"HOW NOW, HORATIO!"

Wouldn't buy timber lands, mineral properties or Asheville Real Estate? Then call on us, Horatio, and we will give thee thy money's worth. We can sell thee a house lot, lend thee shekels to erect a dwelling thereon, and insure the same in any Fire Insurance Company doing business in this State. Give us a call, Horatio!

JENKS & JENKS,

REAL ESTATE AND INSURANCE BROKERS.

Rooms 9 & 10, McAfee Block, 28 Patton Ave., Asheville, N. C.

MISCELLANEOUS. REASONS WHY.

It is not alone the right and reasonable prices that we name for the goods we sell that our claim to your patronage mainly rests upon.

The sterling excellence of our Groceries and the unapproachable quality that characterizes every article we offer for sale should be well considered.

We solicit a careful examination and comparison of our goods and prices. All we ask is that you should exercise your faculties in your own behalf, and be guided in your decision by the knowledge thus obtained.

A. D. COOPER, Staple and Fancy Groceries, Public Square.

During the month of August we want to close out everything we have in the line of Summer Goods. We are going to buy a big stock for the Fall and Winter and we want no money locked up in Goods to carry over. We have some beautiful patterns in Flouncings and Allovers that we will sell so cheaply that it would be economy to buy even for next Summer, as one cannot have too many White Dresses. If you need a Blanket or a Comfort these cool nights you can find what you want at our place. A new line of Gingham in Fall Shades have just come in, and are going to be sold very low, as is our habit with all our Goods. We have about six Ice Cream Freezers of the season's lot; they will be sold very low. You can still buy Croquet Sets and Hammocks of us cheaper than anybody else. Our Store is headquarters for all sorts of Housekeeping conveniences of which we ask an inspection.

Come to see us before you buy Shoes of any kind and you will save money. Everything at lowest prices at

"BIG RACKET."

THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.

BIG WRECK ON THE ST. LOUIS AND ALTON.

THREE PERSONS KILLED OUT-RIGHT—MANY WOUNDED.

A TERRIBLE CRASH ON THE MICHIGAN CENTRAL.

A DEPOT COMPLETELY WRECKED BY THE LOCOMOTIVE.

ALTON, Ill., August 16.—A serious wreck occurred last night on the St. Louis, Alton and Springfield Railway, near Clifton Terrace.

A construction train and passenger train collided while rounding a curve, through failure of the man at the switch to notify the construction crew that the six o'clock passenger train was late and had not yet passed.

None of the passengers were seriously injured. The killed were: Peter Smith, of Springfield. Charles McGee, of Alton, water carrier on the construction train.

James Murray, a laborer of St. Louis. The wounded are: Frank Lee, Springfield, engineer on the passenger train, right leg badly crushed; James Daly, Alton conductor, hips dislocated and back sprained, may not recover; M. P. Seymour, supt. St. Louis, Alton and Springfield Railroad, face badly cut and left leg injured; H. W. Cassidy, Alton, legs badly cut, back sprained and internal injuries; Patrick McCalligan, Alton, left leg and ribs broken, serious; John King, Jerseyville, newsboy, contusion of hip and temple; O. B. Powell, severe internal injuries, may die; J. C. Owens, mail messenger internal injuries in right side; Henry Underbrink, Alton, fireman on construction train, foot badly hurt and legs cut; Michael Contrell, Alton, foreman, hurt very badly, may die; John McGoffey, legs cut and shoulder dislocated; George Gorman, Delhi, shoulder dislocated; Richard J. Lessen, right leg bruised and sprained; Charles Foss, right leg cut and internal injuries.

Detroit, Mich., August 16.—The east bound North Shore limited train on the Michigan Central road was badly wrecked this afternoon at Augusta, Mich., by colliding with a protruding car of a freight train which had been sidetracked. The engine then crashed into the depot, completely wrecking the building, and it is rumored two boys who were inside were killed outright.

After striking the building the engine ran a few yards and then exploded, blowing fireman Gregg to atoms and instantly killing Engineer McGoberts.

WANT TO ARBITRATE.

Great Britain and the Fisheries Question.

