, the second wore pale blue and the other wore white. They displayed no embarrassment as they walked along with a multitude of eyes resting upon them. The young women, I was told, were employed by the hotel-keeper for the purpose of attracting a crowd to his bathing-houses and pavilion. They serve their purpose successfully and their employer must be more ingenious than they are modest.

Fought and Swore.
CHARLESTON, S. C., August 15.—In the republican nominating convention in the Seventh congressional district, madly colored, the delegates fought and cursed each other in public and private. Every superlative of defamation, with Afro-American revisions and improvements, was brought to bear.

THEY MAY YET WIN IT.

NO TICKET NAMED IN SOUTH CAROLINA.
The Straight Out Democrats Have Still a Chance to Carry the State and Beat Out the Republicans.
COLUMBIA, S. C., August 15.—Neither convention, Tillman or anti-Tillman, nominated a State ticket and so the fight is adjourned till September. The News & Courier says: "With anything like organization and proper activity on the part of the straight out democrats it will be practicable to secure a clear majority in the September convention against Tillman."
LOST \$20,000 AT POKER.
Did He Commit Suicide Then—Sensational Death.
BERLIN, August 15.—Dr. Stephenson of Adrian, Mich., who was a member of the Medical Congress in Berlin, is dead. His death has made a sensation here by reason of the peculiar circumstances attending it. On the evening before his death Dr. Stephenson met several of his medical colleagues, with whom he played a game of poker. The next day he was found dead in his room. The peculiar circumstances of his death and the rumor that he had lost \$20,000 in the game of poker the night before aroused the suspicion of the authorities and they ordered an investigation. A postmortem was held and the verdict was that Dr. Stephenson had died of heart failure, superinduced by morphine. It was not thought that the morphine was taken with suicidal intent. The result of the postmortem does not, however, allay the sensational rumors that are in circulation.

SOAP WORKS EXPLOSION.
Six Persons are Fatally Scalded and Seventy Injured.
PROVIDENCE, R. I., August 15.—A terrible explosion occurred in the Kendall soap works here. Seventy persons were fatally injured by the timbers and hot water, while ten are in a hopeless condition, being burned almost to death. Six of these will die beyond a doubt. There are no hopes of their recovery.

Take Up a Collection.
AUGUSTA, GA., August 15.—At the colored republican meeting in Sandersville to recognize the party in the county, North Johnson, who is practically the leader of the colored folks in this county, was elected chairman. Johnson said that the negroes of the south had been completely ignored when there were any offices to give out, and that he for one was tired of the way the negroes were used. He wanted Harrison to know of his disgust. "If I just had money enough and sense enough, I would like to go up to Harrison, shake my finger in his face, and tell him what I think of him," he said.

AFFAIRS OF CONSEQUENCE.
HOME.
Hon. John A. Buchanan was renominated for Congress by the democratic convention of the ninth district of Virginia.

An injunction against and receiver for the Consolidated Land, Lumber and Transportation Company of North Carolina have been asked in the United States Court at Baltimore.

The imports of foreign merchandise at San Francisco during July were valued at a little over four million dollars, for the seven months, \$27,500,000; for the same time last year, \$31,650,000.

The supervisor of the census authorities the statement that in round numbers the present population of Vermont is 332,000. The census returns of 1880 gave the population as 322,286.

Col. Wheelock C. Neasey, of New Hampshire, at present one of the interstate commerce commissioners, is the new G. A. R. commander in chief. Detroit is the place of meeting next year.

ANTIMIGRAINE.

—THE—
NEVER FAILING CURE FOR HEADACHE.
TRADE MARK REGISTERED.
ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.
Cures Every Variety of Headache AND NOTHING ELSE.

Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.
For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTI-PYRINE, MORPHINE, CHLORAL AND COCAINE. Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.
The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.
The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of Headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
