THE NEWS!
BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.
RESOLUTION FOR CONGRESS TO MEET NOV. 10.
BENTON'S TARIFF REMARKS OF FIFTY YEARS AGO.
PEACE BETWEEN SALVADOR AND GUATEMALA.
WASHINGTON, August 29.—In the Senate to-day Senator Edmunds offered the following concurrent resolution (which went over for the present):
"Resolved that when the two houses adjourn on the 19th of September, 1890, it be to meet the 10th of November, 1890."
The tariff bill was then taken up, the pending question being on the finance committee's amendment to paragraph 307, which taxes salt in bags and packages 12 cents per hundred pounds and salt in bulk 5 cents, the amendment being to strike out the proviso allowing drawbacks on salt used in exported meats.
Senator McPherson moved to strike out the entire paragraph, the effect of which would be to place salt on the free list.
Senator Colquitt advocated Senator McPherson's amendment and read an extract from a speech made by Benton in the senate half a century ago against the tariff on salt, which he characterized as "heartless and tyrannical, inexorable and omnipresent, which no economy could evade, no poverty shun, no privation escape."
FLORIDA REPUBLICANS.
They Will Hold No State Convention This Year.
JACKSONVILLE, Fla., August 29.—A convention of Second district republicans was held at Ocala, in Marion county, yesterday. Its temporary chairman was M. M. Dewey, colored, editor of the Gainesville Advocate. The colored delegates indulged largely in speech making, but beyond this the negroes received very little recognition.
P. S. Goodrich, of DeLand, who has been contesting S. P. Bullock's seat in congress for nearly two years and whose case has recently been reported favorably by the election committee, has been all along a most prominent aspirant for the nomination, but he telegraphed from Washington yesterday his withdrawal from the contest for the sake of harmony. His name was presented, however, along with half a dozen others, among them John Stripling, U. S. attorney for the northern district of Florida. Stripling received the nomination on the third ballot.
The convention adjourned at a late hour last night after the adoption of a long platform whose principal plank was one in advocacy of federal control of national and congressional elections.
No State convention will be held by Florida republicans this year. The State control committee met in Ocala yesterday and placed the following State ticket in nomination: For comptroller, Leroy C. Ball, of Tallahassee; for associate justice of the supreme court, Jas. K. Challen, of Jacksonville.

INDIANA DEMOCRATS.
Dudley and His Work Denounced Heartily.
INDIANAPOLIS, Ind., August 29.—The democratic convention was in session here yesterday. The platform was received with enthusiasm. Olaned Mathews was nominated for secretary of State. Mr. Mathews is the most extensive farmer in Indiana, and his nomination is a tribute to the Farmers' Alliance. J. O. Henderson, editor of the Kokomo Dispatch, was nominated for auditor; Albert Gall, of Indianapolis, treasurer; A. G. Smith, Mt. Vernon, attorney general.
The resolutions denounce the force bill and say that "the electoral vote of Indiana was obtained for Harrison and Morton by the most flagrant crimes against the ballot box ever perpetrated in an American commonwealth; that these crimes were committed under the direct auspices of William W. Dudley." Mention of Grover Cleveland's name was received with tremendous applause.
PEACE CONCLUDED.
The Central American War Bird Folds Its Pinions.
WASHINGTON, August 29.—Acting Secretary Wharton to-day received a telegram from Minister Misner at Guatemala, through Minister Ryan, of Mexico City, dated the 28th inst., as follows:
"I went to Acapulca, in Salvador, Monday with three of the diplomatic corps. I met the provisional president with several hundred leading men of the republic. The basis of peace was explained and slightly modified, accepted and signed by General Escal. I returned here (Guatemala) yesterday afternoon when Guatemala also accepted and signed. Both parties have been notified to retire to their armies in forty-eight hours and to reduce them to a peace footing in eight days. This establishes peace in Central America."
Acting Secretary Wharton said he regarded this as a satisfactory settlement of the trouble.
The Fastest Mile.
MOSMOUTH, August 29.—Salvator has smashed the record for a mile making it in 1.35 1/2. Fractional time was as follows: At the quarter, 23 1/2; at the half, 45 1/2; at three-quarters, 1.11 1/2; at mile, 1.35 1/2.