LONDON, August 16.—Lord Salisbury's last dispatch to Secretary Blaine dated August 2d, and in it he quotes from historical documents in support of his contention that England had refused to admit Russia's claim to exclusive jurisdiction over Behring sea as asserted in the ukase of 1821. He says:

"It is impossible to admit that the right to fish and catch seals in the high seas can be held to be abandoned by a nation from the mere fact that for a certain number of years it has not suited the subjects of that nation to exercise such right. It must be remembered that the existence of British Columbia as a colony and the development of their colony's shipping interest are comparatively recent."

Lord Salisbury then announces Great Britain's willingness to submit the question to an impartial arbitration.

THE STRIKE SPREADS.

Switchmen Go Out at East Buffalo This Morning.

New York, August 16.—Vice-President Webster this morning had not heard from Powderly, but was waiting to confer with him.

BUFFALO, N. Y., August 16.—Three hundred switchmen and yardmen of the New York Central went out upon a strike at East Buffalo this morning. No freight trains are moving. A large force of police is on hand and no serious trouble is anticipated.

CHICAGO, August 16.—All of the switchmen employed by the Wabash railway company in Chicago, struck yesterday and not a wheel is turning.

THEY WILL FIX IT UP.

Progress Slow on the River and Harbor Bill.

WASHINGTON, August 16.—The senate resumed consideration of the river and harbor bill to-day. After prolonged debate on the item for the improvement of the Harlem river, Mr. Hawley's amendment, providing that bridges over that river should be without draws or openings, was rejected. The committee's proposition was then agreed to with the understanding that the whole question would be fixed up in the conference committee.

Big Print Works Fire.

PAWTUCKET, R. I., August 16.—Fire this morning destroyed a large part of the Bunzel print works, one of the largest establishments in the State. All the old works, covering about three acres, were burned. The new buildings, covering an acre, were saved, but in a damaged condition.

The print works and dyeing department were totally destroyed. All the costly printing machines and 500 engraved brass rolls were lost. Loss \$150,000 to \$200,000; fully insured.

The Cotton Report.

New York, August 16.—The total visible supply of cotton for the world is 1,142,155 bales, of which 569,555 are American against 957,438 and 559,738 respectively last year. Receipts of cotton this week at all the interior towns, 4,164. Receipts from plantations, 389; crop in sight 7,183,831 bales.

The Clergy Protest.

LONDON, August 15.—Brigham Young's youngest daughter announces that she will shortly lecture on Mormonism through the provinces. This announcement has called forth a protest from the clergy.

ATTEMPT TRAIN WRECKING. If Successful It Would Have Killed Hundreds.

ATLANTIC CITY, August 16.—A fiendish attempt was made near here yesterday to wreck an excursion train containing several hundred people, mostly women and children who were bound for the seashore.

Several cross ties were bound down to the track and the engine struck them with great force, completely wrecking itself and killing the engineer and fireman. Several of the passengers were injured, but their wounds are not serious.

MR. QUAY'S RESOLUTION.

TRYING TO BRING OUT THE TARIFF BILL.

Edmunds, who Wants, but Can't Have, a Force Bill, Opposes Quay, and the Resolution is Not Received.

WASHINGTON, August 16.—In the senate to-day Mr. Quay asked unanimous consent to offer a resolution for a change of the rules so as to bring the senate to a vote on the tariff bill on August 30 and to limit the other legislation to the appropriation bills, public building bills, etc.

Mr. Edmunds objected and the resolution was not received.

Yesterday there was inserted in the bill an item increasing the appropriations for Cape Fear river and below Wilmington, N. C., from \$100,000 to \$200,000; for Centennial Creek, N. C., from \$5,000 to \$7,000; for Neuse river up to Smithfield, N. C., from \$12,000 to \$20,000; and from Mackey's Creek, N. C., from \$10,000 to \$15,000; hearing an item of \$2,000 for Potomac river, N. C.; increasing the appropriation for the Tennessee river below Chattanooga from \$425,000 to \$500,000.

THE OLD, OLD RUMOR.

The Pope to Leave Rome—Where Will He Go?

