THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.

INCONSISTENCIES OF THE REPUBLICAN TARIFF BILL.

SENATOR VANCE SHOWS THEM UP IN THE SENATE.

BLAIR LABELS THE SOUTH TO BE FUNNY, HE THINKS.

WASHINGTON, August 22.—Almost immediately upon the assembling of the senate to-day the tariff bill was taken up. The paragraphs relating to files, rasps, iron or steel plates, articles enamelled or glazed were adopted as reported. Democratic amendments looking to lower duties were uniformly rejected.

When the sporting rifles paragraph was reached Mr. McPherson wanted to know why a very low duty was proposed when on shot guns, in the next paragraph, an extremely high duty was imposed.

Mr. Hawley said the senator ought to know that the Americans made the best rifles in the world, and wanted no additional protection.

"Do we not also make the best shot guns in the world?" inquired Senator Vance.

"I think we do," Senator Aldrich replied.

"Then," said Vance in his usual droll style, "we make the best rifles in the world and therefore we want only 25 per cent. protection. We make the best shot guns in the world and therefore we want 115 per cent. protection."

Mr. Blair—"The senator should not make such a statement about shot guns—an article of Southern consumption." (Laughter.)

Mr. McPherson said he would offer no amendment to lower the duty on sporting rifles and the paragraph relating to shot guns was passed over informally. Senator Aldrich stating that the finance committee has the matter under consideration.

THE PRINCIPLE OF IT.

Probabilities of a Big Strike Throughout the East.

NEW YORK, August 22.—This is a day of expectancy on the railroad situation. No one knows what to-morrow will bring forth; whether a great strike, which it is now believed must come will be declared on, or whether it will be postponed till Monday.

It is evident there is considerable difference of opinion between Mr. Sergeant, of the firemen's brotherhood and Mr. Sweeney, of the switchmen's union, the latter being opposed to strikes and saying it was not at all certain the supreme council would order one. The Knights of Labor assert that Sweeney has changed front if correctly reported and add that Sergeant's influence preponderates anyhow. The labor leaders say there is nothing to do save to strike as the principle involved is the right of working men to organize.

PIPE AND CARTRIDGE.

She Did Not Know The Latter Was Loaded, You Know

ATHENS, TENN., August 21.—Annie Jackson, a colored woman at Hay's works on the Knoxville Southern railroad, held a pipe and a dynamite cartridge in her left hand and was just in the act of lighting her pipe with a match in her right hand when the dynamite exploded, tearing four fingers of the left hand very badly. A portion of the shell also entered her shoulder, inflicting severe injuries.

Conference Reports in the House.

WASHINGTON, August 22.—In the house to-day the conference report on the bill making an appropriation for additional clerical force to carry out the dependent pension law was agreed to.

The report of the committee recommending non-concurrence in the senate amendments to the river and harbor bill and agreeing to a conference asked for was presented. Mr. Kerr, of Iowa, raised the point of order that the amendments must first be considered in committee. So the house began consideration in that way.

London's Cholera Case.

LONDON, August 22.—The anxiety in reference to the case of cholera in the city is growing greater every hour. An official report of a reassuring nature has been issued by the representative of the medical department of the Local Government Board, who has been making inquiries into the case. The patient is described as suffering from symptoms which, although not to be distinguished clinically from Asiatic cholera, are occasionally observed in cases of cholera morbus.

A Big, Big Mill.

SAN FRANCISCO, August 22.—The Union Iron Works recently completed a one hundred stamp silver mill, which is one of the largest pieces of mining machinery ever built, asserted to be the finest stamp mill ever made anywhere. The mill was made for the Huanchaca de Bolivia Company, a corporation composed of Parisian and Bolivian capitalists, which is the largest silver producing company in the world, and owns exceedingly rich and extensive mines in Bolivia.

All the Way to Australia.

NEW YORK, August 22.—The passenger steamship Karlsruhe, will make her first trip, and the first of the kind ever undertaken, to Australia from this port on October 7. Heretofore the vessels plying between Australia and New York have been sailing craft. The Karlsruhe is a ship of 5,200 tons, and will, her agents expect, make the trip half around the world in forty-two days. She will return here with 5,000 tons of merrino wool.

Chicago Take Warning.

VIENNA, August 22.—The Duchy of Styria was visited by a hurricane yesterday. At Graz, the capital of the Duchy, the building in which the national exhibition was held, was completely wrecked.

The Ministry Breaking Up.

BURENAS AYRES, August 22.—Senator Vicente Vidal Lopez, minister of finance, and General Lavalle, minister of war, have resigned.

A Tried Man.

SAN JOSE, Cal., August 22.—The democratic State convention nominated as candidate for governor, E. B. Pond, the mayor of San Francisco.

SOUTHERN PROGRESS.

Immense Strides in the Pig Iron Industry.

