THE NEWS!

BY ASSOCIATED PRESS TO THE CITIZEN TO-DAY.

SENATE TARIFF BILL AGAIN IN THE HOUSE.

DEMOCRATS HAVE A WHIP ON THE REPUBLICANS.

WASHINGTON, Sept. 12.—In the house to-day the clerk proceeded under instructions from the speaker to call the roll on the question of ordering the previous question on the approval of the journal of last Tuesday. During the roll call a messenger was received from the senate announcing the passage of the tariff bill the amendments and by direction of the speaker it was referred to the committee on ways and means.

This morning for the first time in several months the ways and means committee held a session. The purpose was to discuss the treatment of the senate amendments to the tariff bill and the entire session was so consumed. As the bill itself had not reached the committee no formal conclusions could be reached and the proceedings were entirely confined to a general discussion. On one point there seemed to be practicable agreement and that was that the amendments should be considered by committee instead of needing at once to the request of the senate for a conference. There was a pronounced disposition on the part of both the republicans and democrats to hasten the action in congress as much as possible. There was a strong individual belief that the date fixed by the senate for the bill to become a law as October 1st, was too early to admit of final action upon this bill.

It is said by some democratic members that the earnestness with which their party associates will lend themselves to the republicans' efforts to hasten the final disposition of the bill is conditional upon a program which is to be adopted by the republicans in the house for the remainder of the session and that if the passage of a bill threatening to interfere with the Ohio districts as established by the last restrictive bill is threatened or if an attempt was made to force through other pronounced party measures a resort will be had to all parliamentary means to obstruct the tariff bill.

THE AUSTRALIAN SYSTEM.

Voters Disfranchised by Somebody's Error.

CHICAGO, Wyo., Sept. 12.—The first state election in Wyoming came off yesterday. The utmost enthusiasm was shown by both political parties. The Australian ballot system was introduced for the first time and with the registration system.

Until within a few days it was understood that the law contained a clause to the effect that when, through absence or illness, anybody failed to register they would be permitted to swear in their vote on election day. Although a clause to this effect passed both houses of the last legislature, by some reason it fails to appear in the enrolled copy of the law and the printed copy.

This omission disfranchised a very large number of voters. In 1888 the total vote cast was 18,008. Carey, republican, for delegate, in congress, received a majority of 2,292. At this hour the republicans claim the state by 1,500, while the democrats claim it by from 800 to 1,500. This is on the governorship. The belief is that the republicans stand a better chance of securing the legislative ticket than the governor.

QUAY AND RANDALL.

The Former Cares Only for the Reputation of Others.

WASHINGTON, Sept. 12.—In the senate to-day Senator Ingalls presented a petition from citizens of Missouri asking for the passage of the compound land bill.

At the suggestion of Senator Edmunds it was agreed that one hour be given each day (after the routine morning business) to the bills on the calendar. Unobjectioned.

Senator Quay gave notice that to-morrow after the reading of the journal he would ask the senate to consider resolutions in respect to the memory of Samuel J. Randall.

The bill to authorize the construction of a bridge across the Mississippi river at Winona, Minn., was taken from the calendar and passed (with a verbal amendment).

The calendar was then taken up.

TROOPS ORDERED OUT.

Serious Uprising in a Swiss Canton.

BERNE, September 12.—Revolutionists in the canton of Ticino have formed a provisional government and convoked a popular assembly which declared the existing government and grand council dissolved and ordered general elections for next Sunday.

The insurgents hold Sugano, Mendrisio, Chiasso and Locarno. The Bundesrath was called in extra session and ordered federal troops to be sent to the scene of the disorders.

The populace support the insurgents and the civil guard occupies the telegraph offices, thus preventing the supporters of the cantonal government from communicating by telegraph with each other or with the national government.

The revolutionists arrested, councillor O'Reilly, the federal commissioner, who received instructions to annul the decision of the provisional government and vote for a popular assembly.

"Widow Harrison" Sentenced.

BIRMINGHAM, Ala., Sept. 12.—The "widow Harrison," who worked the pension racket with such success some time since, pleaded guilty in the United States court here and was sentenced to two years imprisonment in each cell. There are about fifty cases of a similar nature pending against him and it is probable he will be sentenced in each. He worked the pension department for about \$10,000 in all.

HELPS FOR N. S. TEACHERS.

Greatly Benefitted by Books Noted Herewith.