LONDON, August 15.—The Manchester Courier says: "In consequence of the fierce persecution of the church, which is the policy of Crispi, the Pope will soon issue a manifesto to Roman Catholics stating his intention of leaving Rome, together with his court and his adherents. From a practical point of view this means his flight to Rome, for with the Pontiff will go the Cardinals, the prelates and a vast number of persons who annually come to Rome as pilgrims."

"It is impossible for any earnest Christian even now to live in Rome, which is fast becoming the headquarters of atheism and free thought. The shop windows are full of shocking caricatures of the Deity, license is allowed for blasphemy, and its indecency has never been surpassed in history, even during the French year of 1793."

BANK STOCK BARRED.

The Tennessee Farmers' Union Change Their Constitution.

NASHVILLE, Tenn., August 16.—The annual convention of the Farmers' and Laborers' Union has adjourned after a four days session. There were many amendments offered to the constitution. The most important adopted was that consolidating the office of secretary and treasurer and fixing the salary of the office at six hundred dollars.

City mechanics will hereafter be admitted to the union. An attempt was made to extend the eligibility clause of the constitution so as to admit farmers having interests in stores or holding small amounts of bank stock, but after a bitter contest the amendment was voted down.

Senator Vance in N. C.

FAYETTEVILLE, N. C., August 16.—Senator Vance and Auditor Sanderlin left here for Red Springs yesterday morning at 8:15 o'clock. Thursday night they were given a rousing ovation here by the democrats of Cumberland. Both of them spoke to tremendous crowds and did much good.

Ruskin Dying.

LONDON, August 15.—John Ruskin is almost continuously delirious, and during these irresponsible moments he has attempted suicide with a razor. The strictest watch is kept over him, despite which he has twice made an effort upon his life.

POLITICAL NEWS.

The republican county convention will meet in Murphy on the first Monday in September to nominate a county ticket.

At the primary election held in Charlotte resolutions were adopted in each ward instructing delegates to vote for members of the legislature favoring Senator Vance's re-election.

The negroes of North Carolina are requested to hold county conventions and appoint delegates to the State convention to be held at Raleigh, on Tuesday, the 20th day of August, 1890, at 12 o'clock.

Captain Alexander is perhaps as well posted on the purposes and workings of the Alliance as any member, and knew whereof he was talking. But we would not need any statement from Captain Alexander to assure us that Vance is safe with the Alliance and non-Alliance farmers of this State.—Wilmington Star.

Colonel John A. Barringer is preparing to make the campaign this year unusually strong. Senator Vance and ex-Governor Jarvis have both signified their intention to make speeches in every county. Captain A. H. A. Williams, the democratic nominee, is an able speaker, and will be more than a match for his opponent Brower.

The colored republicans of Orange county held a mass meeting in Hillsboro, and passed resolutions commending the Harrison administration, condemning the local management of the republican party and demanding a fair division of the offices.

Prominent negroes in the county denounced in their verest terms the policy of the white republicans in North Carolina, especially collectors White and Ennes, Congressman Brower, supervisors Hawkins and Webb.

THE ANTI-LOTTERY BILL. THE HOUSE NOW WORKING ON IT.

On Resolution, Immediate Consideration was Given the Bill, but Breckinridge Opposed Limiting the Length of Time for Debate.

WASHINGTON, August 16.—In the house to-day Mr. Snider, of Minnesota, submitted the conference report on the bill to establish a national park at the battlefield of Chickamauga, and it was agreed to.

Mr. Bingham, of Pennsylvania, from the committee on postoffices and post roads, reported a resolution calling on the postmaster general for information relative to the alleged frauds practiced by A. J. Wedderburn. Adopted. The Nat. McKay bill was then passed, the speaker counting a quorum.

Mr. Cannon, of Illinois, from the committee on rules reported a resolution for the immediate consideration of the anti-lottery bill, the previous question to be considered as ordered at 4:40 o'clock this afternoon.

Mr. Breckinridge, of Kentucky, put on record his opposition to the rule which fixed the time for the previous question on the bill. He was in favor of the measure, but he thought that the house (and not the committee on rules) should determine the duration of the debate. The resolution was adopted and consideration of the bill begun.