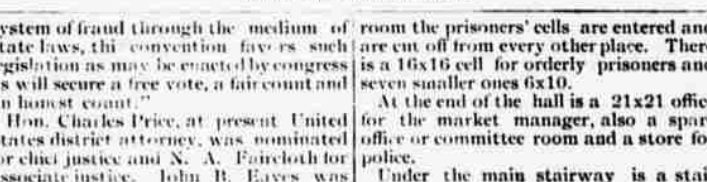

An Appeal.
Dr. R. L. Abernethy, the president of Rutherford College, is in the city and wishes to raise funds to rebuild this famous college. This property with \$5,000 worth of books and \$20,000 worth of notes were destroyed by fire on the 9th of this month. This college has been doing noble work for the cause of education for the last thirty-eight years. This noble man has given tuition to over 2,000 indigent orphans. Such a rare sacrifice on the part of Dr. Abernethy deserves the sympathy of the country. Asheville has many men who will no doubt come to the rescue and assist this great work.
Rev. A. A. Abernethy is the agent of the college, now in the city.

REPUBLICAN CONVENTION.
Some Hatched Burying Done—Nominations.
RALEIGH, N. C., August 29.—The republican State convention met yesterday. The bitter contest between John B. Eaves and Dr. J. J. Mott, leader of two factions in the western part of the State, was reconciled.
Addresses were made by J. B. Eaves, J. C. Pritchard, Charles A. Cook, C. F. McKesson and others. Nearly every county was represented.
The republican congressional convention of the fourth district nominated Alexander McPherson for congress. Rev. D. P. Macham, an independent Alliance democrat, announced himself also a candidate against B. H. Baum, the democratic nominee. C. H. Moore, colored, was nominated by a convention of colored men against J. M. Brown, republican, and A. H. Williams, democrat, in the fifth district. F. C. Thomas announced himself as an independent republican Alliance industrial union candidate, against John S. Henderson, democrat, in the seventh district. Claude M. Bernard has been re-nominated by the republican executive committee in the first district for congress, against W. A. H. Branch, democrat. No convention will be held.
The passage of a state election law by the legislature of 1889, is denounced by the platform as a fraud, and "intended to enable politicians by fraud and trickery to thwart the honest will of the people." The platform concludes with: "The democratic party, having instituted a

system of fraud through the medium of state laws, this convention favors such legislation as may be enacted by congress which will secure a free vote, a fair count and an honest count."
Hon. Charles Price, at present United States district attorney, was nominated for chief justice and N. A. Faircloth for associate justice. John B. Eaves was elected chairman of the state executive committee.
ATAKAS OF CONSEQUENCE.
HOME.
Rev. Dr. McGlynn has arrived in New York from California.
Price of Chicago beef has increased on account of the railroad strike.
The republican managers in New York are filling the Brooklyn navy yard with their henchmen.
Cheboygan, Michigan, is terribly excited over the apparent attempt to burn out the town by a gang of incendiaries.
District Attorney Graham, of Philadelphia, holds that newspaper guessing matches for prizes come under the lottery law.
On September 9, final balloting for the site of the World's Fair, Chicago, will begin and a site must be selected before the adjournment.
A resolution endorsing the administration of President Harrison was voted down in the republican congressional convention of the Seventh Alabama district.
The prevailing opinion seems to be that there will be no split in the democratic party of South Carolina, at least to the extent of separate tickets in the field, but what tickets may result after the September convention cannot be foretold.
In the Ohio Democratic State Convention the following nominations were made: Secretary of State, Thaddeus E. Cromley, of Pickaway county; judge of the supreme court, George B. Okey, of Franklin county; member of the board of public works, Leopold Keifer, of Miami county. Cleveland's name was greeted with great enthusiasm.
Congressional nominations: John D. Alderson, by the democrats of the Third district of West Virginia; James A. Copplehart, by the democrats of the Fourth district of West Virginia; J. B. Chapman, by the democrats of the Second Kansas district; S. E. Payne, by the republicans of the Twenty-seventh district of New York; John Quincy Smith, by the democrats of the Tenth district of Ohio; Wm. L. Wilson, by the democrats of the Second district of West Virginia; Roger J. Mills, by the democrats of the Ninth district of Texas; John F. Hamilton, by the democrats of the Fifth district of Iowa.

WASHINGTON.
Secretary Tracy says, in answer to a resolution of congress, that men are not being employed at Kittery navy yard in order to affect the congressional election.
Wednesday was a day of sensations in the house. Two members, Representatives Wilson, of Washington, and Beckwith, of New Jersey, came to blows after calling each other liars and other bad names; one of the oldest members of the house, Mr. Cannon, of Illinois, was called down for the use of an alleged indecent expression in public debate, and Mr. Cannon himself and his colleague, Wm. E. Mason, engaged in a colloquy, during which they called each other liar and tramp and loafer. The house was in a continual uproar throughout the afternoon.
Silent on the Force Bill.
DETROIT, Mich., August 29.—At the republican state convention here yesterday, James M. Turner, of Lansing, was nominated for governor. The resolutions commended Harrison's administration, but are silent on the force bill.
Called and Came.
WASHINGTON, August 29.—Governor Lewis Wolfley, of Arizona, has resigned at the request of the secretary of the interior. No explanation for the demanded resignation has been made public.
Twenty-five Cases of Cholera.
CAIRO, August 29.—During the past three days there have been twenty-five new cases of cholera at Jeddah.