WASHINGTON, August 21.—The superintendent of the census has just issued his bulletin on the production of pig iron in the United States during the year ended June 30, 1890. In this bulletin the superintendent says:

"It will be gratifying to notice the great strides which the Southern States have made in the manufacture of pig iron since 1880, the total product in that year being 350,436 tons as against 1,780,909 tons in 1890. The decade has brought about the most marked change in the rank of this industry of the State of Alabama, which in 1880 occupied the tenth place, with an output of 62,346 tons, and which now, in 1890, obtains third place, with an output of 890,432 tons, an increase of more than 1,328 per cent. over the production of 1880."

The superintendent calls particular attention to the rapid development of the blast furnace industry in the Southern States as one of the most notable features in the growth of the manufacture of pig iron in this country.

DOWN A MOUNTAIN SIDE.

TERRIBLE ACCIDENT NEAR READING, PA.

A Runaway Car Dashes Down a Five-Mile Declivity and Then Rolls Over a Fifty-Foot Embankment—The Deaths.

READING, Pa., August 22.—A runaway car on the Mount Pennsylvania Gravity railroad which ascends a mountain near here, dashed down the five mile declivity this morning, at a frightful rate of speed. When the car reached the station at the foot of the hill, it jumped the track and rolled down a fifty foot embankment, where it landed up side down with the passengers imprisoned inside, except several who jumped off.

Four persons have been taken out dead, including Chas. Rittew, conductor of the car, and Edgar M. Levan, attorney of the Reading railway, aged forty. A number of persons were injured.

WOMAN SUFFRAGE.

Will it be Adopted to Solve the Negro Question?

JACKSON, Miss., August 22.—A tinge of sentiment colored the proceedings of the constitutional convention yesterday when John W. Fewell made a speech in support of the proposition offered by himself to confer suffrage upon women. He urged that a special committee be appointed to report on the question, but after two hours' discussion Fewell struck out the objectionable clauses of his reference resolution and had it referred to the usual way.

Delegate Hudson, of Yazoo, also offered an amendment providing for female suffrage with proper and educational qualification. This also embraces the Australian ballot system.

The woman suffrage idea is growing in favor among the best minds of the convention, and unless safety from negro supremacy can be reached by other methods, Fewell's plan or one similar to it will be adopted.

MILK-SICKNESS.

A Tennessee Family Has a Terrible Experience With It.

ATHENS, Tenn., August 22.—Six of the Irvin Frisby family, of the ninth district of Polk county, were terribly poisoned a few days since by what is supposed by the neighbors to be milk-sickness, there being very little milk in that section where the fatal weed exists which the cows ate.

The father, mother and five daughters were taken down and suffered intensely. The symptoms were severe retching and vomiting, and great thirst and dryness of the mouth and throat.

The father lived eight days and died. The next to die was a five or six year old daughter; then the mother died after an illness of four or five days.

The other members of the family are still suffering from the terrible effects of the disease or poison. A similar case of this kind occurred in the same family about one year ago, when one of the children died.

California Democrats.

The California democratic convention adopted a platform reaffirming the principles of the St. Louis platform of 1884, and declaring against a depleted treasury, the imposition of unequal and oppressive taxes, the effort to exact coercive legislation and to favor free coinage of silver and demands that it be made legal tender for all purposes, public and private. It favors the enactment of laws against pools and trusts, the election of United States senators by a direct vote of the people and pledges its nominees to the legislature to secure the adoption of the Australian ballot system.

A Great Pitty.

SYRACUSE, N. Y., August 22.—The Wilkinson homestead at James Hill, the home of Fred Wilkinson, jr., the betrothed of Miss Winnie Davis, was destroyed by fire to-day, occasioned by the explosion of benzene used by laborers in cleaning the wood work. Two laborers were fearfully injured by the explosion. Loss is \$30,000, insurance \$19,000.

Less Sand & More Lime.

KNOWLEDGE, Tenn., August 22.—Mr. R. S. Payne will erect another handsome structure on the same spot where the \$40,000 building fell several weeks ago. The architects are now at work perfecting the plans.

Look Out, Mayor.

Mayor Hathaway have you heard? Jim Bateman has just told us that Raper and Jones chased and caught a live, fat coon on Main street in Edenton last week. We are horrified. We love old Edenton and have warned her authorities of the danger ahead and of the coming decadence of her civilization. Men may dress fine in store clothes, they may touch their hats and bow in graceful salutation, they may come your porters, valets in Parisian style, but our folks, I say to you, our folks, chasing coons on Main street ain't a "felicity" and Mayor Hathaway ought to call out the posse comitatus and run 'em out now or you're gone. I tell you. No use talking. Bears 'll come next.—Eliabeth Economist.

MISCELLANEOUS.

STANDING BY THE BILL.

THE GEORGIA ALLIANCE HARMONIOUS.

Gordon Will Have an Alliance Opponent, and the Farmers Will Number Three-Fourths of the Legislature, It is Believed.