Those who have made use of the books kept in the V. M. C. A. reading room for the benefit of Sunday school teachers express themselves greatly benefited by the additional light thrown on the lesson. It is to be hoped that the number of teachers using them will increase as their advantages become better known. The following is a synopsis of what may be found on the lesson for Sunday, September 14th:

HENDERSONVILLE LIFE.

The Summer Boarders—Apple Crop—Politics—College.

HENDERSONVILLE, Sept. 11.—[Special.]—Our town is lively with movers. Families which have sojourned with us during the summer are going home by every train for the south. But some will wait for frost, and some will take up permanent residence.

Our depot is lively all the time with wagons and carts loaded with apples and cabbage, each waiting its turn to fill a freight car. The apple crop turned out better than was anticipated and cabbages are fine. A great many potatoes have already been shipped from this point.

The lively stables have done an excellent business. There were more visitors here, to stay all summer, than ever before.

Our republican friends' motion for the house of representatives, state legislature, is Rev. J. W. Anderson.

Judson College will open the session of 1890-91 on Monday Sept. 15. The outlook is very fine.

MR. CRAWFORD'S CAMPAIGN.

The Probabilities for a Joint Debate Remote.

Hon. W. T. Crawford some time ago wrote Mr. Ewart to make appointments for a joint canvass. He has intimated that he is willing provided Mr. Crawford allows him to make the appointments, which Mr. Crawford will of course not do.

Mr. Crawford speaks at Jackson to-day and Saturday and he will speak in Swain Monday. Mr. Crawford has invited Mr. Patterson of the appointments and proposes to divide time with any one he may send.

Mr. Ewart thinks that he will be able to enter the campaign by the 20th, inst.

HOW ABOUT THIS?

No Money in the City Treasury to Make New Connections.

In regard to the way the people are obeying the orders to connect with the sewers, Sanitary Inspector Weaver said: "A great many people are making sewer connections, and a large number are not. The way we intended to do was for the city to put sewers in at those places where the residents refused to do so, and charge it up in the taxes. That would have answered all purposes but we can't do it. The city has no money in the treasury and the plumbers have all they want to do for cash, and so they refuse to put in the sewers and wait sixty or ninety days for this year. As soon as the taxes for the year come in we may be able to go ahead with the work, but there will be so many other things to draw on the tax money, that I am afraid it will be slow work. If matters go right we may be able to have connections completed by spring."

THE CHILD CRIED.

A Touching Scene in Court at Goldsboro.

Matters were in rather a listless condition in Goldsboro's court the other morning—as they usually are. The judge called for No. 19 and two forlorn children, a girl aged 15, and a boy several years smaller—can't tell about the ages—were brought in by the sheriff, charged with stealing eleven ears of corn. The judge seemed astonished and looked at the solicitor. The solicitor looked at the judge. The lawyers looked at the prisoners. Nobody seemed to know just what to do, except the prisoners who did nothing.

The solicitor said something about the children's mother and the turnkey put his head out of the window and called her three times. She didn't answer. Probably she didn't hear as she was in Fayetteville. The girl was then asked a few questions by his honor. She began bravely but soon burst into tears to the no little dismay of the court.

The judge looked at the solicitor and said he didn't want to try the case. The solicitor looked at the judge and said he didn't either. The judge thought it would be a good idea to send the children to their mother. The solicitor thought so too, and offered to give a quarter toward buying the tickets. The judge plunked down a dollar for the same cause and called upon the gentleman for a collection.

Sheriff Grant passed the hat, and got a good many pieces of silver. He then took the bewildered but happy prisoners to the depot and put them on the noon train.

The prisoners are the Simpson children who escaped from jail some time since and were overtaken at Smithfield. They were then on their way to Fayetteville. —Goldsboro Dispatch.

GOES TO KANSAS CITY.

NASHVILLE, Sept. 12.—Rev. John J. Tigert, D. D., dean of the theological faculty of Vanderbilt University, has resigned that position. Dr. Tigert has been selected as pastor of the Methodist church in Kansas City, Mo., the pulpit of which was formerly occupied by Rev. S. A. Steel.

AN UNDIVIDED FORCE.

THE DEMOCRACY OF SOUTH CAROLINA.

The Platform as Adopted by the Convention Given Herewith Nearly in Full—The Complete Ticket.