THE NEW CITY HALL.
DESCRIPTION AND PICTURE OF THE BUILDING.
Bids for Its Construction to be Opened To-Night at the Meeting of the Aldermen—Provision for all Necessary Offices, Etc.
The new city hall as shown in the cut is now a thing of the near future. Bids will be opened to-night at the meeting of the Aldermen.
The building is to be situated where the old jail now stands, back of the court house.
It will be built of brick with stone trimmings.
The following description by Messrs. Willis Bros., architects, will give a good idea of the different departments. They have endeavored in their design to keep each department isolated, and at the same time merge all into one convenient building.
The entrance to the city department is the chief feature of the front. It is a stone arched portico (with a balcony over for public speaking if required) and gives access to a wide double door opening into the entrance hall.
On the left of the hall is a broad easy stairway leading to City Council chamber, Mayor's court and city offices above.
On the right is a 18x20 office for the chief of police, adjoining which is a large room 15x55 for patrolmen. From this

THE NEW CITY HALL.

room the prisoners' cells are entered and are cut off from every other place. There is a 16x16 cell for orderly prisoners and seven smaller cells for others.
At the end of the hall is a 21x21 office for the market manager, also a spare office or committee room and a store for police.
Under the main stairway is a stair leading to a large lavatory for public use. The police and prisoners have a separate stair from their department to a lavatory for their exclusive use and isolated entirely.
A stairway is provided from the police quarters to bring prisoners to the Mayor's court room above without interfering with the public, and the prisoners are under constant control of the police from the time they enter till they are brought to the bar of the court.
The chief and policemen have separate entrances on the side or angle of the building, leaving the main entrance clear.
The first door on the left, at the top of the main stairs, enters the City Council chamber. This is a room 30x30 and is of a character suited to the dignity of the chief room in the building. A raised dais is provided for the Mayor, in front of which is the city clerk's desk, and in a semicircle around are the desks and seats for the aldermen. A rail runs round behind them and divides them for the public, who have a separate entrance.
Opening out from this room is a committee or cloak room.
A corridor runs the length of the main building, on this floor, giving access to offices for the city engineer, city inspector and other public officers. Several spare rooms are provided, also a lavatory for the exclusive use of the city officers.
Opposite the head of the stairs is the public entrance to the Mayor's court room. Prisoners can only enter from the police department stair. The Mayor has a private entrance to his place in court from his private office adjoining. From his office he also has access to the balcony over main entrance and also into the city clerk's office, which also has an entrance from the hall.
As the fire department is (or at least will be eventually) one of the most important arms of public service, the architect has paid special attention to providing plenty of room for it. It is on the highest side of the lot enabling the apparatus to start easily from the incline. It has three large exits of ample proportions to allow free movements of the apparatus. The plan shows a suggestion for its arrangement. The main hall is carried back to the rear of the lot, giving room for ten stalls for horses, harness, store and feed rooms and a large space to wash off hose, etc., also a tower in which to suspend hose for drying purposes. This is provided for but not being needed at present will be arranged to suit present needs temporarily.
A stairway leads from the front of this department to a 30x42 room above, which is to be used for a firemen's dormitory. Foles are provided to allow speedy exit to the department below.
A 15x18 room is also provided for the chief of fire department and another for his assistant chiefs.
The main entrance to the market is from the angle or side of the building, under the police department. It gives access to a 120x124 hall well lighted. There are also two side entrances and a rear entrance.
The fire department is carried on strong piers on one side of the hall, which are filled in between with enclosed and semi-enclosed fixed stalls. The main hall has movable stalls.
Opening from the market hall and under the city building is a 90x50 cold storage warehouse for storing perishable goods.
The Mayor's and other offices will be richly finished, while the market and fire departments will be left plain.
Another Strike Ended.
CHICAGO, August 29.—Business at the stock yards this morning was being promptly handled by the several roads while all packers are killing and handling a fair amount of goods. Most of the Lake Shore men have returned to their duties and the strike seems virtually over.

W. H. Cowles Renominated.
RALEIGH, August 29.—Hon. W. H. Cowles was to-day re-nominated to succeed himself as democratic congressman from the Eighth district.

ANTIMIGRAINE.
—THE—
NEVER FAILING CURE FOR HEADACHE.
TRADE MARK REGISTERED.
ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.
Cures Every Variety of Headache AND NOTHING ELSE.
ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.
For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTI-PYRINE, MORPHINE, CHLORAL AND COCAINE, Since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients. The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.