AFFAIRS OF CONSEQUENCE.

HOME.

New York taxes have been slightly advanced over last year's rate.

Mr. Platt is bitterly blamed throughout New York for defeating the world's fair plans.

The mission-house which Mrs. W. H. Vanderbilt is building in New York will cost \$250,000.

Mr. Jesse Seligman, of New York, is taking an active part in protesting against the Jewish outrages in Russia and reports Mr. Blaine as being interested in trying to prevent the expulsion.

Miss Florence Sullivan, a daughter of Thomas Sullivan, sr., of the millinery house of Sullivan, Drew & Co., 600 Broadway, New York, and Frank L. Hurlbutt, of Buffalo, were drowned in the surf at Spring Lake, N. J., Thursday.

The colored population of Frederick city and county celebrated at the former place Wednesday the twenty-seventh anniversary of emancipation. Joseph S. Davis, the colored lawyer, of Baltimore, the chief orator, during his remarks repudiated the force bill.

The election in the Chickasaw Nation, Indian Territory, resulted in the re-election of Gov. William Byrd and the success of the so-called Indian party, but the election will be contested. The disfranchisement of the white men who had married Indian women came very near causing bloodshed at Stonewall, the largest voting place.

George G. Blanchard, of El Dorado, nominated for congress by the republicans of the second California district, Congressman Joseph McKenna, republican, renominated in the third California district. Scott Wike renominated for congress by the democrats of the twelfth Illinois district. Senator Perry Engle of Newton, nominated for congress by the union-labor convention of the sixth Iowa district, at Ottumwa, and Fred E. White, of Keokuk, by democrats. Judge Jos. R. Reed was re-nominated for congress by the republicans of the ninth Iowa district, at Red Oak.

WASHINGTON.

In the United States senate Mr. Vest's amendment to reduce the duty on tin plate was rejected.

Senators Plumb, Ingalls and Paddock are expected to vote with the democrats on the tin plate schedule.

Speaker Reed professes to be anxious that congress shall get through its business, so that the members could go home.

Mr. Plumb moved to make the duty on tin plate one cent a pound, and providing for a bounty of one cent a pound on tin plate manufactured in the United States.

FOREIGN.

The strike of the railway employees in Wales is ended.

On his visit to Russia Emperor William of Germany will give the Czar a grand hunting chariot.

The chemical union, with a capital of \$40,000,000 has been formed in Paris to monopolize the trade in bleaching powder, caustic, soda and other alkalis.

NOTES FROM WEAVERVILLE.

Happenings of Interest Both Here and There.

WEAVERVILLE, August 16.—[Special.]—Our little town is rather quiet now, but there is a boom (Bill Arp says "boom" means a hollow sound) likely to strike her in about a month. The college will begin the next session on the 11th of September. There is every prospect for a better school than ever before.

In the meantime a new building to cost \$100,000 is spoken of. A campus of forty acres is to be beautifully laid out. The present building will be used for the primary and fitting school. There is demand for cottages from those who want to move here to send their children to school.

Tobacco is looking splendidly. There has been some uneasiness felt during this cool snap for fear that the frost might injure most of the crop. Many farmers are now curing the "primmings," which year or two ago were thrown away. They all use the patent sticks and sometimes get thirty-five cents per pound for what they have been wasting.

The road has been worked out between here and Asheville. The town folks can drive out now without danger.

The commodious district parsonage is about completed and Rev. Mr. Weaver will move in next week. Mrs. Weaver, who has been visiting in Franklin for some weeks, has returned.

Rev. J. P. Austin was here recently for a day or two. He is almost a stranger now. He speaks of moving to Asheville.

The mineral springs of T. M. Dula, having been analyzed, show a large per cent. of salica. This is found very rarely in mineral springs and is considered a fine remedial agent for some diseases.

The hotel here is soon to undergo considerable repairs and will be open for the reception of guests before long.

MISCELLANEOUS. ANTIMIGRAINE.

—THE— NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED. ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTIPYRINE, MORPHINE, CHLORAL AND COCAINE.

Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disorganize the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.