CHARLESTON, S. C., Sept. 12.—Speaking of the result of the democratic state convention in Columbia, the News and Courier says:

"Only those who are familiar with the inside story of the recent campaign are aware of the constant exercise of patience and vigilance that were necessary to avoid an open and permanent division of the party. But choosing to submit to wrong rather than to risk injury to the state, the democracy of South Carolina presents an undivided front. There is no appeal from the action of the democratic convention yesterday. Capt. Tillman is the duly accredited standard-bearer of the party and he will be the next governor of South Carolina."

The democratic state ticket complete: Governor—E. R. Tillman. Lieutenant-governor—E. B. Mary. Secretary of state—J. E. Tindall. Attorney-general—H. H. Pope. Treasurer—W. T. C. Bates. Superintendent of education—W. D. Myrick. Comptroller-general—W. H. Ellerbee. Adjutant and inspector-general—Wm. H. L. Farley.

The platform is as follows:

"The democratic party of South Carolina in convention assembled hereby reaffirms the platform of principles of the national and state democratic party, particularly favoring free and unlimited coinage of silver, free trade and currency, and repeal of the internal revenue tariff.

"We denounce the McKinley tariff bill as unjust to the producers of raw material and consumers of the country, and especially do we condemn the unnecessary and burdensome tax on cotton ties and tin commodities so largely used by the poorer portion of our people.

"We denounce the Lodge force bill as iniquitous, emanating from minds whose notorious purpose is to establish supremacy of ignorance over intelligence in the southern states, thereby engendering race antagonism and sectional animosity.

"We condemn the action of Speaker Reed and his followers as tyrannical and a flagrant degradation of position intended only for the true patriot and statesman.

"We demand the abolition of national banks and that legal tender treasury notes be issued in lieu of national bank notes in sufficient volume to put the business of the country on a cash system, and all money issued by the government shall be legal tender in payment of all debts both public and private.

"We demand that congress pass such laws as shall effectually prevent the dealing in futures of all agricultural productions.

"We demand that congress shall provide for the taxation of incomes of individuals and the surplus of corporations, thereby equalizing the burdens upon the poorer classes.

"We demand that our state legislature shall abolish the board of agriculture; that the privilege tax on fertilizers and everything pertaining to agriculture, or mechanics, or industrial education, including agricultural stations, be placed in charge of the trustees of the Clemson agricultural college.

"We demand that the school districts in the various counties of the state shall be, as nearly as practicable, square and of an area sufficient to allow one white man and one colored free school separate and distinct in each district, and that the school trustees be elected by the people.

"We demand rigid economy in public expenditures, the abolition of useless offices, a reduction of salaries and fees of all officers, state and county, to conform to the increased purchasing power of money and decreased ability of the people to pay taxes.

"We demand that a constitutional convention be called to give us an organic law, framed by our own people.

"We condemn any attempt, either by word, deed or unholy alliance with the enemy, to disrupt the democratic party of this state. While supremacy is the bulwark of our civilization, and can only be secured by democratic unity."

A Canada Town in Danger.

ST. MARIE, Mich., Sept. 12.—Fire started in Olmstead & Lotlings store at St. Marie, Ont., just across the river from here, at 11 o'clock last night and spread so rapidly that the entire city is still in danger of destruction. The fire department is small and there are no water works and the firemen so far to-day are unable entirely to control the flames.

WASHINGTON'S POSTMASTER.

WASHINGTON, Sept. 12.—The president has nominated Henry Sherwood to be postmaster at Washington, D. C., vice Ross, appointed commissioner of the District of Columbia. Sherwood has for a long time been assistant postmaster.

ANTIMIGRAINE.

—THE—
NEVER FAILING CURE FOR HEADACHE.

TRADE MARK REGISTERED.

ABSOLUTELY SAFE, PERFECTLY SURE AND ALWAYS SPEEDY.

Cures Every Variety of Headache AND NOTHING ELSE.

ANTIMIGRAINE Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, HEADACHE. The immense favor which has greeted it from all quarters, proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it, will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as ANTIPYRINE, MORPHINE, CHLORAL AND COCAINE, since it does not contain an atom of injurious chemical, and can be taken by young and old without fear or serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after-effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.

DIRECTIONS FOR USE.

The dose for an adult is two teaspoonfuls in a wine glass of water. Dose for children in proportion, according to age. In either case the dose can be repeated every thirty minutes until a cure is effected. One dose will always drive away an attack of Headache, if taken when first feeling the premonitory symptoms; but if the attack is well on, and suffering is intense, the second or third dose may be required. Usually a greater number of doses is required to effect the first cure than is needed for any succeeding time thereafter, showing that the medicine is accumulative in its effects, tending toward an eventual permanent cure.