ATLANTA, August 22.—Georgia State Alliance finished its labors yesterday and adjourned. The most important action was the unanimous passage of a resolution endorsing the platform of the National Alliance adopted at the St. Louis convention. Cotton bagging was adopted as the Alliance covering of cotton as against jute. This is carrying out the fight on jute made last year, which was so successful. The eligibility clause provides that no one shall be admitted to membership in the order unless he be a farmer, farm laborer, mechanic, country school teacher, country preacher, country physician, country editor or editor of a strictly agricultural journal.

It looks now as if the issue was squarely between Gordon and the Alliance. The Alliance leaders say that it undoubtedly means that Gordon will have Alliance opposition in his race for the senate; who it will be they do not indicate. The Alliance will undoubtedly have three-fourths of the legislature which elects Senator Brown's successor.

The Corput investigating committee vindicated him as far as the Pedigo affidavit was concerned. The committee reported that the percentage demanded by Mr. Corput was for the benefit of the exchange and not for Mr. Corput, personally. In other words, the Alliance exchange, under this construction, can authorize any firm to represent it, and it agrees to protect them in the price which is put upon farmers, provided brokerage is paid the exchange.

NORTH CAROLINA FOLKS.

They are Getting Somewhat Numerous It Appears.

WASHINGTON, August 22.—The population of the third supervisor's district of North Carolina has been given out by the census office as 252,577. This is an increase during the last census period of 33,507 or 15.35 per cent. The present population of this district is given by counties as follows:

COUNTIES.	POP. '90.	INCREASE.
Bladen	16,729	571
Brunswick	10,853	1,454
Columbus	17,811	3,979
Currituck	27,294	3,458
Dauphin	18,454	1,119
Harnet	13,672	2,810
Moore	20,470	3,049
New Hanover	23,427	2,551
Onslow	10,271	442
Pender	12,475	7,540
Richmond	31,429	5,637
Sampson	25,073	2,179

The present population and increase of the following North Carolina cities is also given:

Wilmington, 20,068; increase 2658 or 15.32 per cent.
Fayetteville, 4,222; increase 735, or 21.09 per cent.

Killed by Officers.

BIRMINGHAM, Ala., August 22.—Grant Matthew, a negro, shot Policeman Eager last Sunday, while Eager was attempting to arrest him. The wound was painful, but not serious. Matthew was discovered near some mines adjacent to the city and when ordered to surrender he ran. The officers fired on him and he fell dead with several bullets in his body. He had two pistols on his person.

What Was He?

KNOWLEDGE, Tenn., August 22.—Yesterday while workmen were excavating for the foundation of a building they found, three feet under the surface, the bones of a soldier who had taken part in the great civil war. The hair, teeth and skull bones were uncorrupted. A pair of shoes was brought to light, besides a large shell loaded with grape shot, a skillet handle, a piece of cloth, the blade of a case knife, a flask and minnie ball.

AFFAIRS OF CONSEQUENCE.

HOME.

The California mare Sunol trotted a quarter mile at Chicago in 31 seconds.

There is a movement on foot for joining the Women's Christian Temperance Union and the Salvation Army.

Counterfeit silver dollars have been found in bags stored in the United States sub-treasury vaults at Philadelphia.

The New York health authorities fear there is a slight return of grippe in that city, and it is said Southern visitors are especially susceptible to it.

The executive committee of the Grant monument association has adopted a protest against the removal of Gen. U. S. Grant's remains from New York.

The number of buildings wrecked by the tornado at Wilkesbarre, Pa., Tuesday evening, is estimated at 400. The loss is estimated at over a million dollars. Twelve persons were killed.

Section men who were at work on the tracks of the Old Colony railway where the accident of Tuesday occurred, had what is called a track jack on the rails, when the train came flying around the curve. From all indications the jack was not taken out when the train came up.

The wealthiest Chinese merchant of Philadelphia, Lee Hong Kwong, naturalized citizen of the United States, is trying to get his Chinese bride, whom he married in China a year ago, admitted into the country as an American, the woman having been born in San Francisco but educated in China.

The Virginia Alliance has adopted the following: "We, the State Farmers' Alliance of Virginia, do intend to grasp with a tighter Alliance grip the hands of our Alliance brothers of the North, determined to hold together with locked shields in spite of all efforts to arouse prejudices between us, until the financial emancipation of laborer and producer is accomplished."

WASHINGTON.

Senator Kenna is recovering. His trouble is said to be "tobacco heart."

The House has passed the grain inspection bill and laid the alien land bill on the table.

Edward McKee, of Prince George's county, Md., has again been nominated by Congressman Mudd for a cadetship at West Point Military Academy.

FOREIGN.

At a requiem mass for the late cardinal Newman, Cardinal Manning delivered an address, at which he paid a high tribute to the dead prelate's work.

MISCELLANEOUS.

ANTIMIGRAINE.

—THE—

NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REBOSTRIBED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTIPIRYRINE, MORPHINE, CHLORAL AND COCAINE, Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.

The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In other cases the dose can be repeated every thirty minutes until a cure is effected. One who always drive away an attack of Headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending to secure an eventual permanent cure.

For sale at
